Advertisements must be handed in on Saturday morning to insure insertion in the next issue.

Newspaper Agents in the cities must send the cash with advertisements, or they will not be inserted.

Persons wishing to subscribe to, or advertise in the Star, must address us direct, as we have no agents, and those at a distance must accompany their orders with the cash.

THE STAR FOR THE CAMPAIGN.

THE STAR will be published from this date till the November Election, at the low price of FIFTY CENTS, *cash in advance.*

CLUBS OF TWELVE will be served for FIVE DOLLARS, *cash in advance.*

We hope our friends will send in their orders without delay, and thus aid us to prosecute an energetic canvass. Our friends must circulate the documents if they would have correct principles prevail among the masses.—Let the *Star* be circulated freely in every neighborhood, and placed in the hands of every voter.

Will our friends take this matter in hand *at once*, and assist us in extending our circulation in all parts of the county. A little active co-operation in this matter at the outset of the campaign, may secure us many votes at the day of trial. Let the people have light, and democratic truths are sure to triumph.—Shut out the light of truth from the masses, and Know Nothingism may succeed.

DEMOCRATIC MEETINGS.

The Democrats and others disposed to act with them on existing political issues, will meet at the usual places of meeting in the several Election districts of Talbot county, on Saturday, 29th day of August to elect 10 Delegates for each district, to meet on Tuesday, the 1st day of September, to nominate a ticket for County officers to be supported by the anti-know nothings at the ensuing November election.

FURTHER NOTICE

The Democrats and all disposed to act with them in support of the present National Administration are requested to assemble in county meeting at Easton, on Tuesday the 24th of August, inst., to appoint Three Delegates to represent Talbot county in the Congressional Convention to be held in Cambridge on the 28th inst., to nominate a candidate for Congress in the first District of Maryland.

"D's" second article on Mr. Long's book shall have a place next week

CURE FOR CONSUMPTION.—We invite attention to the advertisement of Rev. C. S. Burnett, of New York which will be found in another column.

RAIN.—This section has been visited by several gentle showers during the past week, which has greatly benefited the corn crop, which is now growing finely.

PREPARING FOR WINTER.—We notice that a goodly number of our citizens are already laying in they coal for Winter.—We admonish them to lay in a good supply this season, in view of the last two long and severe winters, which run most of us quite short before navigation opened in the spring.

IMPROVEMENTS IN TOWN.—Mr. Stephen C. Harrington has just erected a new two story and an attick store room and dwelling on Washington street, opposite the Methodist Protestant Church, which adds much to the appearance to that part of Easton. Mr. William Cole, carpenter, is the contractor, and the painting and papering is being done by our enterprising townsman, Mr. A. W. Fountain. The workmanship of the building is creditable alike to the skill and taste of both those mechanics.

Mr. Wm. H. Councell is putting up a very comfortable dwelling, on the site of the old Methodist E. Church, on West street, which adds much to the appearance of the town in that quarter.

J. B. Bennett Esq., is also about to build a very handsome dwelling on Harrison street, near the residence of Mr. John. Satterfield, which will add much to the appearance of that street when completed.

Mr. Tunis' steam mill is now under roof, and will be completed and fairly in operation by the last of August.

We hear of several other new buildings to be erected and of some old ones that are to be renovated and repaired which shows that the march of improvement goes steadily on in our quiet village. We like to see these evidences of prosperity and enterprise among our citizens, and record them with unfeigned pleasure.

CONCERTS.—The two Concerts of sacred music held in the Mr. P. Church on Thursday and Friday evenings last, under the management of Professor E. Heginbotham, of Baltimore, were well attended, and passed off with decided success—the audience expressing the greatest delight at the performance. Although the time of preparation for the concert was very short, the choirs made rapid improvement under the instructions of professor H. and really more than met the public expectations. During his brief sojourn in Easton, Professor H. proved himself a master of his profession, and won many warm friends who will cheerfully welcome him to Easton again whenever he is pleased to visit the Eastern Shore, either professionally or socially.

STRUCK BY LIGHTNING.—During the severe thunder storm on last Friday night the lightning struck a large locust tree in in Mr. Chambers Hardin's field near Easton, and killed eight fine hogs that were sleeping under the tree. The ninth one was also struck and badly stunned but recovered early next morning.

MARYLAND POLITICS.

RAMSEY MCHENRY Esq., of Harford, has received the Dem., nomination for congress in the 2nd congressional District of Maryland. We notice that our talented young friend John Rowan, Esq., of Elkton, was a prominent candidate before the convention, and came in one of getting the nomination.

The Democrats have re-nominated Hon Thos. F. Bowie, of Prince Georges county, for Congress in the 6th District of Maryland.

Hon. James L. Batrol was nominated on Thursday last a candidate for Judge of the Court of Appeals, in the 2d district composed of Allegany, Washington, Frederick, Carroll, Harford and Baltimore counties.

Samuel S. Cunningham, of Washington county, being the only person in nomiuation was nominated for Commissioner of Public Works.

CONGRESSIONAL CONVENTION.—We learn that the members of the Democratic State convention from this Congressional District had a consultation in Baltimore on last Thursday night, on the expediency of holding a convention to nominate a candidate for Congress, and it was deemed advisable to hold a convention at Cambridge, on the 28th in st, as the best means of harmonising all interests of the party, and in securing success.

THE DEMOCRATIC GUBERNATORIAL CANDIDATE.

The proceedings of the Democratic Convention, (which will be found in this morning Star) that assembled in Baltimore City on Thursday last resulted, as was generally anticipated, in the nomination, by acclamation, of Col. JOHN C. GROOME, of Cecil County, as the people's Candidate for Governor, and to-day, we run up his name at the head of our columns, in connection with the other nominees on the State ticket. The choice could not have fallen upon one more eminently qualified for the important position, or a more popular and acceptable candidate for the suffrages of the people. In the present position of parties in Maryland, the action of the convention in the spontaneous recommendation of Col. John C. Groome, cannot fail to meet with the hearty approval of the great masses of the people. While the Whig party existed, Col. Groome was among its most zealous supporters and labored for the success of its principles. But he was among the first prominent Whigs in Maryland who took a decided and unequivocal stands in opposition to the dangerous dogmas of the Know Nothing party and allied himself with the democracy in their efforts to turn back the flood-tide of wrong and corruption that at one time threatened to subvert the rights and liberties of the people. He was a warm supporter of Mr. Buchanan's election, and fully endorsers the policy and measures of his administration. Occupying such a position, he cannot fail to receive the undivided strength of the democratic party, as well as the support of all who act with them in opposition to the pseudo 'American' party. Col. Groome is a gentleman of large experience and mature judgement, and stands at the head of the legal profession in his own county, and is well and favorably known throughout the State. His election cannot fail to reflect honor upon the State By an organized system, of wrong and corruption practised in Baltimore city, the Know Nothings have obtained a temporary preponderance in the State, but we much mistake the current of popular sentiment if their ill gotten power is not swept from them in the pending Canvass. To do this it is only necessary that every old line Whig and democrat fearlessly deposit his ballot for Col. John C. Groome, and "victory" will perch upon our banner and political "death" upon that of the enemy. "He who would be free, himself must strike the blow."

With regard to the nominee of the Know Nothing party, we have but little to say, as his political character has already been fully and fairly written, besides the *contrast* between Thomas H. Hicks and John C. Groome is so *strongly marked* that the people cannot fail to detect the fitness of the one and the unfitness of the other, for the Gubernatorial Chair of Maryland.

We have no disposition to detract aught from the character and intellectual qualifications of Mr. Hicks, and if the party who nominated him are *satisfied* with the choice *we* certainly are. All we have to say is, that his nomination creates no enthusiasm among the Know Nothings here, but greatly the reverse; and so far as the result in Talbot is concerned, Mr. Hicks will be beat badly in November. In conclusion we say, let the people go to work in this matter, and if they desire to reflect credit upon the State and secure her from becoming the prey of unscrupulous hucksters in politics, vote for John C. Groome, the candidate of the conservative Democracy. The other nominees of the Convention are all good and true men, and should receivel the cordial support of every Democrat and conservative Whig.

[Reported from the Baltimore Sun.]

PROCEEDINGS OF THE DEMOCRATIC STATE CONVENTION.

The Democratic State convention assembled at the Hall of the Maryland Insitute yesterday morning, at 11 o'clock.

On motion of Col. J. M. Kunkle, of Frederick coduty, the Hon. Wm. T. Hamilton; of Washington county, was called to the chair. He thanked the convention for the honor conferred, would endeavor to discharge the duties impartially, and invpked harmony and concession in their deliberations.

Mr. John M. Robinson, of Queen Anne's county, was appointed secretary protem.

The severals delegations handed in their credentials.

Baltimore city was not represented in the convention, no delegates having been elected.

On motion of Mr. R. R. Boardman, of Baltimore county, a committee of one from each county was appointed to nominate permanent officers of the convention.

The committee retired, and after a brief absence, through Mr. R. R. Boarman, their chairman, presented the names of the following gentlemen for permanent officers who were unanimously accepted:

President—Hon. Wm. T. Hamilton, of Washington county.

Vice-Presidents—John Coulehan, Allegany; De Valt Stattlemyer, Washington; Col. J. M. Kunkle, Frederick; Upton Scott, Carroll; A P. Amos, Baltimore county, R. W. Carter, Montgomery; Col. George W. Hughes, Anne Arundel; Judge Parker, Prince George's Charles G. Hanson, Howard; R. H. Archer Harford; Col. Wm. Coad, St. Mary's; Benjamin Parran, Calvert; Frank W. Weems, Charles; Richard Grayson, Cecil; Francis Cann, Kent Dr. Carter, Queen Anne's; Col. B. G. Keene, Dorchester; S. Orem, Talbot; Dr. Cherbonnier, Caroline, Wm. J.' Boyd, Somerset; E. King Wilson, Worcester.

Secretaries—John M Robinson, C. J. Scott, Joshua Bosley, D. Horsey, Edward W. Belt.

On motion of Mr. Richard Grason. of Cecil county, a committee of one from each county was appointed to consult and report business for the convention.

The committee retired at noon, and at 2 o'clock returned, and through Mr. Grason, their chairman, presented the following report.

Resolved, That we, the representatives of the Democratic Republican party of Maryland, with those inspired with a like love of constitutional liberty, uniting with it on the important issues of the day, rejoice in common with their conservative and patriotic brethern of the Union in the triumphant election of Jas. Buchanan, and that we retain undiminished confidence in his integrity and ability, under his administration, to administer the government according to the true principle of the constitution, and to maintain all the rights of the States and of the people respectively under it.

Resolved, That we here meet again to renew our devotion to the great cause of civil and religions liberty, and to proclaim again our uncom-promising hostility to the unconstitutional, impolitic and dangerous doctrines, measures and practices of the know-nothing order, pledging our best efforts to secure once more to our beloved State a government, in all its departments, tolerant and just, and place it in full communion with our united sister States of the South, with them to do labor, with our patriotic brethren of the North, in defending the constitution and the Union.

Resolved, That the democratic party being now the only national and conservative party, and as such obliged to brave the opposition of black republicanism, abolitionism and know-nothingism combined and separate, it is the highest duty of all good citizens, of whatever party hitherto, to unite with it in maintaining law, order, good government and the constitutional and legal rights of all, wherever born, or of whatever religious belief; and it is a matter of sincere congratulation that many patriotic whigs all over the land, dismissing ancient prejudices and forgetting ancient stripes, are now whh us and of us, battling gallantly and gloriously for the primary and fundamental principles of our National and State governments.

Whereas Col. John C. Groome, of Cecil county, has been prominently mentioned as a candidate for Governor of Maryland by many members of the democratic party, and also by many members of the old whig party who are willing to unite with the democratic party in the effort to arrest the desolating influences of know-nothingism:

And whereas this convention is assured that Col. Groome concurs fully with the democratic party in regard to the questions which now divide the people of the State—therefore.

Resolved, That this convention, representing the democratic party of Maryland, and that portion of the whig party of the State which co-operates with the democracy upon the present political issues, unanimously and cordially declare Colonel Groome its choice as the candidate for Governor, and hereby recommended him to the support of the people of Maryland.

Resolved, That —— —— be' and he is hereby declared to be, the chocie of this cavention as the candidate for Comptroller of the Treasury, and that he is hereby cordially recommended to the support of the people of the State.

Resolved, That —— —— be. and he is hereby declared to be, the choice of this convention as the candidate for Lottery Commissioner, and that he is hereby cordially recommended to the support of the people of the State.

Resolved, That —— ——, be, and he is hereby declared to be, the choice of this convention as the candidate for Commissioner of the Land Office, and that he is hereby recommended to the support of the people of the State.

The committee not feeling authorized, did not name any gentleman as candidates for comptroller, lottery commissioner and commissioner of the land office.

The report and resolutions were unanimously adopted.

The reading of the report and resolutions was frequently interrupted by applause, especially the resolution recommending the support of Colonel Groome for Governor.

On motion of Mr. Wm. P. Whyte, of Baltimore county, it was resolved, that the convention proceeded to ballot by counties for names to fill up the blanks in the resolutions.

The convention then proceeded to select a candidate for Comptroller of the treasury. Mr. Bradley T. Johnson, of Frederick county, was placed in nomination. There being no other candidate presented, on motion of Mr. Whyte, Mr. Johnson was unanimously recommended as a candidate for that office.

The convention then proceeded to name a candidate for Lottery Commissioner.—The following gentlemen were named for the office:—Dr. Joshua R. Nelson, of Harford county; Colonel Isaac M. Denson, of Baltimore city; Jno. Flemming, of Somerset county.

The convention also proceeded to name candidates for Commissioner of the Land Office. The following gentlemen were named for the office:—James Murray, of Anne Arundle county; George G. Brewer of Baltimore city; E. S. Riley, of Anne Arundel county.

A motion was made to adjourn, till 4 o'clock, but rejected.

The convention then proceeded to ballot for Lotery Commissioner, with the following result—

Nelson.	Denson.	Flemming.
40	26	19

There was no choice, and the convention proceeded to another ballot as follows:

Nelson.	Denson.
61	24

Dr. Nelson having received a majority of the voters of the convention was declared duly elected as a candidate for Lottery Commissioner.

The convention then proceeded to select a candidate for Commissioner of the Land Office, as follows, the name of Geo. G. Brewer being withdrawn:

Riley.	Murry.
12	72

Mr. Murray having received a majority of the votes cast, was declared duly selected as the candidate for Commissioner of the Land Office.

Mr. Williamson Ringgold, of Kent county, offered the following resolution; *Resolved by this convention*, That in consequence of the demoralization and various evils which the intolerant and proscriptive principles and practices of know nothingism have inflicted upon the community, causing riot and bloodshed in many of the principal cities of our country on the days of their elections the democratic central committee of Maryland is hereby authorized and empowered to appoint a day for holding one mass meeting in each county town of the respective counties of the State, which day shall be different in the several counties, in order that the candidates selected by this convention for the State officers to be filled by the approaching election may have an opportunity to discuss the political affairs of the State, and exposing the dangerous doctrines and purposes of know-nothingism.

Mr. Byrd, of Somerset, opposed the resolution on the ground that it was contrary to the usages of the party, and should be left to the candidates themselves.

Mr. Ringgold defended it as necessary at this time. The approaching election will be a great crisis, and he wished the authority of the convention. He denounced the know-nothing party, and scouted the idea that Gen. Washington, as had been claimed by that party, entertained the views as promulgated by that party. He spoke at length in advocacy of the measure, after which it was adopted.

Mr. Boyd proposed that the chair appoint the State central committee from a list of persons from each county and the city of Baltimore, to be made known through the press, which was adopted.

The convention then, at 4 o'clock p. m., adjourned *sine die*, with three cheers for the candidates.

The following are the gentlemen selected and recommended as suitable candidates for the offices named:

Governor—Col. John C. Groome, of Cecil co.

Comptroller of the Treasury—Bradley T. Johnson, of Frederick co.

Lottery Commissioner—Dr. Joshua R. Nelson, of Harford co.

Commissioner of the Land Office—Jas. Murray, of Anne Arundel co.

COL. F. B. OGDEN, U. S. Consul at Bristol, England, died on the 4th inst.—He was appointed by Gen. Jackson as consul to Liverpool, where he served eleven years, and was then transferred to Bristol. Mr. Ogden was one of the pioneers of steam navigation. So early as 1811 he was attracted to it by the successful experiments of Mr. Fulton, and in 1816 constructed the first double engine that was ever placed on board a boat with expansive steam. With the boat thus equipped, he was the first to venture on a sea voyage; he proceeded with her from New York to Norfolk, in Virginia, and established her as a packet on the James river.

Arrival of Walker's Followers.—The U. S. Sloop-of-war Cyane arrived here to-day from Aspinwall, bringing 53 of Walker's deluded troops. They are in a destitute condition.

When the Cyane left Aspinwall the frigate Roenoke lay there with 240 more of Walker's men, about to sail immediately for New York. The frigate Saratoga, at Greytown had also a large number, and several hundred were still at Punta Arenas waiting for an opportunity to return home.

SALES OF WHEAT.—The Louisville Courier states that the proprietors of one of the largest flouring mills in that city have closed contracts or upons of 30,000 bushels of wheat at one follar per bushel.

POLITICAL.—Hon. Wm. Cost Johnson delivered an address before the democratic congressional convention at Bladensburg, on Tursday last.

Special Notices.

HOLLOWAY'S PILLS.—When the complexion assumes a sallow appearance, and the whites of the eyes are tinged with yellow, there is mischief at work in the liver. A dose or two of the Pills will then arrest the progress of the disease, and save much pain and trouble; but should the malady have reached a more dangerous stage, and taken the shape of bilious fever or jaundice, and the functions of the stomach have become disordered, a course of the remedy may be necessary. The cure is merely a question of time, for however violent the symptoms may be, however long the patient may have suffered, this potent remedy will inevitably produce the desired effect if administered in accordance with the directions.

PIANOS AND MUSIC.—We learn that HORACE WATERS, of 333 Broadway, N. Y., agent for the sale of many of the most celebrated makers of Pianos and Melodeons, is offering them at prices which we advise all who desire to purchase to avail themselves of. He is also selling his large and well-known Catalogue of Music at one third off from the regular price, and will forward the same free of postage.—His offers to the trade, teachers, and schools, are of the most favorable character—all of which he will be able to fill to the letter, for having wisely adopted the cash system. The Horace Waters' Pianos are known as among the very best. We are enabled to speak of those instruments with some degree of confidence, from personal knowledge of their excellent tone and durable quality.—*N. Y. Evangelist.*

FRECKLES.—Of all the effects that exposure of the skin to the air or sun produces, the most disagreeable is called freckles, or tan. If spread over the entire surface of the parts exposed, it is called tan; if scattered at intervals, freckles. The finest skins are most subject to them. The *Kalliston*; prepared by Jos. Burnett & Co., Boston, contains a peculiar erasive property which will remove these disagreeable stains. It is at the same time perfectly harmless, allays all tendancy to inflammation and renders the complexion clear and beautiful.—*Boston Herald.*

Price 50 c. and 1 00 per bottle.

SMOKING.—Gentlemen who are addicted to the habit of smoking, will find *Burnett's Oriental Tooth Wash*, prepared by Messrs. Joseph Burnett & Co., Tremont Street, Boston, an excellent detergent. It also imparts to the breath a fragrance peculiarly aromatic and pleasant.

GINGER is a grateful stimulant and carminative, is often given in Gout, Rheumatism, Dyspepsia, Cramp, Cholera Morbus, Cholic, Cholera, &c.

In Nervous and Sick Headache, Sea-Sickness, Nausea, Imperfect Digestion, or from Nausea induced by riding in carriage, &c.—it will be found most agreeable to the stomach and palatable to the taste, and affording at the same time almost in all cases immediate relief.

To the Inebriate it is particularly serviceable; a very small quantity used instead of the usual stimulant, will give tone and vigor to the digestive organs, and impart strength to resist the temptation, and may therefore be considered an invaluable agent in reclaiming the drunkard.

The travelling public will also find it very efficacious in correcting the bad results arising from a change of water and diet, a few drops of which will give a glow and vigor to the stomach, equal to a wine g assful of Brandy or or other stimulant, without producing any of the injurious and overrating effects which are sure to result from the use of stimuli of any kind. STRAWBERRY PLANTS FOR SALE.

Straudberg's

CHAMPION STRAWBERRIES.

AFTER four years of careful selection and cultivation, with personal attention, I have produced the finest Strawberries in the country; some of them measuring 5 inches around, in fact they are all very large and of a superior flavor. As an evidence of the superiorioity over all other Strawberries that was in the Baltimore market, when the best sold for 12½ cents per quart retail, Strandberg's Champion Strawberries sold readily for 50 cts. wholesale throughout the season; nor could he supply half the demands at that price.—They were also sent to New York and pronounced by Taylor, the best ever sent to New York market. I offer my plants to the public, there is no humbug about them. I refer to gentlemen who have seen my Strawberries, and some of them examined my beds, and are ready to testify the above as correct. I refer to Gen. T. Tilghman, Col. S. Hambleton, Col. Rd: Thomas, Col. Ed: Lloyd, Jr., James Ll. Martin, Esq., Daniel Lloyd, Esq., Morris O. Colston, Esq., James N. Goldsborough, Dr. Hardcastle, Talbot county.

Col. Rd: France, Dr. Owens, Mr. Butcher, Baltimore.

The plants will be ready for delivery the 1st of August. They will be packed carefully in boxes, the roots covered with muck and can be sent any distance with perfect safety. Price $5 per hundred. Orders sent by mail will be punctually attended to, and sent according to direction.

HENRY J. STRANDBERG,
ju 25—tf Easton, Talbot county, Md.

Editors giving the above three insertions and sending me a copy will receive 100 plants; sent to their address.
