

NEW DEAL IN MARYLAND

Survey Shows Outlay Of \$185.30 Per Capita In State

New Deal outlays in Maryland had reached as of June 30, last, a total of \$303,034,453, which is equivalent to \$185.30 for every man, woman and child in the State, according to a survey made and based entirely on official figures.

Those figures showed a total of \$159,456,930 in loans made to individual Marylanders and Maryland institutions between March 4, 1933, and June 30, 1936. On the basis of Maryland's 1,635,000 population, this loan figure represented a per capita outlay of \$97.50.

Loans insured in Maryland by the FHA brought this loan total up to \$169,171,911, or \$103.40 per capita. Direct and non-repayable grants from the Federal Government to Maryland under the New Deal, according to official figures, amounted to \$133,862,632, or \$81.90 per capita. Added to the loans total, these brought the New Deal's total Maryland outlay to \$303,034,453.

All the figures quoted are for the period from March 4, 1933, to June 30, 1936.

In that period the survey of official records showed \$3,413,535 poured into Maryland in the form of AAA benefit payments; \$2,901 in Resettlement Administration allotments; \$8,805,411 in CWA grants; \$35,667,069 in FERA grants; \$14,253,482 for CCC projects; \$11,237,944 in Federal aid for road construction under the Bureau of Public Roads; \$706,751, in social security payments; \$35,069,977 for PWA projects, and \$24,705,562 for WPA projects.

CECIL COUNTY LEAGUE

RISING SUN DROPS LAST GAME

Rising Sun Hustlers dropped the last scheduled game of the second-half in the Cecil County League to Leslie by a score of 7 to 5, on the Leslie diamond. Catchers, hurling for the Hustlers, limited the hard-hitting Leslie club to seven scattered hits, and would have shared a better fate had he received any support from his team mates, who committed eight errors during the game, being responsible for four of Leslie's seven markers. R. Leveredge went all the way on the mound for the Leslie team. Although the Sun boys collected thirteen bingles off his offerings, he was only in serious trouble once, this was in the first half of the ninth when three Hustler tallies crossed the home plate.

The only Sun threat came in the ninth frame. The score standing 7-5, in Leslie's favor, with two away, Little singled; Smith singled, advancing Little to third, who went home on an error; D. Rawlings singled, M. Rawlings stroited, filling the bases; Smith scored on a wild pitch; J. Emrey took base when Gray, Leslie second baseman, fumbled a hard grounder, D. Rawlings scoring; Benjamin walked, again loading the bases; Catchers fanned to end the frame.

Benjamin, Hustler catcher, led both teams with the stick, collecting two hits for three trips to the plate; he was paced by J. Emrey who had 3-for-5.

BI-STATE LEAGUE

Perryville took the second game on Saturday, in the Bi-State post season series, from Newark, by a 7-5 score. In this game Harry Walters, an enthusiastic Perryville fan, offered prizes of \$15, \$10 and \$5, to the players making the best showing. The first prize was awarded Joseph Cooney, who made a three-base hit, a single and drew a base on balls in three trips to the plate. Marvin Lucas was given second prize and Roscoe Ryan third. The judges were disinterested parties: Vic Willis, ex-leaguer of Newark; Alonzo Brown, Oxford; Austin Cloak and Larry Preston, Havre de Grace.

The third game, played Sunday, at Oxford, was a heart-breaker for the Perryville followers, whose team had the game on ice, apparently, by a 2-0 score, going into the last half of the ninth inning. Fireworks then developed. Pitcher Aiken, of Fordham College, on the mound for Perryville, developed wildness, walking three on base on balls. With the bases loaded a three-base drive did the rest, giving Newark a 3-2 victory. Up to the ninth Aiken had pitched air-tight ball.

The series standing is Perryville two games won, Newark one. The fourth game will be played at Oxford on Sunday, Sept. 20, and should a fifth game be necessary it will be played September 26.

Gate receipts from Saturday's game were \$142.00 and from the game on Sunday \$233.00.

You can hardly get people to believe good news when it is a mathematical certainty but bad news needs no telegraph wires.

This will give a total enrollment of at least two hundred. All available graduates of the three and four year classes in June, 1936, with one exception, have already been employed as teachers.
