Card of Thanks.

The Ladies connected with the Methodist Protestant Fair and Festival, which closed its session on Friday night of last week, take this method of returning their sincere and heartfelt thanks to a generous public for the very liberal patronage extended and to the newspapers of the town for the valuable assistance rendered in giving publicity to the object for which it was held.

Upon all these noble spirits they invoke the blessings of the Good Master and hope they will receive their reward at the Harvest when the Mighty Reaper of souls shall set judgement upon the deeds of men.

LADIES OF THE FESTIVAL.

ARRESTS.—The following negroes were arrested and placed in jail by Sherriff Bennett and his deputies, during the past week:—Frank Johnson, charged with stealing; James Sampson, charged with stealing; George Sutton, charged with perjury; Jacob Sutton, charged with stealing. The following negroes had previously been arrested and lodged in jail: Thomas Woolford, for attempting to drown Mr. Taylor, a seine hauler; Robert Skinner, alias Robert Smiler, for stealing; Perry Blake, for assault and battery with intent to kill; George W. Laws, for stealing.

REPORT OF THE GRAND JURY.—The following is the report addressed by the Grand Jury to the Court respecting the condition of the jail:

To the Honorable the Circuit Court for Talbot County:

The Grand Jury, in the discharge of their duty, have visited the jail and report the same in good condition, reflecting credit upon the Sheriff.

The cleanliness of every room shows that the health and comfort of the prisoners have been carefully attended to.

Respectfully submitted,

H. P. HOPKINS, Foreman.

November 29th, 1870.

BIG STEALING.—On Thursday night week, some negroes in Miles River Neck stole a fine cow from Mr. John W. Fooks, butchered her in the field, buried the hide, and carried off the meat. Mr. Fooks missed the cow, and was looking for her several days, and only detected the theft by his dogs finding the hide of the cow in the woods. A few days before he missed two fine sheep, and it is believed that they went in the same way. "Cabbage town" is supposed to be the headquarters of the band of thieves who have committed these and other depredations on the property of Miles River farmers.

ANOTHER RAPE.—The Chapel district of this county on Thursday morning last was the scene of another attempt to commit a rape on a white school girl by a negro man. The child was Sallie Davis, niece of William Yeo, and the negro Charles Hughes, who lived with Mr. Samuel T. Love. The child was alone, knocked down, badly beaten, and dragged some distance into the woods while on her way to King's Creek school. The villain took out his knife and threatened to kill her. Just at this time George Buckley called the negro to assist him in loading a cart with logs. He then let go the child and told her to "clean up." She went home, gave information to her friends, who had a writ issued for Hughes, and Officer Hopkins went in pursuit of him. At last accounts he had succeeded in eluding the vigilance of the officer. Hughes has a wife living with Mr. S. T. Love, and admitted to her his attempt to commit the crime, and that he would have to leave. It is to be hoped that the brute will be caught and punished to the full extent of the law.

P. S. Up to last evening all efforts to capture Hughes had failed. He is a very bad negro. When a slave, it is said he ran away, and lived six months in a cave, in the forrest, and baffled every attempt to arrest him.

At the request of Mr. Yeo, we publish the following:

To the Editor of the Easton Star:

Friend:—As the Editor of the Easton Gazette was partly in error in regard to the facts in the assault on my niece, then will confer a favor by publishing the following:

The man, Charles Hughes, was cutting wood in the woods through which she had to pass in going to school. When she had passed him some distance, she heard some one running after her, and on looking back saw Hughes running after her, but looking in the woods as if he was looking for something. She left the road and started toward the field for him to pass by, but instead of passing, he came up to her and struck her, threw her down and then with his fist about the head, knocking her down. He then took from his pocket a knife and opened it, when she said, "now you are going to cut my throat; I never done you any harm, why do you wish to kill me?" He then said he would not Kill her, and put up his knife, and seized her by the throat and dragged her some distance through the woods. Finding some one calling him, he released his hold of her throat, and then pointed to the road, saying, "there is the main road; go back to the corner, and I will come there and help you find your books; don't tell any one,"—and started in the direction from whence the call proceeded. She went to the road and ran home as fast as she could.

Respectfully thy friend,

12th Mo., 3d, 1870. WM. B. YEO.

DESCRIPTION OF HUGHES.

He is about 5 feet 4 inches high—30 years old—*red mulatto*—straight glossy black hair—has a scar in the left corner of his mouth, having been hocked by the horn of a cow when a boy—and lost his toes off of one foot, from having been frost-bitten.

After court adjourned on Saturday, Mr. Sheriff Bennett took the matter in hand, and appointed several special deputies, with power to summon a posse if necessary to capture him. On Sunday morning he took Detective Dillen to the scene of action, and after consulting with the neighbors, it was thought best to remain quiet till night. Detective Dillen and Deputy Sheriff Lynch concluded they would take a tour through Beaver Dam Swamp. In the search they got separated, and officer Dillen got lost. About night he came out of the swamp near upper King's Creek Bridge, and had to foot it to Easton. He reports having scared up several foxes, but saw nothing of the negro.

THE RAILROAD.—Mr. J. L. Caldwell is near Oxford Neck road laying track on the railroad. He proposes to give an excursion to Oxford Neck about Thursday afternoon the 15th inst., when the track will be laid to Dr. William's farm. Would it not be better to defer it a week or ten days later, when the track will be laid to Oxford? We could all go down then and have a general hurrah over the completion of the road. He certainly deserves great credit for the energy with which he has pushed forward this improvement nearly to completion.

SERIOUS ACCIDENT.—As Dr. N. Comegys was on his way to visit Mr. William Rose on Wednesday, and just as his carriage turned into Mr. Rose's back road, his horse become frightened by a dog that was chasing a rabbit, ran off, upset the carriage, threw the Doctor out and broke his right arm. On Thursday he was very ill from the effects of his fall. We have not heard from him since.

AN ANCIENT WHETSTONE.—One day last week James E. Reynolds, on the Mackey farm, in Chapel district, cut down an old cherry tree. On splitting open the trunk, he found an old scythe stone in the heart of it, about three feet from the ground, and near four feet from the first limb. It is supposed the stone was put on a limb of the tree when it was small in harvest time, and that it remained there until the bark grew around it, and finally became imbedded in the wood.

LABOR AND IMMIGRATION CONVENTION.—We invite special attention to the call for a public meeting to-day at the Court House, to appoint delegates to represent Talbot county in the Labor and Immigration Convention, to be held in Baltimore, on the 13th inst. The question of improving the farm labor of the State is at this time very properly agitating the people of the Western Shore, and the Eastern Shore should not fail to take a like interest in it. We notice that Anne Arundel, St. Mary's, and other counties, have appointed large delegations of their best citizens to attend the proposed State Convention, and we hope the meeting to-day will send a delegation that will do honor to Talbot.

DR. HOLLAND TO LECTURE AT ROYAL OAK SHORTLY.—The Sabbath School at Royal Oak attached to the M. E. Church (South) have secured the services of Rev. Dr. R. A. Holland, who will deliver one of his popular lectures in the course of a few weeks. Dr. Holland is one of the most popular lecturers in the country, and the community will be highly repaid for attending whenever the lecture shall come off, of which due notice will be given.

St. Michaels Jottings.

COLLISION IN THE BAY.—The schooner Hester Ann, of Choptank river, collided with the Steamer Urbana, of the Miles and Wye river night line, in the Chesapeake, off Magothy, about 5 o'clock on Saturday morning last. The steamer was badly damaged; one wheel-house was demolished, and one wheel destroyed. The schooner struck with such force that her bowsprit had to be cut away to separate the two vessels. The steamer was bound up with a great deal of freight, and large passenger list; the schooner was laden with lumber and bound down. The Urbana reached Baltimore about 1 o'clock Saturday afternoon, having made her way up, after the accident, under one wheel.

CALL ACCEPTED.—Rev. Lucius C. Lance, pastor of Wye Parish, has accepted a call to Frankfort, Ky. Mr. Lance is regarded as one of the ablest clergymen in the Diocese of Easton. His conjustors and people will part with him with regret.

DECEASED.—Thomas I. Sherwood, Esq., well known citizen of Bay Hundred district, died on Thursday last. Mr. S. was an aged man, and his health had been failing for some time. He was the founder of the town of Sherwoodville.

LECTURE.—Professor Newell will lecture on the subject of Education at St. Michaels on Friday night, the 16th instant, for the benefit of the St. Michaels High School. We bespeak for him a large audience, and guarantee that he will give one of the most intelligent lectures that has ever been heard in that town.

BE WISE TO-DAY.—'Tis madness to neglect a cough or cold, however slight. Consumption may follow, and though *Dr. Wister's Balsam of Wild Cherry* has frequently cured the most desperate cases, it almost invariably cures the slightest. Beware of the threat. Keep medicine, where other remedies fail.

MURDER CASE REMOVED.—The case of Fred Lawrence, negro, indicted for murder in the Circuit Court for Talbot County, has been removed to Caroline county, and will come up for trial in April next.

NO HUMBUG.—We do not wish to inform you, reader, that Dr. Wonderful, or any other man, has discovered a remedy that cures all diseases of mind, body or estate, and is designed to make our sublunary sphere a blissful Paradice, to which Heaven itself shall be but a side show, but we do wish to inform you that Dr. Sage's Catarrh Remedy has cured thousands of cases of Catarrh in its worst forms and stages, and the proprietor will pay $500 for a case of this loathsome disease which he cannot cure. It may be procured of druggists or by mail for sixty cents, from R. V. Pierce, M. D., Buffalo, New York. A pamphlet sent free.

"CLEANSING THE BLOOD," upon which charlatans have harped so much, is not a mere catch-word and delusion. The microscope shows that some diseases exist like parasitic growths upon the globules of the blood, and it is further known that some subtile substance destroy or expel them. These substances have been combined to make Ayer's Sarsaparilla, which does effectually expel the disorders that breed and rankle in the blood to rot out as it were the machinery of life.—[Mercer (Pa) Whig.

[Communicated.]

MR. EDITOR—

It may not be wholly uninteresting to your numerous readers that weekly look over your local items, that they may be informed as to what is going on in the business circles of Easton.

We take advantage of a small space in one of your columns to say, for the benefit of all parties interested (and who is not?) that great activity prevails in the Dry Goods world.—The recent heavy frosts, and the yet more recent heavy November winds, have brought into requisition Heavy Wrappings, such as SHAWLS, CLOAKS, COATINGS, &c., &c., &c., which are to be found in great variety and at greatly reduced prices at the long established and well known store of THOMPSON & KERSEY.

QUITE AN EXCITEMENT

Is now raging in our always active and business little Town. A combination of events of no unimportant character has recently transpired to produce this excitement. Too much space would be occupied, and too much time would be required, to give a detailed account of all these events.

One of the most important, if not *the* most important of all these events of recent development, is the return of THOMPSON & KERSEY from the cities of Philadelphia and Baltimore again with additional attractions to their already very justly popular establishment—popular because of their ever ready, obliging and gentlemanly deportment to all; and popular especially on account of their very low prices. It is really astonishing to see what beautiful DRESS GOODS they are selling for 20 and 25 cents, and everything else in the same proportion. It would very richly repay any one visiting our Town to call and see them.

GRAPE VINES FOR SALE.—

I offer for sale at prices below the Northern Nurseries, some fine grape vines, which have been rooted and grown in Talbot county, and are therefore perfectly acclimated. The stock is composed of the following well tested varieties, which I can recommend as hardy and prolific: Delaware, Concord, Clinton, Croveling, Diana, Hartford Prolific, Iona, Israella, Ives' Seedling, Massachusetts, Rebecca, and Union Village. Some of these vines are one, and some two years old.

I can also be agent for Talbot county for the well known Eumelan Grape, sold by Dr. Grant to be the finest American grape yet produced.

Grape vines may be planted six or eight feet apart, or from 600 to 700 per acre. When six years old they will average 10 pounds to the vine, or six or seven thousand pounds to the acre, and will readily command 25 cents per pound. Any one who will make the calculation can readily see that grapes is the most profitable crop that can be grown.

There is no better section of country than this for grape culture, as all the improved varieties do well here, as I have already tested on my
