Fact, Fun and Fancy.

AMUSING.

A few miles below Poughkeepsie, New York, there now lives, and has lived for several years past a worthy clergyman—a man, however, very short in stature.—Upon a certain Sunday, about eght years ago, this clergyman was invited by the pastor of a church in that village, to fill his pulpit for the day. The invitation was accepted, and Sunday morning saw Mr.——in the pulpit. Now it appeared that the pulpit was a very high one, accordingly, nearly hid the poor little clergyman from view. However, the congregation, managed to keep their countenances, and with over pious faces, seemed religiously anxious for the text. They were not obliged to wait long, for a nose and two little eyes, suddenly appeared over the pulpit, and a squeaking tremulous voice proclaimed in nasal tones the text: "Be of good cheer, it is I, be not afraid." A general roar of laughter followed the announcement; the clergyman was confused, and turned all sorts of colors. Many, in the general uproar, left the church, and it was a long time before the minister was enabled to proceed with his sermon, so abruptly broken off. Afternoon came, and the little man standing on a footstool, had a fair view of his audience. The text was announced in due form. "A little while and ye shall see me, and again, a little while and ye shall not see me." In the course of his sermon, he repeated his text with great earnestness, and stepping back lost his elevated footing and disappeared from all his hearers. The affect may be more readily imagined than described.

A JOLLY TEMPERANCE FAMILY.

Joe Haris was a whole-souled, merry fellow, and very fond of a glass. After living in New Orleans many years, he came to the conclusion of visiting an uncle in Massachusetts, whom he had not seen for many years. Mow there is a difference between New Orleans and Massachusetts in regard to the use of ardent spirits, and when Joe arrived he found the people running mad about temperance; he felt bad, thinking with the old song that keeping the spirits up by pouring spirits down, was one of the best ways to make time pass, and began to fear indeed, that he was in a *pickle*. But on the morning after his arrival, the old lady came to him an said;

'Joe, you have been living at the south, and no doubt are in the habit of taking something to drink about elevan o'clock. Now I keep some for medical purposes, but let no one know it, as my husband wishes to set the boys a good example.'

Joe promised and thinking that he would not get any more that day, took as he expressed a "buster."

After he he had walked out to the stable who should he meet but his uncle.

Well, Joe, says he, 'I expect you are accustomed to drinking in New Orleans, but you find us temperance men here, and for the sake of my sons, I don't let them know I have any brandy; but I keep a little for my rheumatism; will you accept some?'

Joe signified his consent, and took another good horn. Then continuing his walk, he came to where the boys were hauling rails. After conversing a time, one of his cousins said:

'Joe I expect you would like to have something to drink and as our folks are down on liquor, we keep some here to to help us with our work.'

Out came the bottle and down they sat, and he said by the time he got home to dinner, he was as tight as he could be, all from visiting a *temperance family*.

A sharp observer sends this to be gossipped over:

"There are three classes of women: First, *drudges*, who are wholly taken up in the material details of their housekeeping, husband-keeping and child keeping.—Their housekeeping is a trade, and no more; and after they have done that, there is no more which they can do. Next, there are domestic *dolls*, wholly taken up with the vain show which delights the eye and the ear. These ask nothing beyond their function as dolls, and hate all attempts to elevate womankind. But there are domestic *women* who order a house and are not mere drudges; adorn it, and are not mere dolls, but women. Some of these—a good many of them—conjoin the useful of the drudge and the beautiful of the doll into one womanhood, and have a great deal left besides. They are not wholly taken up with their functions as housekeeper, wife and mother.'

"Boy' where is the state of matrimony?" 'It is one of the United States. It is bounded by hugging and kissing on one side, cradles and [illegible] side. Its chief products are [illegible] other [illegible] staying out o' nights.—It was discovered by Adam and Eve, while trying to find a [illegible] Paradise. The climate is rather sultry, till you pass the tropics of housekeeping. Then squally weather commonly sets in with sufficient power to keep all hands as cool as a cucumber. For the principal roads leading to this interesting state consult the first pair of blue eyes you run against."

Somebody, we don't know "adzactly" who entertains the idea that some fast men very strongly resemble sheep; "for," says he, "they gambol in their youth, frequent the turf, are oftentimes black legs, and are invariably fleeced." What an insult to the memory of Ram, Lamb, Sheep and Mutton!

The following is too good to be lost. A lady, formerly a resident of Georgy, very much discontented with Mississippi life, and longing to return to her native land, was shouting at a camp meeting last year, and becoming so exclusively happy, that she exclaimed: "Glory to God!—I feel like I was in Georgy!"

A clergyman, who was consoling a young widow on the death of her husband, spoke in a very sincere tone, remarking that he was "one of the few. Such a jewel of a Christian—you cannot find his equal, you well know." To which the sobbing fair one replied, with an almost broken heart: "I'll bet I will."

AYER'S

CHERRY PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

Brimfield, Mass., 20th Dec., 1853.

Dr. J. C. Ayer: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your Pectoral myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

Springfield, Miss., Feb. 7, 1856.

Brother Ayer: I will cheerfully certify your Pectoral is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., Monterey, Ia., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

West Manchester, Pa., Feb. 4, 1856.

Sir: Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., Albion, Monroe Co., Iowa, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry Pectoral affords relief and comfort.

Astor House, New York City, March 5, 1856.

Doctor Ayer, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard,
ORLANDO SHELBY, of Shelbyville.

Consumptives, do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayer's Pills, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

LIME.

To the Editor of the Annapolis Gazette:

WE deem it due to Mr. Coulter, of your place, to invite public attention to the very superior article of Lime now furnished by him. In doing so we feel that we are rendering a service to the Farmers, and especially to those of Anne Arundel county. We say without hesitation that, in our opinion, Mr. Coulter furnishes an article greatly superior to anything of the kind we have ever used or seen. The Lime furnished by him is burnt with the best spruce pine and light wood, the ashes of which every farmer knows the value of, in improving land. These mix with the Lime and add greatly to its fertilizing properties. Whereas the Lime obtained from Baltimore and elsewhere is burnt with filthy coal offal, procured from yards, and of course inferior in quality and of much less value as a fertilizer than that furnished by Mr. Coulter.

Mr. Coulter must certainly possess some secret in manufacturing his Lime, for we have never seen any Lime where all the shells were so thoroughly burnt. He burns ten thousand bushels in ten days, and every shell is converted into Lime of the finest quality and as white as the driven snow.

Dr. James Higgins, State Agricultural Chemist, in company with Col. Walton, visited Mr. Coulter's place of business a short time since, and pronounced his Lime the most beautiful article of the kind he had ever seen.

Mr. Coulter furnishes his Lime at Baltimore prices; and the farmers of Anne Arundel county and others would do well to give him a call, if they wish to procure an article of superior quality. FARMER.

THE EASTON FOUNDRY

IN FULL BLAST.

THE farmers of Talbot and adjoining counties are informed that my **New Foundry** on the front street, at the lower end of town, on the road leading to Trappe, in Easton, is now in full operation, where all kinds of casting for the farmers can be done at the shortest notice, and in the most satisfactory manner.

I have on hand, and intend keeping a full supply of the following articles:

PLOWS and PLOW-CASTINGS of all kinds; HARROWS, CULTIVATORS, &c, which will be sold *below Baltimore prices, for* cash. As I have been at great expense to fit up a complete Foundry, I hope the farmers will give me a liberal patronage, and spend their money at home instead of sending it abroad. Nothing will be left undone to give entire satisfaction.

HERRINGS PATENT CHAMPION
Fire and Burglar Proof

SAFES,

WITH HALL'S PATENT Burglar PROOF LOCKS.

FARRELS & HERRING, Makers,
34 Walnut St., below Second, Phila.

THE great interest manifested by the public to procure more certain security from fire for valuable papers, such as Bonds, Mortgages, Deeds, Notes and Books of Accounts, than the ordinary Safes heretofore in use afforded, induced the Patentees to devote a large portion of their time for the last fourteen years, in making discoveries and improvements for this object, the result of which is the unrivalled:

Herring's Patent World's Fair Premium FIRE PROOF SAFES.

Universally acknowledged as the Champion Safe of the World. Having been awarded Medals at both the Worlds Fair, London, 1851, and Crystal Palace, N. Y., 1853, as superior to all others, is now undoubtedly entitled to that appellation, and secured with Hall's Patent Powder-proof Locks—which were also awarded separate Medals, (as above)—forms the most perfect Fire and Burglar Proof Safes ever yet offered to the public.

Nearly 300 'Herring's Safes' have been tested during the past 14 years, and more than 16,000 have been sold and are now in actual use.

Also on hand or manufactured to order, all kinds of Boiler and Chilled Iron Bank Chests and Vaults, Vault Doors, Money Chests for Brokers, Jewellers, Railroads, private families, &c., for Plate, Diamonds, and other valuables. sep 8—1y
