GONE TO HAVANA *FLORIDA, CHARLESTON, FOR HEALTH—BUT PERHAPS TO DIE!*

We hear this every day. Thousands take a pilgrimage to the end of the world, they will do anything that require sacrifice to obtain health, but if you tell them of a simple, pleasant remedy—if you point them to our best known citizens, ladies and gentlemen, who they know have been restored to health, they will turn away. They think some great physician must be consulted—some great journey undertaken at great expense, and often they die in pursuit of that they might have obtained by trying HAMPTON'S VEGETABLE TINCTURE.

Have you a cough settled on your lungs, a dry, hacking cough, the glassy eye, the hectic flush on the cheek, pain in the breast and side, night sweats, with all the fearful symptoms o Consumption? Or have you Asthma, already stifling you with dreadful anguish of suffocation; setting up through the long cold night, while the sweat runs from every pore from the nightly effort of respiration?

We say, don't delay, but try *H*ampton's Vegetable Tincture, the Great Restorator and Invigorator. It has shown itself most powerfully curative of Nervous Diseases in their various forms, giving new life and vigor, restoring the shattered constitution, and thus infusing hope in place of despondency. By its mild, pleasant and safe action on the Stomach, Liver, Kidneys, Lungs, and the Nervous System, it cures Dyspepsia, Liver Complaints, Diseases of the Unirary Organs, Coughs, Asthma, Bronchial Affections, Consumption, Scrofula, St. Vitus' Dance, King's Evil, Worms, Rheumatism, Neuralgia, Gout, Fits, Fistula, Piles, with diseases arising from impure blood.

The Female System has, in DR. HAMPTON'S VEGETABLE TINCTURE, a cure for its numerous complicated derangements,—Hundreds who have been debilitated and dispirited, and on the verge of a premature grave, have been restored by its use to blooming health, which we are abundantly able to prove by such a host of living witnesses as we think no other Medicine can produce.

Rev. John Lanahan, Pastor of th Exeter Street M. E. Church.—A strong desir to benefit the afflicted induces him thus to certify. We CHALLENGE any other medicine to present such a mass of testimony from gentlemen and ladies of high standing of our well-known citizens, who testify of cure of COUGH, BRONCHITIS, RHEUMATISM, DYSPEPSIA, &c.

Baltimore, January 24th, 1855.

Messrs. Mortimer & Mowbray:—I take pleasure in saying to you that I have used your '*Hampton's Tincture*' with great profit. From a serious throat affection, my general health had become very much impaired, when I commenced to use "Hampton's Tincture." I found its effects upon my general health most salutory. My nervous system and digestive organs soon righted up under its use.

I have several times recommended it to my friends and in every case, as far as I have been informed, they have used it with great succes s

Yours truly,
Joan Banahan. Pastor of the Exeter street M. E. Church, Baltimore.

BLEEDING OF THE LUNGS.
Raleigh, N. C., February 8, 1854.

Messrs. Mortimer & Mobray:—I do hereby cirtify, that about twelve months ago I was taken with a severe hemorhage of the Lungs and had four attacks of it. I was advised to Dr. Hampton's Vegetable Tincture. I procured one bottle, and, I was entirely well, and now I enjoy good health as ever I did in my life. I can, and do, without the least hesitation, recommend the TINCTURE to all persons afflicted in my way. Yours,
Geo. W. Weakly.

AWAKE THOU LETHARGIC ONE? WHY GOEST BOWED DOWN BY PHYSICAL DEBILITY? WOULD YE BE ALL VIGOROUS AS IN FORMER YEARS.

We offer the remedy and give you the proof of its great healing powers. We give you the names of Ministers of the Gospel—of our best known citizens—who testify that it cured them after all other remedies had failed. It is delightful to the taste and invigorating to the whole system, and only costing $1 for a bottle that will last nearly three weeks.

One of the best and most highly esteemed citizen speaks. Hear him:

Baltimore, March 14th, 1855.

Messrs. Mortimer & Mowbray:

Gentlemen—It will be out of my power to tell you in this certificate of all the good I have derived from the use of Dr. Hampton's Vegetable Tincture. For more than twelve months I have been in bad health, with what my doctors call Rheumatism, Dyspepsia and a general derangement of the whole nervous system; for weeks at a time, I was unable to leave my bed, with severe pains in my side, back and breast, with no appetite and great debility.—After trying various remedies, from which I derived little, if any benefit, I became much dispirited; at this time I was advised by a friend who had been cured by the Tincture to make a trial of it. I am happy I did so, for after taking two or three bottles, I find myself restored to health.

My daughter, also, who was broken down in health, has been restored by it. Some of my neighbors have also been cured and others benefitted by its use. My desire is to bear testimony of the good I have derived. I cannot say too much in favor of this valuable medicine, nor express in this way all the sufferings from which I have been relieved, but if those who are afflicted will call on me I will give them satisfactory evidence of the great healing and restorative powers of *H*ampton's Vegetable Tincture. Yours, truly,
Wm. High, No. 195 South Paca st.

DR. HUNTER'S Medical Manulr & Hand Book for the afflicted—Containing an outline of the origin, progress, treatment and cure of every form of deseases contracted by promiscuous sexuyl intercourse, by self-abuse or by sexual excess, with advice for for their prevention, written in a familiar style, aviding all medical technicalities, and every thing that would offend the ear of decency; with an outline of complaints incident to Females, from the result of some twenty years' successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases, and a treatise on the causes symptoms and cure of the Fever and Ague.

Testimony of the Professor of Obstetrics in Penn. College, Philadelphia.—"Dr. Hunter's Medical Manual."—The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats is a graduate of one of the best Colleges in the U. States. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

Jos. S. Longshore, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the author of the "Medical Manual." Numerous cases of Disease of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some cases where the patient has been considered beyond medical aid. In the treatment of Semi. nal weakness, or disarrangement of the functions produced by self abuse or Excess of venesy, I do not know his superior in the profession. I have been acquainted with the author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves.

Alfred Woodward, M. D.

This is, without exception, the most comprehensive and intelligible work published on the class of diseasee of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his son. The author has devoted many years to the treatment of, and with too little breath to puff, and too little presumotion to impose, he has offered to the world, at the mere nominal price of 22 cents the fruit of some twenty years' most successful practice."—*Herald.*

"No teacher or parent should be without the knowledge imparted in this invaluable work It would save years of pain, mortification and sorrow to the youth under their charge."—*People's Advocate.*

A Presbyterian clergyman in Ohio, writing of "Hunter's Medical Manual" says—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done to enlighten and influence the public mind as to check, and ultimately to remove this wide spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generation. Intemperance (or the use of intoxicating drinks,) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy (securely enveloped) will be forwarded free of postage, to any part of the U. States for 25 cents, or six copies for $1. Address (post paid) COSDEN & Co., Publishers, or Box 196, Philadelphia.

AN ANTIDOTE *FOR MALARIA.* DR. SHALLENBERGER

CLAIMS to have discovered a medicine, which, when taken into the stomach, passes into the circulation, and by coming in contact with the cause of the disease, viz: Malaria, neutralizes or destroys it, and is, emphatically, an *antidote to the poison.* The advantage in this treatment, therefore, is that a cure must be radical and complete, without the necessity of breaking down the system in one part to remove disease in another.

We wish it to be distinctly understood, that this medicine cures Fever and Ague *in all its forms*, by operating on the cause of it.

Let us glance at a few of the advantages of the new method,

1st. It has never failed in a single instance

2d. It cures a case in less than one third the time required by any other known remedy.

3d. It accomplishes the work by destroying the cause of disease, which no other remedy pretends to do.

4th. The patient must imbibe a fresh portion of the malarious poison before the disease is again developed, which need never happen, as four pills taken every ten days during that period of the year in which the poison is generated, will effectually neutralize it in the system, and thus prevent its consequences.

5th. It contains no Arsenic or poisonous ingredients of any kind, it produces no unpleasant effects upon the system, and may be administered with perfect safety to an infant ten days old. Pamphlets can be had gratis at the Drug Store of

Hemsley's Worm Destroying Syrup.

PRICE 25 CENTS.
PREPARED ONLY BY
Levin H. Campbell,
Druggist, Easton, Maryland.

When we consider the great number of children who die annually in our country, by Worms, it becomes important that the public should be in possession of some medicine for their removal, which will combine safety and efficiency in its employment. This desideratum is afforded by the "Worm Destroying Syrup." It is not our wish, nor is it our design to throw around this preparation, the unmeaning and extravagant eulogiums with which such medicines are usually ushered into notice; we only desire for it a fair and judicious trial, to secure it full approbation. The large and increasing sale of this article, is the best proof of the value and estimation in which it is held by the public. The presence of worms may generally, with readiness, be detected by the following SYMPTOMS.

Variable appetite—foul tongue—fetid breath—full, hard and tense belly—dull, heavy expression of the countenance—a bluish streak under the eye—itching at the nose—puffness of the upper lip—disordered and irregular bowels—starting and screaming in sleep—grinding of teeth—pain in the bowels, and frequently drowsiness or convulsions, attended by slow fever.

THE GREAT KENTUCKY REMEDY!

DR. JOHN BULL'S SARSAPARILLA.

This medicine, when used according to directions will cure, without fail:—

Scrofula, or King's Evil, Cancers, Eruptions of th Skin, Erysipelas, Tumors, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Pains in the Bones or Joints, Old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Lumbago, Coughs, Colds, Dropsy, Jaundice, Costiveness, Bronchitis, Weakness of the Chest, Sore Throat, Pulmonary Affections, and all other Diseases tending to produce Consumption, Liver Complaints, Female Irregularities and Complaints, Low Spirits, Sick and Nervous Headache, Night Sweats, Exposures, or Imprudence in Life, Chronic Constitutional Diseases, and as a Spring and Summer Drink, and General Tonic for the System, and a gentle and pleasant purgative, it is superior to Blue Lick and Congress Water, Salts, or Seidlitz Powders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemned it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree, there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live:

TESTIMONY.

Testimony like the following renders superfluous all comments on the efficacy of Bull's Sarsaparilla. From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. L. P. YANDELL, M D
Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

Louisville, March 20, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla now in use.

Resident Physician Louisville Marine Hospital.

Loudon, Ky., April 25th, 1850.

Sir—Permit me to address to you a few lines, and do me the honor to reply to a request that I will make in the conclusion of this letter, etc.

I am a graduate of Transylvania Medical University; I have practiced medicine in this wilderness country, about five years, but owing to exposure to bitter cold weather, I have been indisposed with Acute Rheumatism about six months. After having exhausted my skill in the treat ment of my case, and deriving no benefit, I was induced to give your FLUID EXTRACT OF SARSAPARILLA a fair trial, and accordingly purchased a bottle of your medicine from your agent, Mr. George P. Brown, about two weeks ago, and I must confess that one bottle has entirely cured me.

It is my opinion, that your preparation of Sarsaparilla is decidedly superior to any other preparation now in use, and I will take great pleasure in recommending it to the afflicted as being a remedial agent, and I will advise the physicians to use it in their practice, etc.

Respectfully yours, B. B. ALLEN, M. D.

Louisville, July 13th, 1849

I have examined the list of articles that compose John Bull's Extract of Sarsaparilla, and I have no hesitation in saying that it is a safe and valuable compound. I would prefer it to any article now in use, for the diseases arising from an impure state of the blood or taint of the system. I confidently recommend it to my friends as being a powerful Extract, and one that I believe will cure all classes of diseases, for which it is recommended, if used according to directions. I believe it to be a valuable succedaneum to Mercury.—Nay, I have my doubts whether in the most violent and protracted cases of Syphilis, accompanied with Nodes Trophe, in caries of the bones, whether it ought not to succeed every other remedy

S. R. McCONACHIE, M. D.
Honorary member of the Medical Society, Philadelphia.

Hear, what Dr. Stapp, a physician who stands at the top of his profession, says of John Bull's Sarsaparilla.

I have been using John Bull's Sarsaparilla, in a great variety of chronic diseases, with the most happy effects, and I have no hesitation in recommending it to the public for the cure of scrofula, syphilis, and all cutaneous and glandular diseases. Yours, most fervently.

Lewisport, Ky., April 6, 1849. WM. STAPP, M. D.

Rev. E. W. SEHON,—Rev. E. STEVENSON.

Conclusive.—Rev. E. W. Sehon is widely and generally known as an eloquent and accomplished pastor of the M. E. church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.

Louisville, May 20th, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a safe and valuable medicel compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

E. W. SEHON,
(Signed) E. STEVENSON.

We earnestly invite all persons who are suffering with any of "the ills that flesh is heir to," to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal GRATIS; and for the sake of humanity, we hope that a single individual will not be found unwilling to give Bull's Sarsaparilla a TRIAL, after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures peformed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.

STARTLING BUT TRUE.

What Every Woman Should Know.

HOW often it happens, thatthe wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health.

The Blooming Bride, but a few years ago in the flush of health and youth, and bouyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with fram emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and na utter physical anp mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often hereditary complaints upon the children "unto the third and fourth generation," transmitting Consumption, Scrofula, Hypochondria, Insanity, Gout, King's Evil, and other and worse diseases; as a Dreadful Inheritance from the parents.

"And must this continue? Must this be?—Is there no remedy? No relief? No hope?

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefitting by them.

These are pointed out in ***Married Woman Private Medical Companion***, by Dr. A. M. Mauricea, Professor of Diseases of Women; One Hundredth Edition, (500,000) 18mo. pp. 253, on fine paper, extra binding, $1.00.

A standard work of estabiished reputation found classed in the catalogues of the great trade sales in New York, Philadelphia and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time five hundred thousand copies have been sold, of which there were upwards of one hundred thousand sent by mail, attesting the high estimation in which it is held as a reliable popular Medical Book for every Female the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature; character, cause of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health. in respect to to which her sensitiveness forbids consulting a medical gentleman, will find such Instruction and advice. and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from *prolapsus uteri* (falling of the womb,) or from *fluor albus* (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult i not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and your as it has to thousands, many a day of pain and anxiety, followed by sleepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity o the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore, to caution the public to buy no book unless the words 'Dr. A. M. Mauriceau, 129 Liberty street, N. Y.," is on (and the entry in the Clerk's Office on the back of) the title page; and buy only of respectable and honorable dealers, or send by mail, and address to Dr. A. M. Mauriceau.

Upon receipt of One Dollar "The Married Woman's Private Medical Companion" is sent (mailed free) to any part of the United States, the Canadas and British Provinces.—All letters must be post-paid, and addressed to Dr. A.
