

RIISING SUN HIGH SCHOOL

Magazine Campaign

On Monday, October 4, the appearance of Mr. Cole in a student assembly announced the beginning of the magazine campaign, an annual money-making venture of undoubted educational value to the students taking part.

A contest was run between the four classes, the winner, on the percentage of subscriptions according to the size of class, was to get an ice cream party.

The final results were as follows: Freshmen, 36 subscriptions; Sophomores, 55 subscriptions; Juniors, 40 subscriptions; Seniors, 26 subscriptions.

Hats off to the Sophomores! The smallest class in school, they not only got the highest percentage, but the largest number of subscriptions as well.

Sports

On Friday, October 8th, at Kenmore, Rising Sun's fieldball and soccer teams fought out their second games of the season. The girls fieldball team lost a hard-fought game, 10 to 6, while the boys played to a scoreless tie.

Both of the Sun teams kept the ball in action, and in Kenmore's territory most of the time. But neither team seemed able to add up the necessary scores, both of them miffing several opportunities. The coaches are trying to develop an effective scoring punch.

The girls loss gave them a record of one victory (against Perryville) and one defeat. Out of their two attempts, the boys lost the first and tied one.

Our boys and girls will have another chance this Friday, when they meet Calvert on their home grounds.

Attendance

During the month of September the attendance at Rising Sun High has been 96% perfect. This places us sixth among the schools of the county. However we are four points higher than we were during the same period last year.

Attendance is inclined to be low during September because many pupils, especially those living on farms, stay out to work. Now that we are settled down to school life we hope for more regular attendance. Lets make Rising Sun head the list!

NEW POEM BY REV. BAKER

In this issue of The Midland Journal will be found the poem "A Friendly Hand," by Rev. John Moses Baker, of Baltimore.

The great Chalmers said: "Live for something; do good and leave behind you a monument of virtue that the storms of time can never destroy. Write your name in kindness, love and mercy, (a friendly hand) on the hearts of thousands you come in contact with, year by year, and you will never be forgotten. Your name and good deeds will shine as the stars of heaven."

Fire Is Not The Only Enemy Of Property

There are other hazards that cause property owners everywhere serious financial losses every year. And, after all, a loss is a loss, no matter what the cause.

More and more home owners are taking advantage of the broad protection of the Supplemental Contract, a policy that is not sold separately but only as an addition to your fire insurance policy. It protects you against loss of or damage to your home or furnishings from windstorm, explosion, falling aircraft, hail, "wild" motor vehicles, riot and civil commotion. We'll be glad to tell you how surprisingly low the rates are. No obligation.
