Local Record.

For public notice consult the advertising columns of the STAR.

The weather was quite warm again last week—hot suns in the day and cool at night—real bilious weather.

There were 82 new voters registered in Easton district last week, of which 46 were white and 36 colored, and 8 names were erased on account of account of death and removals.

Mr Thos P Hopkins, constable of Chapel district, was thrown from his carriage and slightly hurt a few days ago, but is out again and on his old beat.

The colored people arrested on suspicion of having set fire to Mr Wm H Arringdale's house have been discharged for the want of evidence to convict them.

Mr John Wyatt has purchased the farm in Miles River Neck which belonged to the heirs of the late Hugh Sherwood.

The Princess Anne Congressional Convention meets on Thursday next.

The proceedings of the Teachers' Institute crowded out last week, will be found in this morning's STAR.

Mr Noah J Foxwell having discontinued farming, will dispose of, at auction, at his residence on the Trappe road, on the 3rd of October, all of his valuable live stock and farming implements. Among his stock is a valuable Frank Pierce colt.

The Bishop's school, at the old church on Harrison street, commenced last week with about 25 scholars—a good beginning for a new enterprise. There is a prospect that the school will be large. It is in charge of Mr Chisholm, of Virginia. Principal.

The Fourth Annual Exhibition of the Maryland State Agricultural and Mechanical Association will be held at Pimlico, near Baltimore, on the 8th, 9th, 10th and 11th of October. HORACE GREELEY will deliver the Annual Oration. It is bad management to fix the annual exhibition in seeding wheat time; but such of our farmers as want to see and hear Mr Greeley should push ahead their wheat seeding and try and go.

The Masonic Lodge which recently bought the lot opposite Mr R J Trippe's drug store, with a shed on it, used for some time past by Samuel Patchett, for storing furniture, is having the building remodeled, with a view to make two store rooms of it. The rough boards of the front have been removed and replaced by dressed weather-boarding; a new floor laid, and the back part of the shed raised to 12 feet, by which improvement the store rooms will have a ten feet ceiling. Mr J C Ford is to occupy one room as a stove store, together with his son Mr Jno H Ford, who will move his stock of hardware into the same room. Mr John T. Brady will occupy the the other room as a harness shop. Two shops will be built on the rear of the lot, one for a tin shop for Mr Ford; the other for a cabinet shop for Mr Patchett. Mr Vansant is doing the work.

A HANDSOME NEW HOUSE.—We noticed in the STAR sometime ago that Frank E Pascault Esq, had contracted with Messrs West & Vannort, architects and builders, of Port Deposit, to put up a new dwelling on his farm near Easton, known as "Mulberry Hill." The painters are now putting the finishing touch on the job, which will be completed the last of this week. As this was the first house contracted for by West & Vannort in this county, there was considerable curiosity felt by our mechanics and others as to the quality and style of their work. Through the courtesy of Mr West, we visited Mulberry Hill on Saturday to take a look at house, which is three story, main building 32 feet front, by 35 feet deep; back building 16 by 30; with Mansard roof and cottage dormer windows on front building, and porch in front of both the main and back building, and spacious bay window in the front hall, fronting the main road. The building has a hall, two large parlors connected by folding doors, and breakfast room and kitchen on the first floor; on the second floor, six chambers, and three chambers on the third floor, with closets in most of the rooms. A continued walnut rail stairs winds up from the first to the third floor. The mantles are marbleized slate and very handsome. The proportions of the building are pleasing to the eye, the trimmings are handsome, and the workmanship including woodwork, plastering and painting highly creditable to West & Vannort as mechanics. The bay window in the hall is something new in these parts, and will make that part of the house most delightful in Summer. As there are folding doors between the parlors and the dining room, the whole first rooms can be thrown into one, should it be desirable to do so. The bay window and cottage dormers add greatly to the appearance of the building from the Chapel road. The front porch is one of the handsomest jobs of the kind we have seen in the County. This elegant job certainly commends these gentlemen as builders to our people. Messrs West & Vannort are now engaged in putting up the building for the Home for the Friendless, [illegible] and will [illegible] the ladies the same style of work they have done for Mr Pascault, [illegible] the town.

IMPORTANT CHANGE OF THE TIME TABLE ON THE MD. & DEL. RAILROAD.—On the 30th instant, an important change will take place in the time table of the railroad. On and after that day, only one train a day will be run on the road, leaving Easton at 8:30 A. M., and arriving here at 3:40 P. M. It would be well for the public to remember the change. Leaving here at 8:30 A. M., the cars will reach Philadelphia at 5:25, Baltimore 8:10, and New York 10:30 P. M.

CONCERTS.—Miss Adeline Phillips, assisted by Miss Stetson, of New York, will shortly give two vocal and instrumental concerts at the Town Hall, in Easton, to aid in the purchase of a new organ for Christ church. Miss Phillips has a highly cultivated voice, and is one of the most eminent and charming singers in the United States. She paid a visit to her friend, Mrs. Richard C. Hollyday, last Winter, attended Christ church during the visit, and many of our citizens will remember having heard her splendid voice in the choir. It was during that visit that she made the engagement to give a concert here in the Fall for the benefit of the organ fund. Miss Stetson who will accompany her, is a young lady, possessing great personal charms, who has recently returned from Europe, where she went to perfect her musical education. She has a charming voice, is a splendid performer on the piano, and will perform at the Concerts on one of Chickering's finest Grand Pianos. These distinguished visitors will be assisted by gentlemen of fine voices, who have volunteered their services. The music, to say nothing of the object of the Concerts, should attract a large audience.

LIVELY.—Yesterday, the dry goods establishment of Thompson & Kersey presented a busy scene. Piles of boxes and bales were seen in front of their store, while their efficient corps of clerks were kept busy opening and arranging new goods of every description, which had just arrived from the cities. Everything that a lady or gentleman can wish in the dry goods line, can be found at this store, from the cheapest article to the finest fabric. Now is the time to select your fall and winter goods, before the stock is picked over. They assure us that their prices will be as low as the lowest. They anticipate a lively fall and winter trade, and will do all in their power to secure it, and give satisfaction to purchasers.

MARYLAND JOCKEY CLUB.—It is with pleasure that we ask our readers' attention to the advertisement of the Maryland Jockey Club. The Annual Meeting will take place on Pimlico Course, Baltimore, commencing Oct 22d, and continuing for four days. These races have achieved a national reputation, and judging from the arrangements, we bespeak a successful meeting, and would urge upon all lovers of the turf to go the races, assuring them that a season of rare enjoyment may be anticipated.

MEDICAL NOTICE.

DR. ROBERT WRIGHT having removed from Queen Anne's county to the city of Baltimore, would inform the public that he still continues to give his undivided attention to the treatment of Dropsy, (attending in no other case), having made that disease a specialty for many years. Dr. Wright more than thirty years past made a most invaluable discovery in the treatment of Dropsy, which has enabled him to cure many of the very worst cases, and that, too, after they had been given over by some of the first medical men in Maryland. He will send the medicine to any part of the State, having cured many persons that he has never seen. Dr. Wright can be consulted in person or by letter, at No. 75 North Liberty street, Baltimore, Md.

DR. TUTT'S VEGETABLE LIVER PILLS.

Are composed of substances derived from the Vegetable Kingdom, and are particularly designed to act gently, but thoroughly on the Stomach, Liver, Bowels, and General Circulation. They act as kindly on the tender infant, the most delicate female and infirm old age, as upon the most vigorous system, eradicating every morbific Agent, invigorating the debilitated organs, building up the flagging nervous energies, and imparting vigor to body and mind.

They increase the powers of Digestion, and excite the absorbents to action whereby all impurities of the systems are carried off. The old stereotyped opinion that Calomel must be used

"To Carry off the Bile,"

Has given away before the light of science. The Vegetable Kingdom furnishes a remedy, free from all deleterious effects.

For Dyspepsia or Indigestion,

Headache, Pain in the Shoulders, Dizziness, Sour Eructations of the Stomach, Bad taste in Mouth, Bilious Attacks, Palpitation of the Heart, Pain in the region of the Kidneys, Despondency and Gloom, and forebodings of evil, all of which are the offsprings of a diseased Liver.

DR. TUTT'S PILLS
HAVE NO EQUAL.

They are specially recommended for Bilious, Remittent and Intermittent Fevers, which prevail in miasmatic districts during the Summer and Autumn. These diseases are invariably attended by derangement of the Liver and Bowels.

For Chill and Fever
THEY ARE A SPECIFIC.

PHYSICIANS ALL ADMIT

That Quinine only effects a temporary suspension of the attacks of Fever and Ague, unless its use is preceded by a reliable, Anti-Bilious Medicine.

THE TESTIMONY OF THOUSANDS establishes beyond a doubt that
