

Plane Rushes Food To Ice-Bound Islanders

COL. ALBANUS PHILLIPS
Cambridge Food Packer, who dispatched a plane to Smith and Tangier Islands to get first-hand information about the condition of the villagers.

Dropping messages from the skies inviting them to "wave white flags if they needed food" or "wave dark flags if they needed medical attention," an airplane of the Phillips Packing Company, Cambridge, Maryland, made the first contact with 1400 ice-bound villagers on Smith and Tangier Islands, in the Lower Chesapeake Bay, after eight days of complete isolation as victims of the most severe freeze in recent years. Theodore Phillips, vice-president of the company, helping Pilot C. H. Rickards load food supplies for marooned communities.

Week Varies From 3 to 8 Days Throughout the World

The length of a week varies in different parts of the world from three to eight days. The seven-day week is, of course, the most widely employed.

But the five-day week is not unpopular as it is used today in both China and Russia, whose combined population of 640,000,000 represents nearly one-third of all the people in the world.—Collier's.

Knitting Fad in Prehistoric Arctic Circle Settlement

Prehistoric knitting needles, five-tooth combs and spoons of mammoth bone have been found in an ancient settlement near Obdorsk, northern Siberia, by an expedition sent out by the Institute of Anthropology and Ethnography of the Academy of Science of the U. S. S. R. It has excavated 12,000 articles of pottery and bone, some of which are unique.

Besides knitting needles, combs and spoons, they include miniature hoes for tilling fields, pieces of melting pots for metal, and bones of animals and birds which no longer inhabit the Yamal peninsula on which Obdorsk stands. The numerous remains found shows that the peninsula, which is within the Arctic circle, was one densely populated.

Now You See It, Now You Don't; and Then Chief Does

A San Francisco lunch stand proprietor counted his money—\$10 short. He counted it again—O. K. He repeated the process and called Police Captain Thomas B. Foster.

"You count it," he said. "I'm going crazy."

Foster counted the money—O. K. He counted it again—\$19 short. Then he found a bill, \$20 on one side, \$1 on the other.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package; ten cents for the trial package. (Adv.)

THE best New Year's resolution you can make is to put your car, truck, tractor, and all your farm vehicles on Firestone Ground Grip Tires.

These remarkable tires make their own road — wherever they go. That is why they will take your car or truck through mud, snow, or over unimproved roads — and you will not need chains.

On tractors and farm implements, Ground Grip Tires enable you to do more work in less time at a considerable saving in fuel. The great flexibility of the Gum-Dipped cord body cushions the shocks of rough going and protects costly equipment against vibration and breakage. They make equipment roll easier, reducing draft more than 50%.

No farmer can afford to be without Ground Grip Tires. See your nearby Firestone Auto Supply and Service Store or Firestone Tire Dealer today and resolve to end your traction troubles with Ground Grip Tires.
