Household Questions

Drain all juices from fruits or vegetables used for salads before arranging them on the plates. Placing the food in a colander for five minutes is a good idea as then all juices will drain out quickly.

Custards may be cooked on the top of the stove when the oven is in use, and they are just as good as custards cooked in the oven. Put the dish into a kettle of water and keep the water boiling until the custard is set.

To wash black cloth garments, add a tablespoonful of vinegar to every gallon of water; wash in hot but not boiling water with soap. If very dirty use turpentine instead of vinegar, rinse thoroughly, put into strong blue water, leave for six hours, then dry without fire or sun.

Do not wash art muslin curtains in warm water. Make a lather with hot water and when it is nearly cold wash the curtains. If the muslin is green add a little vinegar to the water in which they are washed; if lilac or pink add a little ammonia.

Place a glass pie plate over the top of the kettle when making a stew. The stew may then be watched while cooking without lifting the cover or allowing steam to escape.

Mesh Rash Gave Young Lady an Alarm

Some of these modern sports clothes have startling effects on others than those who have to look at them.

Take the case of the girl who looked in the mirror as she was undressing the other day, let out a terrifying shriek and started for the telephone to get a doctor. She thought she'd broken out in some horrible rash and was coming down with something strange and deadly.

Then she remembered she'd been playing tennis that afternoon in a mesh polo shirt—and had sunburned with a lace-work effect.—Washington Star.

Our Pet Peeve—

Comatose Courtship

Bier—The Weavers are so quiet tonight. Is there anything wrong?" Gardiner—No; they're always that way. When he proposed he just held up a diamond ring and said "Eh?" and she looked at it and said "Uh-huh." —Pathfinder Magazine.

Vacation Romance?

Youth—Now, on this ring I should like you to engrave: "For my darling Muriel." Jeweler—Would it not be better to have simply: "For my darling?" You see, sir, it will be at least a week before we can let you have the ring.—Hummel.

Mutual Concessions

"You dare to ask for the hand of my daughter and a few years ago you were ball boy at our tennis club?" "Yes, sir, I said to myself, 'He may be a poor tennis player but that does not prevent his being a good father-in-law.'"

REST HOUR

Iron the Easy Way
with the GENUINE INSTANT LIGHTING
Coleman
SELF-HEATING IRON
The Coleman is a genuine instant lighting iron. All you have to do is turn a valve, strike a match and it lights instantly. You don't have to insert the match inside the iron—no burned fingers. The Coleman heats in a jiffy; is quickly ready for use. Entire ironing surface is heated with point the hottest. Maintains its heat even for the fast worker. Entirely self-heating. Operates for 1/2 an hour. You do your ironing with less effort, in one-third less time. Be sure your next iron is the genuine Instant-Lighting Coleman. It's the iron every woman wants. It's a wonderful time and labor saver—nothing like it. The Coleman is the easy way to iron.
