Baltimore Prices Current.

[Corrected weekly for the Star.]

BY JOS. S. ROBSON & CO.

Commission Merchant, No. 4 Bowley's Wharf, Baltimore.

BALTIMORE, May 19, 1855.

GRAIN.—There has been a large supply of Grain at market this week, the receipts of all descriptions reaching about 186,000 bushels. The market through the greater part of the week has been buoyant, and for both Wheat and Corn prices have ruled at high figures.—The receipts of Corn in particular have been heavy amounting to about 130,000 bushels. The supply of Wheat has also been large for the season, some 20,000 bushels having been at market. For a day or two past prices have been dull and drooping, and the market closes at a decline from the highest point of the week of 5 to 10 cts. in Wheat and of 2 to 4 cents in Corn.

WHEAT.—When we closed our review last week, sales of White were making at 2 65a$2 75 Red do. 2 68a$2 70. On Friday we quote for White $2 62a2 73 and 2 50a$2 68 for Red; the latter very choice.

CORN.—There continues an active demand for Corn, with comparatively moderate receipts. There were 20,000 bushels offered to-day, and mostly sold at $1 04a106 for white, yellow do. $1 05a1 06, mixed 1 03 a$1 04.

RYE.—The supply and receipts have been light; there is a steady demand. We note sales of 800 to 1,000 bushels early in the week at $1 45 for Maryland and $1 50 for Pennsylvania

OATS.—There continues a steady demand; supply and receipts moderate. There were 25,000 bushels offered during the week and mostly sold at 60a68 cts. for Md. and Virginia.

SEEDS—Clover, new, at $6 50a$6 75; Timothy 3 50a$3 75; Flaxseed $1 70 per bushel.

PEAS—Moderate demand. Sales of black-eyed at 95 cents a $1 12 per bushel, and $2,-87½ per bag of two bushels.

GUANO.—There is an active demand, and sales are making freely. We quote Peruvian from the Agency at $50 per long ton, with a discount according to the amount purchased.—Sales from store by the dealers at $51 per long ton—no Patigonian in market. Sales of African at $30 per gross ton; Mexican A A 27a$28; do. A 24a$26, and B do. 18 a $20 per ton.—There is a very active inquiry for Mexican, and it is much wanted.

POTATOES—The supply has increased and prices have given way. Considerable quantities have been shipped here from the North to merchants who sell them directly to consumers. We now quote common white, choice qualities, at $1 00 Nova Scotia $120a1 30.

PLASTER—There is a full supply and considerable transactions. We note sales in the week of about 500 tons in all at $2 75a2 87½ per ton mostly at the lowest figures.

BACON—There continues a steady demand for Bacon. The market to-day is steady. Sales of 50 hhds., Sides at 9 cents, and 40 do. Shoulders at 8a8¼ cents; Hams 11½a12 cts.

WOOD—There is a full supply on the wharves, and prices have declined. We now quote Pine at 4a$4 25, Oak 4 37a$5; Hickory 5 25a $5,-87 per cord.

WOOL—There is a fair supply and receipts. We quote common unwashed at 17a19 cents, tub washed 25a28 cents, pulled 18a24 cents; fleece, common, 24a27 cents; finer qualities do. 30 to 42 cents.

LOCAL ITEMS.

COURT.—The Circuit Court for this county commenced its session yesterday; present Hon. Judge Hopper and James Ll. Martin, Esq., State's Attorney.

GREEN PEAS.—We have been shown some green peas raised by Mr. Charles Robinson of this place sufficiently matured for use. We suppose he is luxuriating on them to-day. They are the forwardest we have heard of in the county.

I. O. O. F.—We have been requested to state that the Ladies of Easton will hold a *Strawberry Festival* over the Drug store of Messrs Dawson & Bro. on Tuesday next, for the benefit Millers Lodge I. O. O. F. Contributions of Strawberries from any one who may have them ripe by that time will be very acceptable to the ladies. We trust that all who may have them will contribute some. In the meantime, we hope the community generally will second the efforts of the ladies to make the Feast remunerative.

IMPROVEMENTS IN THE CHAPEL.—It is with great satisfaction that we note the public spirit and steady progress that has lately characterized the Chapel District of this county, and which continues to animate it. Several new public roads have recently been built there, and applications are about to be made to the Commissioners for several more. A new M. E. Church was lately built at Lewistown, and another is under contract to be built on the site of the old one at the Chapel. The Episcopal Church was lately repaired, and the District is well provided with public schools. The farmers there are purchasing guano and lime for their land, and no part of the county is making more decided efforts to improve the soil with local manures. The price of land there has been gradually advancing for some time past, and in a few years the old Chapel will vie with the best District of the county in general prosperity. No part of the county has a better natural soil than most of the Chapel District. The Maryland and Delaware Rail Road, when it is built, will afford all the necessary facilities for obtaining lime and other manures from abroad, to make this district rich in all the material resources of an agricultural section.

DEATHS.

Hemsley's Worm Destroying Syrup.

PRICE 25 CENTS.
PREPARED ONLY BY
Levin H. Campbell,
Druggist, Easton, Maryland.

When we consider the great number of children who die annually in our country, by Worms, it becomes important that the public should be in possession of some medicine for their removal, which will combine safety and efficiency in its employment. This desideratum is afforded by the "WORM DESTROYING SYRUP." It is not our wish, nor is it our design to throw around this preparation, the unmeaning and extravagant eulogiums with which such medicines are usually ushered into notice: we only desire for it a fair and judicious trial, to secure it full approbation. The large and increasing sale of this article, is the best proof of the value and estimation in which it is held by the public. The presence of worms may generally, with readiness, be detected by the following SYMPTOMS.

Variable appetite—foul tongue—fetid breath—full, hard and tense belly—dull, heavy expression of the countenance—a bluish streak under the eye—itching at the nose—puffness of the upper lip—disordered and irregular bowels—starting and screaming in sleep—grinding of teeth—pain in the bowels, and frequently drowsiness or convulsions, attended by slow fever.

WISHING to remove from the county, I propose to sell my farm "CANTON" situated in and adjoining the town of St. Michaels, Talbot Co. Md. The farm, by survey contains **216 Acres,** sixty of which are timbered and the balance in cultivation. The wood land contains much valuable ship timber, a market for which is at hand in the adjoining town, and the arable land has been as productive as any in the district, and is very susceptible of improvement. The farm is compact, and comprises no waste land,

The improvements are a good brick dwelling, stone stable, new granary, barn, corn house, and all the necessary buildings; all of which are substantial and in good repair. There are upon the place young and old orchards of all kinds of choice fruit.

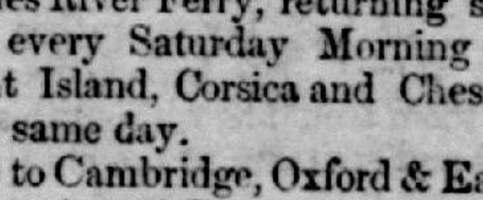

The location is remarkable for its beauty and perfect healthfulness, being immediately upon bold salt water, and is very desirable for its proximity to schools, churches, post office, and steamboat landings, and for its excellent neighborhood.

To an immediate purchaser the farm will be sold very low, and the terms made entirely satisfactory. Apply to

STARTLING BUT TRUE.

What Every Woman Should Know.

HOW often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health.

The Blooming Bride, but a few years ago in the flush of health and youth, and bouyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical anp mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often hereditary complaints upon the children "unto the third and fourth generation," transmitting Consumption, Scrofula, Hypochondria, Insanity, Gout, King's Evil, and other and worse diseases; as a Dreadful Inheritance from the parents.

"And must this continue? Must this be?—Is there no remedy? No relief? No hope?

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefitting by them.

These are pointed out in *Married Woman's Private Medical Companion,* by Dr. A. M. Mauricea, Professor of Diseases of Women; One Hundredth Edition, (500,000) 18mo. pp. 258. on fine paper, extra binding, $1.00.

A standard work of established reputation found classed in the catalogues of the great trade sales in New York, Philadelphia and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time five hundred thousand copies have been sold, of which there were upwards of one hundred thousand sent by mail, attesting the high estimation in which it is held as a reliable popular Medical Book for every Female the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature; character, cause of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health. in respect to to which her sensitiveness forbids consulting a medical gentleman, will find such Instruction and advice. and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from *prolapsus uteri* (falling of the womb,) or from *fluor albus* (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and your as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore, to caution the public to buy no book unless the words 'Dr. A. M. MAURICEAU, 129 Liberty street, N. Y.," is on (and the entry in the Clerk's Office on the back of) the title page; and buy only of respectable and honorable dealers, or send by mail, and address to Dr. A. M. Mauriceau.

☞ Upon receipt of One Dollar "The Married Woman's Private Medical Companion" is sent (mailed free) to any part of the United States, the Canadas and British Provinces.—All letters must be post-paid, and addressed to Dr. A.
