Terrible Storm at Sea.

All Hands ... but Everything Turned up Right.

THE STEAMER HIGHLAND LIGHT, after a stormy night and a clear sky, and the wind blowing a gale, reached Annapolis harbor. But strange to say, though many were made awfully sick, not a soul was lost. All goods destined for Easton reached here safely about 11 o'clock the next day, and created a terrible excitement on the "Flats." Such a rushing of men, women and children, old and young, to the front doors, never was seen before. Windows were thrown up, heads put out, and a general inquiry made, as to what had raised the excitement, when lo! and behold! it was cart-loads, and wagon-loads, and dray-loads of GOODS, destined for

Dave Griffith's Cheap Grocery Store,

where he would be happy to receive a call from the public generally. He challenges the Eastern Shore, and is determined to win the "First Position" among the cheap groceries, and can beat all the "Cheap Johns" in St. Michaels, Centreville, Denton, or Cambridge.

All articles kept in a No. 1 FAMILY GROCERY. LIQUORS of all kinds, by the gallon or bottle; FLOUR by the barrel or retail; SUGARS, COFFEE, BACON, HAMS, LARD, CHEESE, FISH, &c., &c.

Also, CANNED FRUITS of all kinds, such as Peaches, Pears, Plums, Strawberries, Pine Apples, Cherries, Blackberries, Whortleberries, and a great variety Brandy Fruits and Preserves, and canned Lobsters.

Pickles in variety, Sardines, &c.

CONFECTIONARY of all kinds, including Raisins, Currants, Citron, Ginger, Figs, Common and FRENCH CANDIES, and Nuts of all kinds.

Also, a splendid assortment of GLASS, CHINA, and QUEENSWARE.

The public are invited to call and get the worth of their money, as I defy competition and sell everything for cash or country produce, as cheap as any first-class grocery in the city.

SPRING & SUMMER GOODS.

POWELL & WRIGHT

Have received a full assortment of

DRY GOODS,

Groceries,

Notions,

Liquors,

WOODEN AND STONE WARE,

which they propose to sell as cheap, and upon as favorable terms to prompt buyers, as any house in this market. Our stock of

CASSIMERES

for Gentlemen's and Boys' Wear is well selected in style, and remarkably low.

We would, in this connection, call attention to our stock of GENTLEMEN'S FURNISHING GOODS, such as Under-shirts, Hosiery, Gloves, Collars, Bows, Ties, &c., which we will sell at less than city retail prices.

We have constantly on hand a large supply of

GROCERIES

of the best quality, purchased in large quantities, and consequently sell them at lower prices. To the lovers of good Coffee and Tea, we say give us a trial.

Through all the vicissitudes of trade, we have maintained the reputation of our stand for keeping a stock of the choicest and purest

LIQUORS,

purchased only from the same house that established the reputation of our predecessors thirty years ago as keeping the finest articles in this line on the Eastern Shore. Invalids and others desiring a choice article of Whiskey or any other Liquors, will be supplied.

We have constantly in store the best brands of FAMILY and EXTRA FLOUR, BACON, LARD and HAMS—the latter Maryland Brand Sugar cured. Also, LIME and SALT, and in fact, almost everything to be found in a well appointed store. We solicit a call.

THE DIAMOND
KNITTER,

Is unlike all the so called family knitting machines, which are but experiments at the expense of the public, and

Is the Only

practical knitter adapted to the family and light manufacturing. We have manufactured all

Practical

machines used in the European and American knitting factories. All the hosiery and knit goods for the use of the

Family

whether woollen, cotton or silk, whether useful or fancy, large or small, of any size or shape, are done on

Knitting

machines built on the same principle. So far from being an experiment like all other family Knitters, this

Machine

has been in successful operation for years, we have supplied a large share of all the knit goods now in the market.

5,000 in Use

both here and in Europe, have the control of the market for manufacturing purposes. We have reduced the size and simplified the method so that any person with little patience and perseverance cannot fail to use it and

Give Satisfaction.

Two persons working together can knit and complete with one machine, 30 pair of long stocking per day; or 60 pair of pulse warmers; or 120 scarfs, or 12 shirts or drawers, thus

Earning

a fair living or clothing up a household in a short while. The Diamond goes on its own merits and we simply want a trial to satisfy every one.

AN INCREASING CONFIDENCE

has crowned our efforts. We like to have it in every family, saving money, time, and the danger of purchasing worthless articles called family knitting machines.

THE PRICES ARE LOW

considering the cost of manufacture and other work in the family, being much more useful than any labor saving machine. The machine for coarse and middling yarn we denominate No. 1, price, $35. For fine yarn, No. 2, price $40. For either fine or coarse yarn, No. 3, $50.

MANUFACTURING

No. 5, for any size, $100 With the No. 5, two persons can knit 24 shirts per day.—Every machine is fully warranted for three years.

AGENTS

will find the sale of the Diamond a profitable and satisfactory business. If samples are

WANTED

we will send a pair of socks of any size on receipt of 60 cents.

Machines will be shipped to any address on receipt of price, or will be sent C. O. D. on receipt of one-third its value.

WALKER'S CALIFORNIA VINEGAR BITTERS.

Hundreds of Thousands

Bear testimony to their wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms which are the offsprings of Dyspepsia, are cured by these Bitters.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French, and Spanish.

Coughs, Sore Throat, etc.

No medicine or treatment can excel the powerful curative power of

DR. SIMMS'

White Pulmonic Balsam.

It cures with a rapidity unequaled by any other remedy offered for Throat and Lung diseases. It is recommended by over 2,000 persons in Wilmington, and hundreds in Philadelphia, Baltimore and other cities and communities throughout the country. Mr. Pennington, of Wilmington, Illinois, writes that there is not (with a few exceptions) a family in that city who will be without it if possible to procure it. Such is its popularity wherever it is known—and this popularity arises from the fact that it universally cures all who use it. There is no case of COUGHS, COLDS, SORE THROAT, ASTHMA, BRONCHITIS, CROUP, BLOOD SPITTING, HOARSENESS, and even PULMONARY CONSUMPTION, where the system is not broken down with the wear of the disease, or pretended medicine, or inexperienced advice, that this Balsam will not cure if carefully used, according to directions. We guarantee it all we represent it to be, and invite a trial from the afflicted everywhere. Price 50 cents, medium size, and $1 for large size bottles. Prepared only by

LOBSTEIN'S
QUINTESSENCE OF
JAMAICA GINGER.

THIS much esteemed and truly valuable preparation is warranted to possess, in a concentrated form, all the active properties of pure white Jamaica Ginger (the best variety.)

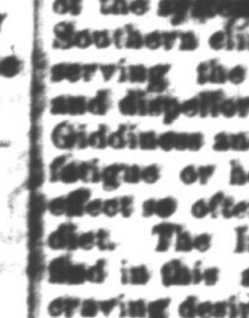

Thus prepared, the Quintessence will be found on trial an excellent Family Medicine, at home or abroad, being put up in a very portable form. It is unequaled in purity and strength and superior to any Ginger in the market.

An admirable remedy for Indigestion, Flatulence, Colic, Cramp and Dyspepsia, an excellent Tonic to persons recovering from fever and other diseases. For a languid and depraved condition of the system during the Summer months, and in Southern climates it will be found invaluable, deserving the favor of Travelers as a preventive and dispeller of Sea Sickness, Nervous Headache, Giddiness and exhaustion arising from excessive fatigue or heat, also preventing the deleterious effect so often caused by a change of water and diet. The Inebriate who wishes to reform will find in this a most valuable aid, as it allays the craving desire for Liquor, giving tone to the digestive organs and strength to resist temptation.

Dr. Schenck Advises Consumptives to Go to Florida in Winter.

Having for the last thirty-five years devoted my whole time and attention to the study of lung diseases and consumption, I feel that I understand fully the course that ought to be pursued to restore a tolerably bad case of diseased lungs to healthy soundness. The first and most important step is for the patient to avoid taking cold, and the best of all places on this continent for this purpose, in winter, is Florida, well down in the State, where the temperature is regular, and not subject to such variations as in more Northern latitudes. Palatka is a point I can recommend. A good hotel is kept there by Peterman. Last winter I saw several persons there whose lungs had been badly diseased, but who, under the healing influence of the climate and my medicines were getting well.

One hundred miles further down the river is a point which I would prefer to Palatka, as the temperature is more even and the air dry and bracing. Mellonville and Enterprise are located there. I should give a decided preference to Mellonville. It is two miles from river or lake, and it seems almost impossible to take cold there. The tables in Florida might be better, and patients complain at times, but that is a good sign, as it indicates a return of appetite, and when this is the case they generally increase in flesh, and then the lungs must heal.

Jacksonville, Hibernia, Green Cove, and many other places in various parts of Florida, can be safely recommended to consumptives in winter. My reasons for saying so are that patients are less liable to take cold there than where there is a less even temperature, and it is not necessary to say that where a consumptive person exposes himself to frequent colds he is certain to die shortly. Therefore my advice is, go well down into the State out of the reach of prevailing east winds and fogs. Jacksonville, or almost any other of the localities I have named, will benefit those who are troubled with a torpid liver, a disordered stomach, deranged bowels, sore throat or cough, but for those whose lungs are diseased a more southern point is earnestly recommended.

For fifteen years prior to 1869, I was professionally in New York, Boston, Baltimore and Philadelphia every week, where I saw and examined on an average five hundred patients a week. A practice so extensive, embracing every possible phase of lung disease, has enabled me to understand the disease fully, and hence my caution in regard to taking cold. A person may take vast quantities of "Schenck's Pulmonic Syrup, Seaweed Tonic and Mandrake Pills," and yet die if he does not avoid taking cold.

In Florida nearly everybody is using Schenck's Mandrake Pills, for the climate is more likely to produce bilious habits than more Southern latitudes. It is a well established fact that natives of Florida rarely die of consumption, especially those of the southern part. On the other hand, in New England, one third, at least, of the population die of this terrible disease. In the Middle States it does not prevail so largely, still there are many thousands of cases there. What a vast percentage of life would be saved if consumptives were as easily alarmed in regard to taking fresh colds as they are about scarlet fever, small pox, &c. But they are not. They take what they term a little cold, which they are credulous enough to believe will wear off in a few days. They pay no attention to it, and hence it lays the foundation for another and another still, until the lungs are diseased beyond all hope for cure.

My advice to persons whose lungs are affected even slightly is to lay in a stock of Schenck's Pulmonic Syrup, Schenck's Seaweed Tonic and Schenck's Mandrake Pills, and go to Florida. I recommend these particular medicines because I am thoroughly acquainted with their action. I know that where they are used in strict accordance with my directions they will do the work that is required. This accomplished, nature will do the rest. The physician who prescribes for cold, cough or night-sweats and then advises the patient to walk or ride out every day, will be sure to have a corpse on his hands before long.

My plan is to give my three medicines, in accordance with the printed directions, except in cases where a freer use of the Mandrake Pills is necessary. My object is to give tone to the stomach—to get up a good appetite. It is always a good sign when a patient begins to grow hungry. I have hopes of such. With a relish for food and the gratification of that relish comes good blood, and with it more flesh, which is closely followed by a healing of the lungs. Then the cough loosens and abates, the creeping chills and clammy night-sweats no longer prostrate and annoy, and the patient gets well, provided he avoids taking cold.

Now, there are many consumptives who have not the means to go to Florida. The question may be asked, is there no hope for such? Certainly there is. My advice to such is, and ever has been, to stay in a warm room during the winter, with a temperature of about seventy degrees, which should be kept regularly at that point, by means of a thermometer. Let such a patient take his exercise within the limits of the room by walking up and down as much as his strength will permit, in order to keep up a healthy circulation of the blood. I have cured thousands by this system, and can do so again. Consumption is as easily cured as any other disease if it is taken in time, and the proper kind of treatment is pursued. The fact stands undisputed on record that Schenck's Pulmonic Syrup, Mandrake Pills and Seaweed Tonic have cured very many of what seemed to be hopeless cases of consumption. Go where you will, you will be almost certain to find some poor consumptive who has been rescued from the very jaws of death by their use.

So far as the Mandrake Pills are concerned, everybody should keep a supply of them on hand. They act on the liver better than calomel, and leave none of its hurtful effects behind. In fact they are excellent in all cases where a purgative medicine is required. If you have partaken too freely of fruit and diarrhoea ensues, a dose of the Mandrakes will cure you. If you are subject to sick headache, take a dose of the Mandrakes and they will relieve you in two hours. If you would obviate the effect of a change of water, or the too free indulgence of fruit, take one of the Mandrakes every night or every other night, and you may then drink water and eat watermelons, pears, apples, plums, peaches or corn, without the risk of being made sick by them. They will protect those who live in damp situations against chills and fevers. Try them. They are perfectly harmless. They can do you good only.

I have abandoned my professional visits to Boston and New York, but continue to see patients at my office, No. 15 N. SIXTH Street, Philadelphia, every Saturday, from 9 A. M. to 3 P. M. Those who wish a thorough examination with the Respirometer will be charged five dollars. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not. But I desire it distinctly understood that the value of my medicines depends entirely upon their being taken strictly according to directions.

In conclusion, I will say that when persons take my medicines, and their systems are brought into a healthy condition thereby, they are not so liable to take cold, yet no one with diseased lungs can bear a sudden change of atmosphere without the liability of greater or less irritation of the bronchial tubes.

Full directions in all languages accompany my medicines, so explicit and clear that any one can use them without consulting me, and can be bought from any druggist.
