SIDE ONE

Philad June 28th 1860

My dear Wife Jeanette I know by your last
dearly written dear children Charlie & Hannah
in their bereavement. Their dear little infant
died last night at Atlantic Cty. They returned this
morning as soon as calm as we could expect
them to be. It is a sore trial to them. But we
know what is to be effected, and that the
Lord chastens His children. Harry little
fellow seemed just to melt down. Lost his
appetite & power of relaining food, and
fast away. I advise that the dear
children start to go to Mr & Mrs Tyson at
once & probably they may pass you
Jan on [illegible] to know that your
little ones start to-day. Scarlet fever
Yellow Blue mass & magnesia
