☞GONE TO HAVANA
FLORIDA, CHARLESTON, FOR HEALTH—BUT PERHAPS TO DIE!

We hear this every day. Thousand take a pilgrimage to the end of the world, they will do anything that require sacrifice to obtain health, but if you tell them of a simple, pleasant remedy—if you point them to our best known citizens, ladies and gentlemen, who they know have been restored to health, they will turn away. They think some great physician must be consulted—some great journey undertaken at great expense, and often they die in pursuit of that they might have obtained by trying HAMPTON'S VEGETABLE TINCTURE.

Have you a cough settled on your lungs, a dry, hacking cough, the glassy eye, the hectic flush on the cheek, pain in the breast and side, night sweats, with all the fearful symptoms o Consumption? Or have you Asthma, already stifling you with dreadful anguish of suffocation; setting up through the long cold night while the sweat runs from every pore from the nightly effort of respiration?

We say, don't delay, but try *Hampton's* Vegetable Tincture, the Great Restorator and Invigorator. It has shown itself most powerfully curative of Nervous Diseases in their various forms, giving new life and vigor, restoring the shattered constitution, and thus infusing hope in place of despondency. By its mild, pleasant and safe action on the Stomach, Liver, Kidneys, Lungs, and the Nervous System, it cures Dyspepsia, Liver Complaints, Diseases of the Unirary Organs, Coughs, Asthma, Bronchial Affections, Consumption, Scrofula, St. Vitus' Dance, King's Evil, Worms, Rheumatism, Neuralgia, Gout, Fits, Fistula, Piles, with diseases arising from impure blood.

The Female System has, in DR. HAMPTON'S VEGETABLE TINCTURE, a cure for its numerous complicated derangements.—Hundreds who kave been debilitated and dispirited, and on the verge of a premature grave, have been restored by its use to blooming health, which we are abundantly able to prove by such a host of living witnesses as we think no other Medicine can produce.

☞REV. JOHN LANAHAN, Pastor of th Exeter Street M. E. Church.—A strong desir to benefit the afflicted induces him thus to certify. We CHALLENGE any other medicine to present such a mass of testimony from gentlemen and ladies of high standing of our wellknown citizens, who testify of cure of COUGH, BRONCHITIS, RHEUMATISM, DYSPEPSIA, &c.

Baltimore, January 24th, 1855.

Messrs. Mortimer & Mowbray:—I take pleasure in saying to you that I have used your '*Hampton's Tincture*" with great profit. From a serious throat affection, my general health had become very much impaired, when I commenced to use "Hampton's Tincture." I found its effects upon my general health most salutory. My nervous system and digestive or gans soon righted up under its use.

I have several times recommended it to my friends and in every case, as far as I have been informed, they have used it with great succes

BLEEDING OF THE LUNGS.
Raleigh, N. C., February 8, 1854.

Messrs. Mortimer & Mobray:—I do hereby certify, that about twelve months ago I was taken with a severe hemorhage of the Lungs and had four attacks of it. I was advised to Dr. Hampton's Vegetable Tincture. I procured one bottle, and, I was entirely well, and now I enjoy good health as ever I did in my life. I can, and do, without the least hesitation, recommend the TINCTURE to all persons afflicted in my way.

Yours,
GEO. W. WEAKLY.

☞AWAKE THOU LETHARGIC ONE!☜ WHY GOEST BOWED DOWN BY PHYSICAL DEBILITY? WOULD YE BE ALL VIGOROUS AS IN FORMER YEARS.

We offer the remedy and give you the proof of its great healing powers. We give you the names of Ministers of the Gospel—of our best known citizens—who testify that it cured them after all other remedies had failed. It is delightful to the taste and invigorating to the whole system, and only costing $1 for a bottle that will last nearly three weeks.

One of the best and most highly esteemed citizen speaks. Hear him:

BALTIMORE, March 14th, 1855.

Messrs. Mortimer & Mowbray:

Gentlemen—It will be out of my power to tell you in this certificate of all the good I have derived from the use of Dr. Hampton's Vegetable Tincture. For more than twelve months I have been in bad health, with what my doctors call Rheumatism, Dyspepsia and a general derangement of the whole nervous system; for weeks at a time, I was unable to leave my bed, with severe pains in my side, back and breast, with no appetite and great debility.—After trying various remedies, from which I derived little, if any benefit, I became much dispirited; at this time I was advised by a friend who had been cured by the Tincture to make a trial of it. I am happy I did so, for after taking two or three bottles, I find myself restored to health.

My daughter, also, who was broken down in health, has been restored by it. Some of my neighbors have also been cured and others benefitted by its use. My desire is to bear testimony of the good I have derived. I cannot say too much in favor of this valuable medicine, nor express in this way all the sufferings from which I have been relieved, but if those who are afflicted will call on me I will give them satisfactory evidence of the great healing and restorative powers of *Hampton's* Vegetable Tincture. Yours, truly,

HOLLOWAY'S PILLS.
Why are we Sick?
—oo—

It has been the lot of the human race to be weighed down by disease and suffering.—HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the U. States, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of diseases.

THESE PILLS PURIFY THE BLOOD.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally.—They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY. ILL HEALTH.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicines of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delecate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it.

Hollway's Pills are the best remedy known in the world for the following Diseases:

Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Cliseases,
Dyspepsia
Indigestion
Influenza
Inflammation
Inward Weakness
Liver Complaints,
Diarrhoea,
Dropsy

MAN KNOW THYSELF.—An invaluable Book for 25 cents.—"Every family should have a copy."

100,000 copies sold in less than a year. A new edition, revised and improved, just issued. DR. HUNTER'S Medical Manulr & Hand Book for the afflicted—Containing an outline of the origin, progress, treatment and cure of every form of deseases contracted by promiscuous sexuyl intercourse, by self-abuse or by sexual excess, with advice for for their prevention, written in a familiar style, avoiding all medical technicalities, and every thing that would offend the ear of decency; with an outline of complaints incident to Females, from the result of some twenty years' successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases, and a treatise on the causes symptoms and cure of the Fever and Ague.

Testimony of the Professor of Obstetrics in Penn. College, Philadelphia.—"Dr. Hunter's Medical Manual."—The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats is a graduate of one of the best Colleges in the U. States. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

JOS. S. LONGSHORE, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the author of the "Medical Manual." Numerous cases of Disease of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self abuse or Excess of venesy, I do not know his superior in the profession—I have been acquainted with the author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves.

ALFRED WOODWARD, M. D.

"This is, without exception, the most comprehensive and intelligible work published on the class of disease of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his son. The author has devoted many years to the treatment of, and with too little breath to puff, and too little presumption to impose, he has offered to the world, at the mere nominal price of 22 cents the fruit of some twenty years' most successful practice."—*Herald.*

"No teacher or parent should be without th knowledge imparted in this invaluable work It would save years of pain, mortification and sorrow to the youth under their charge."—*People's Advocate.*

A Presbyterian clergyman in Ohio, writing of "Hunter's Medical Manual" says—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done to enlighten and influence th public mind as to check, and ultimately to remove this wide spread source of human wretchedness, would confer the greatest blessing nex to the religion of Jesus Christ, on the present and coming generation. Intemperance (or the use of intoxicating drinks,) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy (securely enveloped) will be forwarded free of postage, to any part of the U. States for 25 cents, or six copies for $1. Address (post paid) COSDEN & Co., Publishers, or Box 196, Philadelphia.

Hemsley's Worm Destroying Syrup.
PRICE 25 CENTS.
PREPARED ONLY BY
Levin H. Campbell,
Druggist, Easton, Maryland.

When we consider the great number of childrer who die annually in our country, by Worms, it becomes important that the public should be in possession of some medicine for their removal, which will combine safety and efficiency in its employment. This desideratum is afforded by the "WORM DESTROYING SYRUP." It is not our wish, nor is it our design to throw around this preparation, the unmeaning and extravagant eulogiums with which such medicines are usually ushered into notice; we only desire for it a fair and judicious trial, to secure it full approbation. The large and increasing sale of this article, is the best proof of the value and estimation in which it is held by the public. The presence of worms may generally, with readiness, be detected by the following SYMPTOMS.

Variable appetite—foul tongue—fetid breath—full, hard and tense belly—dull, heavy expression of the countenance—a bluish streak under the eye—itching at the nose—puffness of the upper lip—disordered and irregular bowels—starting and screaming in sleep—grinding of teeth—pain in the bowels, and frequently drowsiness or convulsions, attended by slow fever.

St. John's College
RE-ORGANIZED.

THE Visiters and Governors of St. John's College, at Annapolis, hava re-organized this Institution, with the view of more fully developing its capacity of public usefulness.

It has been considered as due to the public that the advantages which, it is believed, this College posseses, and the general feature of the system about to be put into operation, should be made known.

At the recent election of the Faculty, the following persons were appointed.

1. Rev. Hector Humphreys, D. D., Principal, and Professor of Moral Philosophy and History.
2. David Stewart, M. D., (Chemist of the Maryland State Agricultural Society,) Vice Principal, and Professor of Chemistry and Natural Philosophy.
3. David J. Capron, A. M., Professor of Mathematics.
4. Rev. Russel Trevett, D. D. (Late Professor of Ancient Languages at St. James College, Md.) Professor of Ancient Languages.
5. Rudolph L. Tapel, A. M., Professor of Modern Languages.
6. William H. Thompson, A. M., Superintendent of Preparatory Department.

These gentlemen are known within the State to be experienced and successful instructors.—It is intended that they shall reside upon the College grounds, where buildings are now in process of erection for their accommodation. This arrangement will enable them to see to the comfort as well as the advancement of the students. The spacious and beautiful grounds around the College buildings afford ample opportunity for military and other healthful and manly exercises.

The healthfulness of this place is well known The experience of a *Military* station in this respect for nearly half a century, induced the General Government to establish here the present Naval Academy.

There are four places of public worship in the city of Annapolis; Episcopalian, Methodists, Presbyterian and Roman Catholic. Students will be required to attend such one of these Churches on the Sabbath day, as the parent or guardian may request.

The course of study embraces all the branches of the usual College, or Baccalaureate course.

A partial course has also been authorized.—This provision is made to enable young men or their parents or guardians, to select branches of instruction, with a special view to their intended pursuit in life. For those who design to follow Engineering, Agriculture, or Mercantile pursuits, instruction in the sciences most useful to their callings is provided. Agricultural Chemistry will hold a prominent place in the list of studies; for this purpose the services of an eminent practical Analyst have been secured.

Regular instruction in French, Spanish, German and Italian will be given the Students without additional charge.

In addition to the instruction in Engineering and Chemistry as parts of the regular course, special classes will be formed at stated periods, for the benefit of those whose professional views in life require a thorough education in either of these sciences.

The College is provided with a Chemical and Philosophical Apparatus sufficientey extensive and complete, to illustrate all the branches of Chemistry, and Engineering by experiments in the Laboratory and practice in field operations.

A Preparatory Department is attached to the College, and subject to all its rules and regulations. An opportunity is thus afforded to young men, not sufficiently advanced, to prepare to enter the College classes. Students who can stand a creditable examination in English Grammar, Geography, Arithmetic, Latin Grammar, and to translate the usual Latin Reader, may be admitted to this *Department*. This regulation is however, suspended in respect of those who are at present members of the Grammar school. It is deemed unnecessary to mention in detail all the branches of instruction, and the text books, in the course; or the rules and regulations for the government of the students. Any one wishing fuller information on this subject, will receive it in a printed pamphlet by addressing any one of the Professors. Suffice it to say, that the design of the whole system is to impart to the young men who may be sent to this Institutisn a sound, practical education; and to inculcate, and enforce a high standard of moralfty and gentlemanly deportment.

The College term will consist of ten months beginning on the 1st Wednesday of October, and ending on the 1st Wednesday of August following. The intermediate period will be the Vacation. The commencement exercises will be held on the 1st Wednesday of *August*.

The College will open on the 1st Wednesday of the ensuing October, at which time all students proposing to enter will present themselves and be assigned to their appropriate classes.

The Boarding House, on the premises, will be in readiness for the reception and accommodation of those coming from abroad.

The charge for the entire College session is, for Board $120; for tuition in the Preparatory Department $36 00; do. Freshman and Sophomo $42 00; Junior and Senior $51 00. Students provide their own washing, fuel, lights, and furniture for their private rooms.—The Steward will furnish these at cost, if desired. College Bills, are payable in advance, three times a year.

It is recommended, that all funds for the student's expenses be placed in the hands of some member of the Faculty, who will cheerfully disburse them without charge.
