Vatican Railroad

The Vatican State has the smallest railroad in the world. It is about 600 feet long and the rolling stock consists of a locomotive and three cars. Small as the line is, it is probably unsurpassed anywhere for magnificence in appointments. There is a throneroom coach, a chapel coach and the pope's private dining and sleeping car, laid out in gold and mother-of-pearl.

There are 300 feet of tunnel under the Vatican hill and the line runs from behind St. Peter's Basilica to the frontier of the little state.

PINKHAM'S VEGETABLE COMPOUND?

FEEL WEAK, TIRED?

Hagerstown, Md.—Peter P. Ragland, 427 Mechanic St., says: "I could hardly walk, much less do any work. I scarcely ate anything and lost many pounds. I used Dr. Pierce's Golden Medical Discovery and it put me back on my feet. It gave me fine appetite and I gained weight and strength and was then able to work." Buy it from your druggist today.

Mind's Portrait The countenance is the portrait of the mind, the eyes are its informers.—Cicero.
