FARM
ON POPLAR ISLAND,
FOR SALE

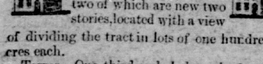

AT PUBLIC AUCTION.

ON Saturday, December 15th, at one o'clock at the Baltimore Exchange, we will sell a desirable and could be made a productive Farm containing

291 Acres,

more or less, situated on North end of Poplar Island, about one hundred acres cleared land, and about ninety acres cleared of the wood, the balance heavily Pine timbered. The soil is good and well adapted for wheat and corn.

For the Oyster trade, might be very profitable—having a large cove suitable for planting oysters, of which there is all around the Island large quantities which can be had in the summer months at a small cost. The oyster business in connection with a store would pay well, by making it a depot for oystermen, by which many lots could be sold to advantage. In the winter there is an abundance of Wild Fowl of every description.

There are five DWELLINGS on the property, two of which are new two stories, located with a view of dividing the tract in lots of one hundred acres each.

Terms—One-third cash, balance in 6 and 12 months, with interest.

TO FANNY FERN'S 1,000,000 Readers.—*A New Book coming.*—We have the pleasure of announcing that we have in press, and shall publish about the first of December, a new work of fiction entitled Rose Clark, a Romance, by Fanny Fern. The last work, and first continuous tale of this brilliant and fascinating authoress, "Ruth Hall," achieved a success unexampled in the annals of letters. In the language of a leading periodical, it "created a more profound sensation than any which had been issued during a quarter of a century." But it is unnecessary to allude to the merits of "Ruth Hall." Judging from the number of copies of it we have sold, we judge that every body in the United States have read it. As respects the work we have now in press, "Rose Clark," we can only say that we regard it as in every respect, a greater, better work; and we are confident it will not only sustain, but even increase the reputation of its distinguished authoress. We have reasons for thinking "Rose Clark" will make a greater sensation than did "Ruth Hall."

It will form an elegant 12 mo. volume of over 400 pages. Price $1.25, on receipt of which copies will be sent by mail, post paid. It will be for sale by all booksellers.

FRUIT TREES.

THE subscriber respectfully informs the citizens of Talbot county, that he is on a visit to the Eastern Shore for the purpose of taking orders for young fruit trees, and would be pleased to supply all who may wish to stock their farms or lots with choice fruit, from the celebrated Cumberland Nurseries, near Carlisle Penn. Every approved variety of Peach, Apple, Plums, Cherry, and Apricot grown in the best nurseries in the country, will be furnished at the most reasonable prices. Dwarf Pears, of the most choice varieties, and all other garden fruit, supplied to order.

Persons may confidently rely on the fruit they may order as being all it is recommended to be. In view of the proposed rail road communication between Oxford and New York, it is particularly the interest of farmers to stock their farms with fruit at once, in order to be in time for the earliest market. No part of the country in the States is better adapted to the growth of fruit than the Eastern Shore, and nowhere can it be grown more profitably.

I have sold trees to a number of gentlemen in the county, for the last two years, and I believe the fruit has proven as good as it was sold for; at least, I have not heard of any complaint, and am receiving orders for more from some of the same gentlemen. I shall be in Easton for a few weeks, when I am not in the country, and in my absence any order left with the Editor of the Star, or with Mr. A. Hall will be promptly attended to. Terms cash on the delivery of the trees in November.
