Those who have not renewed their license should do so at once, as the time is out.

There is at present a fine prospect for a full fruit crop in this county this season.

The Delaware Annual Conference of colored ministers will convene at Easton, Md., on the 24th of July next. Bishop James will preside.

R. J. Trippe has his soda fountain up and is ready to deal out the "fire exterminator" water to all who may desire to be refreshed.

Mr. Thos. W. Collins has commenced the erection of a new brick dwelling on railroad avenue, east of the depot.

The Easton Hotel, Mr. T. B. Garner, proprietor, is said to be as well kept now, if not better, than it has ever been. Mr. Garner knows how to keep a hotel

Jos. E. Horney, of Bay Side, and formerly a printer in the STAR office, has been appointed by the Presiding Elder, the junior preacher on Denton Circuit.

In our notice of the Maryland Agricultural College last week, the types made it "30 students" instead of 130. We cheerfully make the correction.

After the longest "dogwood" storm ever known in these parts, the weather cleared off nicely on Saturday night, and Sunday was a charming day.

Strawberries are in blossom, and the fruit may be expected to be ripe in about three weeks.—Last year the berries were ripe in this section by the first week in May.

The continuous rainy weather has been very injurious to crops. Corn planting will necessarily be late, and there is so much sap in the wheat, it is in great danger of being blighted by the hot June suns.

A beautiful Madonna and child may be seen at Patchett's window, drawn and done with pastels by Mrs. Rev. Dr. Wilson. It is an exquisite work of Art. This picture would command a large sum of money in the city, where people are able to indulge their love of Art.

The Right Rev. Bishop Auer, Protestant Episcopal Missionary to the Republic of Liberia, Africa, delivered an address at Christ Church, Easton, on last Tuesday evening, on the manners and customs of the native Africans. The Bishop is a German, and has been for many years a missionary in Africa. His address was very interesting. He also addressed the German Lutherans in their native language, on the similarity of the Lutheran and Episcopal churches, inviting the immigrants to commune with Episcopalians.

On Sunday night week, some dogs from town got into Mr. James M. Warner's sheep, killed one, and damaged several others. Mr. Warner removed the dead sheep and put up the others. The next day the dogs returned for a mess of the plunder, but not finding it, they went for Mr. J. Thomas Kirby's sheep, on the adjoining farm. The two dogs seized a sheep and refused to be driven off by a boy sent after them. Mr. Ewing, Mr. Kirby's overseer, then went for them with a gun, but the dogs made for town. He followed, not losing sight of the dogs, and after reaching town, shot and killed Capt. William H. Smith's valuable setter, and Mrs. Mary Jones' dog, declaring them the guilty curs. Both dogs bore evidence of having just returned from a chase after something. When dogs kill sheep, there is no mercy shown them by farmers, however valuable they may be. Capt. Smith has repeatedly refused $50 for his setter, which was considered one of the best bird dogs in the county.

EXHIBITION OF A GARDNER FIRE EXTINGUISHER.—On Friday the Gardner Fire Extinguisher Company of Philadelphia, sent one of their agents, Mr. J. H. Breed, to Easton, with a couple of their Extinguishers, for the purpose of showing our citizens what the machine can do in the way of extinguishing fires. On Saturday afternoon, at 4 o'clock, Mr. Breed gave an exhibition in the rear of the market house, in the presence of about a hundred or more persons, by knocking the heads out of nine tar barrels, (all he could procure in town,) filling them with shavings, saturating them with oil, and firing them. In less than half a minute they were enveloped in flame, when the operator walked up to the fire, turned on a stream of the fluid, and in precisely *one minute and three quarters*, the fire was entirely extinguished. The barrels were then refilled with shavings, saturated with oil, fired a second time, and the fire extinguished in *one minute and a half*. All present expressed their surprise and admiration of the performance. The Gardner Extinguisher is a two cylinder machine, and weighs twenty pounds less than the Babcock Extinguisher. The two machines differ also in the manner in which the acid is applied to the soda. It is surprising how so large a fire should be subdued in so short a time with so little water, and how much one man can accomplish at a fire with one of these little machines, which always stands charged, ready for work. The great advantage of the apparatus is, that it enables the fireman to fight a fire at close quarters. With a dozen of them playing on a fire, at every point where flame appeared, it would appear not difficult to subdue any fire, unless the building was so far gone that water could not save it. We certainly want some such apparatus added to our inefficient town fire department. Indeed it would be well if every merchant, manufacturer and housekeeper in town, able to spend $50 for one, to keep an Extinguisher on his premises, to be instantly used in case of fire. We like the principle upon which the Gardner Extinguisher is constructed. The town Commissioners were present at the exhibition, and expressed themselves much pleased with the working of the apparatus.

IMPORTANT ADMIRALTY DECISION IN THE SUPREME COURT.—The Supreme Court has decided, in the case of the "*Schooner Champion vs. Steamer Lucille*, that when a steamer and a sailing vessel are approaching, from the very moment the sailer is in view, the steamer shall watch with the utmost diligence her course and movements, so as to prevent collision; and that no fault on the part of the sailing vessel will absolve a steamer from responsibility which has suffered itself to get in a too dangerous proximity it being the duty of the steamer in all cases *to keep out of the way.*

This case was tried with conspicuous ability by Wm Sheppherd Bryan and Alexander Seth, Esq of Baltimore, and Jos B Seth, Esq, of Easton for the schooner, and Wm S Waters Esq, of Baltimore for the steamer. We congratulate our young friends upon their success in getting this knotty point settled.

THE HIGHLAND LIGHT.—The report in the Baltimore *Sun* last week, that this boat was on the marine railway in Baltimore, is untrue. She was thoroughly rebuilt last winter and is now on her old route. Last week she advertised to go to Denton on Sunday morning; but on reaching Easton Point, Capt. Leonard received a note from Capt. Smith, President of the Dover Bridge Commissioners, stating that, in consequence of the rainy weather, it had been impossible last week to complete the draw of Dover bridge, and therefore the steamer could not go up the river. We make this explanation at the request of Capt. Leonard, who regrets extremely having disappointed the Denton people.

CONCERT.—A vocal and instrumental concert will be given next Thursday evening at the town hall in Easton, by the graduates of the Maryland Institute for the Blind Mr. Jack Airrey, the violinist, is one of the graduates, and will be present to participate in the concert. These blind young men are making an honorable support by giving musical entertainments through the country. Go and hear them.

ANOTHER SMALL POX CASE.—A negro girl about 12 years of age was taken sick at Dr. Harrison's last week, and yesterday morning Dr. Anderson pronounced it a case of small pox.—She was promptly removed to the small pox hospital, about two miles from town. The girl's aunt lately came from Baltimore, where she must have been exposed to the disease, and doubtless gave it to the child since her return.

CHASTE AS ICE, AND PURE AS SNOW.—The fragrant SOZODONT is a scientific composition of the purest and choicest ingredients of the Oriental vegetable kingdom. Every ingredient is well known to have a beneficial effect on the teeth and gums. It removes all disagreeable odors, even that of tobacco. It speedily removes those ravages which children sustain in their teeth, owing to improper use of sweet and acid articles, which imperceptibly destroy them.

Spalding's Glue, the stickiest thing out.

☞SAVE YOUR DOCTOR'S BILL.—When Dr Wistar's Balsam of Wild Cherry will cure coughs, colds, bleeding at the lungs, and arrest the fell destroyer, Consumption, it does more than most physicians can do. The use of a single bottle, costing one dollar, will satisfy the incredulous that they need look no further for the required aid.

Marriages.

On the 27th ult., at the residence of Mr. Suton Hunt, in Broad Creek Neck, ROBERT JUMP to SUSAN A. HUNT, all of this county.

Deaths.

In Broad Creek Neck, on the 14th ult., of pneumonia, Mrs LUCRETIA JONES, in the 65th year of her age.

In Bay Hundred, on the 25th ult., JOHN W. WHITTMAN, in the 70th year of his age.

At his residence near Belair, on the 20th ult., SAMUEL BARTLETT, aged 37 years, 8 months and 2 days, formerly of Talbot county.

Fell asleep in Jesus, on Monday morning, April 28th, at the residence of her nephew, Joseph Rasin, Mrs. MARY ANN DIMOND, in the 78th year of her age.

At the residence of her son, J. A. Frank Neal, at Skipton, on the 29th ult., Mrs. ANNA NEAL, sister of the late Wm. Powell, Esq., in the 74th year of her age.

Suddenly on the evening of the 27th ult., at his residence, No. 165 Hoffman street, Baltimore, MARTIN GOLDSBOROUGH, in the 66th year of his age.

OBITUARY.

The announcement that was made a few days ago of the death in the city of Baltimore of MARTIN GOLDSBOROUGH, Esq., on the 27th of April, was received by many of the older citizens of our county with much regret. It cannot be said that he died young, being in his 66th year, yet the vigor of his constitution, and the regularity of his life, promised a greater length of days. His death was sudden and quite unexpected, but it was not without religious preparation for the great change. He was born of highly respectable parentage, being the descendant of two of our oldest and most esteemed families. He was the son of James Goldsborough, whose seat was "Boston," in this county, and of the daughter of Thomas Martin, of the same neighborhood. His maternal ancestors, of an ancient and honorable family of Hillfordshire, England, settled in Talbot as early as 1652, as numerous old grave stones, upon the land originally owned by them and bearing the family coat of arms, still attest.

Mr. Goldsborough was born in 1807. He received at home the best education the county could afford, after which he was sent to college in Hartford, Connecticut, where he was graduated. After this he settled upon his paternal farm, and married Miss Hayward, of Cambridge, by whom there were born to him seven daughters and a son, all of whom are living to mourn a tender husband and affectionate father.

Having adopted agriculture as his profession,—and it was then the profession of the best gentlemen of the land,—he pursued it with great success, and with an ardor that was inspired more by a real love for the pursuit, than by its emoluments. He was well known as a most capable producer of grain, and raiser of fine stock. To him the agricultural societies of the county are indebted for much of the usefulness they have possessed, and he was always among the foremost to promote those enterprises that redounded so advantageously to the agriculturists of Talbot and Maryland.

In 1853 he removed to the city of Baltimore, where he afterwards resided: but he carried the country with him to the town. He was still the farmer, with the farmer's pursuits and pleasures, though leading the life of a citizen. As his knowledge of agriculture was not theoretical but eminently practical, he was able to show himself a most efficient coadjutor of those who by the employment of their wealth were anxious to promote the farming interests, but knew not the way. He was, therefore, always active in the management of those great fairs which have been held in the city of Baltimore from year to year, and it has been through his agency in no small degree that they have been so successful. He has usually been the chief marshal at those fairs.

His struggle for life was an arduous and difficult one, but he acquitted himself well, and if he won not great success or great distinction, he fought his fight bravely to the end, against great odds, and died with honor. Peace to his ashes.

THE GREAT REMEDY FOR

CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

—(:o:)—

We especially call attention to the following testimonials of the Paint:

Pleasantville, Harford county, Md., Feb. 26th, 1873.

Mr. C. P. Knight—Dear Sir: I am very happy to inform you that your Patent Enamel Paint has given entire satisfaction. I prefer it to any Paint I have ever seen used, and recommend it for durability and beauty, paramount to any other. Very respectfully, R. DICKEY, M. D.

Bel Air, Maryland, March 4th, 1873.

Mr. C. P. Knight—Dear Sir: I have been using, since last Spring, Bradley's Patent Enamel Paint, and am happy to say that it gives entire satisfaction wherever I have used it, and to parties to whom I have furnished it for other painters to use. Mr. John J. Street, who lives near Clermont Mills, to whom I furnished the Bradley Paint last fall, is much pleased with it, and gives permission to use his name in recommending so good a paint. S. H. Montague, painter, agrees with me as to the durability of your most excellent paint. I hope parties who have painting to do will look to their advantage and apply Bradley's Patent Enamel Paint, which is the most durable paint now in use. It holds its gloss longer than any other paint that I have ever used.

Yours, truly, E. C. GARRETTSON, House and Sign Painter.

C. P. Knight, Esq.,—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint.

Yours, truly, A. H. STRASBAUGH.
Creswell P. O., Harford county, Md., Feb 6th, 1873.

BALTIMORE, December 10, 1872.

MR. C. P. KNIGHT—*Dear Sir:*—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectation of economy, beauty, and, I have every reason to believe, in durability. More than twelve months since I painted the roof of my Hotel (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it I determined to paint the outside of the Hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I will say, if this testimonial will be any advantage to you, you are at liberty to use it.

Yours, most respectfully, ISAAC ALBERTSON,
Mansion House Hotel, N. W. corner Fayette and St. Paul Streets, Baltimore.

The Plains, Fauquier Co., Va., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.

Very respectfully and truly, S. McGILL, M. D.

Baltimore, September 15th, 1872.

Mr. C. P. Knight—Dear Sir: I used the Bradley Paint on our dwelling, in Howard county, in October last, and the color is as good, and the surface as glossy now, as it was when first put on. If I ever have to paint a house again, I shall certainly use it.

Yours, truly, DANIEL M. WORTHINGTON,
Secretary Baltimore Branch Security Life Insurance Co., 35 P. O. Avenue.

BALTIMORE, September, 30th, 1872.

C. P. KNIGHT, Esq.—*Dear Sir:*—I have had the Bradley's Patent Enamel Paint, which I purchased from you, used inside and outside, both at my dwelling and store for two seasons. It gives me great pleasure to be able to say that it comes fully up to your recommendations in facility of use, economy, durability and beauty. Yours truly, THOS. J. IRVING,
168 West Baltimore Street.

From Hon. John Wethered.

MR. C. P. KNIGHT:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor. Yours respectfully, JOHN WETHERED.

The following letter is equally strong and valuable:

BALTIMORE, December 27, 1871.

C. P. KNIGHT, Esq., Agent for Bradley's Patent Enamel Paint.—*Dear Sir:*—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather. This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.

Very respectfully, EMMART & QUARTLEY, 276 W. Baltimore Street,
House, Sign and Frescoe Painters.

MARYLAND LINE, BALTIMORE COUNTY, MD., September 24, 1872.

C P. KNIGHT, Esq, Agent Bradley's Patent Enamel Paint, Baltimore.—*Dear Sir:*—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw. The Painter I employed is delighted with it. He says that he can paint twice as fast, and at the same time do a better job, with the Enamel Paint, than any other paint he ever used. I can therefore without hesitation recommend it to the public, as one of the very best articles of paint ever introduced.

Yours, very truly, JAMES HALL.

PRINCE GEORGE COUNTY, October 24, 1872.

C. P. KNIGHT, Esq., Baltimore.—*Dear Sir:*—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will outlast any other paint I have ever seen. Very respectfully, MURRAY ADDISON.

CHAMBERSBURG, December 10, 1872.

MR. C. P. KNIGHT, Baltimore.—*Dear Sir:*—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface or material, and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters, to mix and furnish materials, wherein we have found the most deception.

feb25-3m Yours, truly, JACOB STOUFFER & SON.

The Thorough-bred Stallion

Morgan Blackhawk,

WILL travel this season in Talbot and Queen Anne's counties, commencing on th th of March and ending 20th June, 1873.

DESCRIPTION:

MORGAN BLACKHAWK is 7 years old, dark brown color, good size, handsomely formed, high spirited, of fine disposition and action.—He is a fast trotter, and one of the finest in Talbot county.

PEDIGREE:

He was sired by John C. Seward's celebrated trotting stallion, Morgan Blackhawk, who was sired by old Blackhawk. His dam was by Junius Blacknight; her dam by Uncle Sam. It will be seen that Morgan Blackhawk combines in his veins the blood of the Morgans, the Blackhawks, the Blacknights, and the Sams, stock noted for its beauty, speed, and endurance, and qualifying it for the road and the farm.

TERMS:

$10 for the season, if paid by the 1st of October, 1873; if not paid by that time $12 will be charged and collected; and $18 for insurance. 50 cts. in each case to the Groom.—Persons parting with an insured mare will be held responsible for the insurance money.

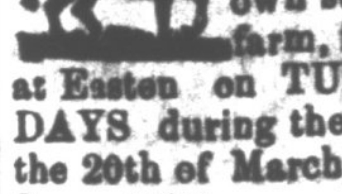
GRAY EAGLE.



THIS THOROUGH-BRED STALLION will stand at his own stable, on the "Fairview" farm, in Miles River Neck, and at Easton on TUESDAYS and SATURDAYS during the season, commencing on the 20th of March and ending on the 20th June, 1873.

GRAY EAGLE is 15 hands high, flesh color, nearly white, beautifully formed, and without a blemish. He is 11 years old—was sired by the celebrated Ohio thoroughbred race-horse Gray Eagle; his dam was a thorough-bred Messenger mare, owned by Thomas H. Oliver, Esq. He is unsurpassed by any horse in the State of Maryland.—Those who wish to secure his strain have now an opportunity to do so.

Terms:

The terms are $20 for the season, or $30 for insurance, and $1 in each case to the groom. Persons parting with insured mares will be held responsible for the insurance money. LEWIS O. WARNER.
