1872 August

had been looking
forward with so much
pleasure to the hope
of seeing your party
on the return journey.
that it is extremely
disappointing to find
we shall not meet.
My Daughter intended
to write to you - to mention
our absence, and let
me assure you, and
dear Mrs Morris,
that if you can spare
the time, our Children
will be delighted to
welcome you. They
have learnt to love
the name of Morris,
and to share our
interest in every thing
connected with it.
The recollections of
your visit to Kendal
are as but of yesterday
