Extraordinary Premiums

To Agents for procuring Subscribers for TICKETS AT $1 EACH, *IN PERHAM'S GREAT* $100,000 Gift Enterprise! *The distribution of the Gifts being definitely fixed for July 5, 1855.*

Any person sending $10 may deduct 10 per cent, or will receive 11 tickets.

Each person sending $100 before the 5th of July, will, in addition to commissions, be presented with a Mammoth Gold Pen and Case, valued at $10.

Each person sending $200 before the 5th of July, will, in addition to his commissions, be presented with a Silver Watch, valued at $25.

Each person sending $300 before the 5th of July, will, in addition to commissions, be presented with a Gold Watch, valued at $50.

Each person sending $500 before the 5th of July, will, in addition to commissions, be presented with a Gold Watch, valued at $100.

The person who shall send, before the 5th of July, the largest amount above $500, will, in addition to commissions, be presented with a Piano, valued at $200.

I have been induced to make the above liberal offers in order to remove a settled objection in the minds of your committee, to having the distribution take place while there remain in my hands tickets unsold, and for which cause they see fit to defer the partition of the gifts, which was fixed for the 27th inst., to the 5th of July, as will be seen by reference to the proceedings published below. I assure you that the postponement is as vexatious to me as it is to those who have purchased tickets. I therefore hope that each and every one now interested, will co-operate with me in the effort to dispose of the few thousand tickets remaining unsold, and thus advance the interests of the whole body of shareholders. Respectfully, yours,

J. PERHAM.

TO THE PATRONS OF PERHAM'S *Third Gift Enterprise.*

At a meeting of the Committee of Shareholders of Perham's Gift Enterprise, held at the Academy Hall, Broadway, on Wednesday evening, April 18th, 1855, the following preamble and resolutions were adopted and ordered to be published:

Whereas, in view of the fact that several enterprises have been started and carried on with a seeming positive purpose therein; and such fraudulent proceedings have exerted an injurious influence in the sale of tickets in the enterprise of Mr. Perham; and whereas, it is deemed essential that all the tickets should be disposed of before the distribution takes place, be it therefore

Resolved, That in order to allow time for that purpose, the distribution be postponed until the 5th of July, at such place as may hereafter be determined on.

Resolved, That the committee have undiminished confidence in the integrity of Mr. Perham, and in his disposition to conform to all his published promises to his patrons.

ROBERT BEATTY, Jr., Chairman.

THE GREAT
KENTUCKY REMEDY!

DR. JOHN BULL'S
SARSAPARILLA.

This medicine, when used according to directions will cure, without fail:—
Scrofula,
or King's Evil,
Cancers, Eruptions
of the Skin, Erysipelas,
Tumors, Chronic Sore Eyes,
Ringworm or Tetters, Scald Head,
Rheumatism, Pains in the Bones or
Joints, Old Sores and Ulcers, Swelling of
the Glands, Syphilis, Dyspepsia, Salt Rheum,
Diseases of the Kidneys, Diseases arising from the
use of Mercury, Loss of Appetite, Pain in the Side and
Shoulders, General Debility, Lumbago, Coughs, Colds,
Dropsy, Jaundice, Costiveness, Bronchitis, Weakness of the
Chest, Sore Throat, Pulmonary Affections, and all other
Diseases tending to produce Consumption, Liver Complaints, Female Irregularities and Complaints, Low
Spirits, Sick and Nervous Headache, Night
Sweats, Exposures, or Imprudence in Life,
Chronic Constitutional Diseases, and as a
Spring and Summer Drink, and General
Tonic for the System, and a gentle
and pleasant purgative, it is
superior to Blue Lick
and Congress Water,
Salts, or Seidlitz
Powders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemned it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree, there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live:

TESTIMONY.

☞ Testimony like the following renders superfluous all comments on the efficacy of Bull's Sarsaparilla. From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. L. P. YANDELL, M. D.
Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 20, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla now in use.

M. PYLES, M. D.,
Resident Physician Louisville Marine Hospital.

LOUDON, KY., April 25th, 1850.

SIR—Permit me to address to you a few lines, and do me the honor to reply to a request that I will make in the conclusion of this letter, etc.

I am a graduate of Transylvania Medical University; I have practiced medicine in this wilderness country, about five years, but owing to exposure to bitter cold weather, I have been indisposed with Acute Rheumatism about six months. After having exhausted my skill in the treatment of my case, and deriving no benefit, I was induced to give your FLUID EXTRACT OF SARSAPARILLA a fair trial, and accordingly purchased a bottle of your medicine from your agent, Mr. George P. Brown, about two weeks ago, and I must confess that one bottle has entirely cured me.

It is my opinion, that your preparation of Sarsaparilla is decidedly superior to any other preparation now in use, and I will take great pleasure in recommending it to the afflicted as being a remedial agent, and I will advise the physicians to use it in their practice, etc.

Respectfully yours, B. B. ALLEN, M. D.

LOUISVILLE, July 13th, 1849.

I have examined the list of articles that compose John Bull's Extract of Sarsaparilla, and I have no hesitation in saying that it is a safe and valuable compound. I would prefer it to any article now in use, for the diseases arising from an impure state of the blood or taint of the system. I confidently recommend it to my friends as being a powerful Extract, and one that I believe will cure all classes of diseases, for which it is recommended, if used according to directions. I believe it to be a valuable succedaneum to Mercury.—Nay, I have my doubts whether in the most violent and protracted cases of Syphilis, accompanied with Nodes Trophe, in caries of the bones, whether it ought not to succeed every other remedy.

☞ Hear, what Dr. Stapp, a physician who stands at the top of his profession, says of John Bull's Sarsaparilla.

I have been using John Bull's Sarsaparilla, in a great variety of chronic diseases, with the most happy effects, and I have no hesitation in recommending it to the public for the cure of scrofula, syphilis, and all cutaneous and glandular diseases. Yours, most fervently,

Lewisport, Ky., April 6, 1849. WM. STAPP, M. D.

Rev. E. W. SEHON,—Rev. E. STEVENSON.

CONCLUSIVE.—Rev. E. W. Sehon is widely and generally known as an eloquent and accomplished pastor of the M. E. church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.

LOUISVILLE, May 20th, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

We earnestly invite all persons who are suffering with any of "the ills that flesh is heir to," to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal GRATIS; and for the sake of humanity, we hope that a single individual will not be found unwilling to give Bull's Sarsaparilla a TRIAL, after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures peformed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming

AN ANTIDOTE *FOR MALARIA.*
DR. SHALLENBERGER

CLAIMS to have discovered a medicine, which, when taken into the stomach, passes into the circulation, and by coming in contact with the cause of the disease, viz: Malaria, neutralizes or destroys it, and is, emphatically, an *antitsde to the poison*. The advantage in this treatment, therefore, is that a cure must be radical and complete, without the necessity of breaking down the system in one part to remove disease in another.

We wish it to be distinctly understood, that this medicine cures Fever and Ague *in all its forms*, by operating on the cause of it.

Let us glance at a few of the advantages of the new method.

1st. It has never failed in a single instancee

2d. It cures a case in less than one third the time required by any other known remedy.

3d. It accomplishes the work by destroying the cause of disease, which no other remedy pretends to do.

4th. The patient must imbibe a fresh portion of the malarious poison before the disease is again developed, which need never happen, as four pills taken every ten days during that period of the year in which the poison is generated, will effectually neutralize it in the system, and thus prevent its consequences.

5th. It contains no Arsenic or poisonous ingredients of any kind, it produces no unpleasant effects upon the system, and may be administered with perfect safety to an infant ten days old. Pamphlets can be had gratis at the Drug Store of

DR. HUNTER'S Medical Manual & Hand Book for the afflicted—Containing an outline of the origin, progress, treatment and cure of every form of disease contracted by promiscuous sexual intercourse, by self-abuse or by sexual excess, with advice for their prevention, written in a familiar style, avoiding all medical technicalities, and every thing that would offend the ear of decency; with an outline of complaints incident to Females, from the result of some twenty years' successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases, and a treatise on the causes symptoms and cure of the Fever and Ague.

Testimony of the Professor of Obstetrics in Penn. College, Philadelphia.—"Dr. Hunter's Medical Manual."—The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats is a graduate of one of the best Colleges in the U. States. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

JOS. S. LONGSHORE, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the author of the "Medical Manual." Numerous cases of Disease of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self abuse or Excess of venesy, I do not know his superior in the profession. I have been acquainted with the author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves.

ALFRED WOODWARD, M. D.

This is, without exception, the most comprehensive and intelligible work published on the class of diseasee of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his son. The author has devoted many years to the treatment of, and with too little breath to puff, and too little presumption to impose, he has offered to the world, at the mere nominal price of 22 cents the fruit of some twenty years' most successful practice."—*Herald.*

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—*People's Advocate.*

A Presbyterian clergyman in Ohio, writing of "Hunter's Medical Manual" says—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done to enlighten and influence the public mind as to check, and ultimately to remove this wide spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generation. Intemperance (or the use of intoxicating drinks,) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

Astonishing Cure of Store Legs, after Nine Years Standing.

Copy of a Letter from Mr. W. J. Langley of Huntsville, Yadkin County, North Caroline, U. S. dated November 1st, 1853.

READ HIS OWN WORDS.

TO PROFESSOR HOLLOWAY,—Sir. It is not my wish to become notorious, neither is this letter written for the mere sake of writing, but to say, that your Ointment cured me of the most dreadful cutaneous diseases that flesh is hear to, and which was considered by all who knew me, to be entirely beyond the reach of medicine. For nine years I was afflicted with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine I had ever heard of, I resigned all hope of being cured; but a friend brought me a couple of large pots of your Ointment, which caused the sores on my legs to heal, and I entirely regained my health to my agreeable surprise and delight and to the astonishment of my friends.

To Professor HOLLOWAY, 38, corner of Ann and Nassau sts. N. York.

Dear Sir—It is with heartfelt gratitude I have to inform yon that by the use of your Ointment and Pills, the life of my wife has been saved. We obtained your Medicines from Messrs. Wright & Co., of Charles st., New Orleans. I send this from 'Hotel des Princes' Paris, although I had written it at New Orleans, before we finally left, at that time not knowing your address at New York.

Purification of the Blood, and Liver and Billious Complaints.

The Citizens of the Union suffer much from disorders of the Liver and Stomach, scarcely any are free from the influence of these destructive maladies, hence life wears fast. The fair sex, perhaps the most handsome in the World, up to a certain period when, distressing to say, many loose their teeth and good looks, while yet in the heyday of life, such sad evils may be effectually remedied by continually keeping the blood pure, and the Liver and the Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenenial clime, where an eternal spring appears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected, and I say fearlessly, that health and life can be prolonged for many year beyond their ordinary limits, if Holloway's Pills are taken to purified the blood according to the rules laid down for health contained in the directions which accompany each box
