I hope you will be arivd long before this gets to hand, which I need not assure you will give Us great pleasure to hear. We returnd from Devonsh.r last Sunday where you know I was subpoenad as an Evidence, I took Sr Sister with me whilst we were out went to Exmouth & Plymouth, which are well worth seeing. We were just a fortnight gone, The cause went in favor of y.e Person for whom I was an Evidence: At Exeter We saw Jekyll & Jemmy Coutts, where y.e latter is quarterd, pray let his Friends know He was well if they write him via Bristol. I will forward their Lr. —

There has been but little alteration since you left us, only y.e weather has turn'd out fine for y.e Harvest & I think will be a better Crop than expected, Tho.s Wm. Watson is still of opinion, if You make y.e purchase abt. or about our limitts We shall make Money by it, but I think if You have not already made a purchase on y.e Smy Rd. besides that I have acquainted with Wm & Watson, You may as well let it alone, Tho.s Dalio
