EASTON, MD., MONDAY MORNING, NOV. 3d, 1873.

SPURIOUS TICKETS.

Democrats are hereby warned that this county is flooded with spurious Democratic tickets. There are two kinds of them in circulation, both of which may be seen at the *Star* office. One is a long, large ticket, printed on *printing paper*, with a large Liberty cut at the head of it, inside of which is the American flag, with the words, "Constitution and Laws" printed over it. It is believed the ticket was gotten up in Baltimore. On this ticket is printed the name of only one of the Democratic *Delegates*; JOHN W. KEMP's *name is omitted*. The name of T. N. CHANCE our candidate for Register of Wills, *is also omitted*. Also, the name of JOHN C. HARPER, of our Commissioners ticket. The object of the getters up of this spurious ticket, is the defeat of Messrs *Kemp*, *Chance* and *Harper*.—Democrats should keep a sharp look out for these tickets in all the several districts, and see that none of them are voted. The fraud is easily detected.

The other is a more dangerous ticket. It is an attempt to *counterfeit* the true Democratic ticket, and was printed in Easton on letter paper. The type in which the candidates' names is set up is the ordinary Roman capitals. The names of all the Democratic candidates are on it *except that of* JOHN W. KEMP, on the Legislative ticket; in its place is printed the name of JOSEPH B. SETH. The one in our possession has a small cut of an anvil and hammer, and is easily detected when placed beside the regular Democratic ticket. It is a gross attempt to deceive and cheat Democratic voters.

Whether Mr. Seth had, or had not, this spurious and fraudulent "Democratic ticket" printed and circulated, we do not know. It is well understood who got up the Baltimore ticket. These spurious tickets were discovered at Chapel, on Saturday, and denounced by the speakers from the hustings. We warn Democrats to be on the alert. Post this "Extra" up around the polls, call the voters' attention to it, and carefully examine all tickets before they are voted. See that the names of ALL THE DEMOCRATIC CANDIDATES are on them. No *honorable* man of either party will countenance such a despicable mode of electioneering. Let the Democrats of the county answer this unfair attempt to defeat Messrs Kemp, Chance and Harper by triumphantly electing the whole Democratic ticket.

☞Can any thinking man in our community doubt that if the Republicans secure a majority in both branches of the Legislature of the State that they will attempt to remodel the organic law by a call for a constitutional convention? Shall we be saddled with this expense to the tax-payers? Shall we incur the risk of another constitution with a clause therein which may again disfranchise a portion of our people? Shall we run the risk of our present jury system being tampered with, a new class of jurors induced into our jury-boxes, and having a new and obnoxious system of public schools inflicted upon us?

☞DO YOUR DUTY TO-DAY.—Friends, Democrats, Conservatives, white men, we call upon you one and all to attend the election to-day. Come out in your might, come early and come determined to do your duty. Take your places at the polls in your respective districts; and work faithfully and actively for the success of your ticket. Let no man's name be scratched, if possible, and work for the success of the whole ticket. Do not cease your work until the polls close, but be active, anxious and ready to do your duty for the success of the white man's ticket and the cause of free government.

☞Democrats, don't swap! Don't exchange one of our candidates for the whole Radical ticket. The Radicals hope by persuading Democrats to scratch a name here and there, to elect some on their ticket. Don't exchange upon any conditions, vote the whole ticket without a scratch, and glorious victory awaits us to-day.

THE MEETING ON TUESDAY was a grand affair. The farmers of the county turned out in force, to hear the principles of the Democratic party expounded by those eloquent champions of Democracy, Judge Merrick, Capt. Franklin, Gov. Thomas and Dr. Pinckney. We have never witnessed a more enthusiastic gathering of the Talbot Democracy. The public dinner on the green occupied from 12 to 2 P. M. Then the fife and drum notified the masses that the hour for speaking had arrived.—The speakers' stand was erected in front of the Court House door, decorated with national flags, and streamers of red, white and blue.—A little after 2 o'clock, Col. Hambleton called the meeting to order in a few appropriate remarks, and moved that ex-Governor P. F. Thomas be called to the Chair, to preside over the vast assembly. The Governor took the Chair, and in a few pertinent remarks, introduced the Hon. William M. Merrick, of Howard county. Judge Merrick then delivered an able, eloquent and patriotic address, expounding Democratic principles, and severely criticising the measures of the Republican party. Seldom have we heard a more logical, forcible and beautiful speech on the stump. He was applauded to the echo. After he concluded, Hon. James S. Franklin, our candidate for Clerk of the Court of Appeals on the State ticket, was introduced, and eloquently addressed the meeting. His address was one continual strain of eloquence, replete with wit, humor, satire, ridicule and sound argument.—He laid bare the hypocracy of the so-called Reform movement in Baltimore city, and showed that it was only Radicalism in a new dress. He analyzed the Radical measures, and showed how atrociously the people of the South and West are taxed to build up New England, exposed the Post Office Savings Bank and National Telegraph System, which the Radicals propose to establish, and paid a beautiful tribute to the ability, fidelity and high honor of Col. Woolford, the candidate for Comptroller, whose engagements elsewhere prevented him from visiting Easton.—Capt. Franklin is a natural born orator, and one of the most effective stump speakers in the State. After he concluded, Gov. Thomas was called for, and spoke some twenty minutes in his forcible and eloquent manner, mostly on county and State affairs. The Governor was followed by Surgeon Ninian Pinkney, who declared that, although it had been adjudged that he was too old to do service in the United States Navy, he was not too old to do battle for the Constitution. He warned the people that their liberties are in imminent danger from the ambition and corruption of the party in power. All the speakers urged the voters to support the nominated ticket.—It was only by keeping up the party organization that we could hope to oust the Radical party from power in the National Government; and the example of the Democracy of Ohio was presented as one it would be glorious to follow; the Democrats of that State having just elected a Democratic Governor and Democratic Legislature, where the Republicans have held sway for the last twenty years. After the speaking concluded, a Radical present sent up some questions to the stand, with the request that Mr. Franklin would answer them, and answer them he did, in a manner that made the inquirer after knowledge take out with his coat tail at an angle of forty degrees.

We congratulate the Democracy on their great rally on Tuesday. Its good effect was everywhere visible on the faces of the crowd. Every Democrat seemed in a good humor, earnest and resolute to do his duty to-day. Let old Talbot roll up at least 200 majority for the State ticket, and quite as much for our county nominees. If we will but stand together as we should, the enemy will be put to flight, and that will be the last of him.

The Republican policy has at last culminated. It has resulted as Democrats predicted it would; in the ruin of the liberties of the Southern States, and in the utter destruction of Northern prosperity. The Republican Banking System, the Republican Protective System, the Republican Financial System, the Republican schemes of speculation have all collapsed. The Northern brokers have failed, the Northern manufacturers have failed, many Northern banks have failed; thousands of capitalists have been ruined in a day, and tens of thousands of working men have been thrown out of employment, and know not to-day how they are to subsist next winter. The Republican party has sown the wind, and now the country is reaping the whirlwind. What the end of all this disaster is to be none can tell; but if the people are true to themselves, they will with trumpet tones demand that the Republican party shall surrender its power to those who know how, and will properly administer the Government, for the good of the people. Notwithstanding the Republican party has brought political and financial ruin on the country; notwithstanding it has been weighed in the balance and found wanting; notwithstanding the lamentations of the people, whose fortunes are in ruin, and whose produce is rotting in the markets, because the banks have suspended, and there is no money to buy it; notwithstanding the South lies a bleeding victim at the feet of the Republican tyrant, with her liberties cast to the carpet-baggers and the dogs, and the North sits in sack cloth and ashes, grieved at having worshipped the Republican idol through a mistaken patriotism; this same Republican party, with ruin and desolation on every side, political, financial, manufacturing, agricultural and moral ruin, all the result of its pigishness, selfishness, ignorance, perverseness and insanity, now has the brazen-faced impudence to come again to the front, and to ask the people of Maryland, yes, the intelligent people of Talbot County, to endorse its past ruinous policy, and to elect its candidates, all of whom entirely approve of what the Republican party has done towards ruining the country. Better that the country should be visited with war, pestilence and famine, than that the Republican party should get absolute sway, for time could cure the consequence of those ills; but when a free people once surrenders their liberties, they are hopelessly lost forever. Let Maryland Democrats pronounce to-day to freemen far and near, that they know what Radicalism is, and that they will always resist and not embrace it.

Look Out For Spurious Democratic Tickets.

It is reported that spurious Democratic tickets are in circulation. Look out for them. They are said to be plentiful in the Chapel district, and may be circulating in other districts. The fraud, it is reported, has been committed by a fraudulent Democrat, who had the tickets printed in Baltimore. Democrats should therefore examine their tickets carefully before voting, and every one of these spurious tickets that can be found should be seized and torn up, and the party that committed the fraud should be taught in the most practical manner that he cannot thus deal with the Democratic party.

☞Don't fail to vote for WOOLFORD for Comptroller. He is a faithful public officer—true to the State and just to the people—and should receive the votes of all who would be certain of the continued financial prosperity of the State. He should receive a largely increased majority both in the county and State over that of two years ago. Vote the whole ticket.

☞TO-DAY IS ELECTION DAY. Every white voter should weigh well the interests involved in the contest. Not only vote for the Democratic Conservative ticket, but see that your neighbors and friends are at the polls and cast their ballots also. Don't be half-hearted in the good cause. Be active and vigilant from now until the polls shall close, and a glorious victory is sure to be the result.

THE TIME FOR ARGUMENT IS PAST,
and the hour for
WORK
is at hand. Let every Democrat do his duty to-day, and the whole ticket will be triumphantly elected.

WE HAVE THE VOTES,
if we can only get the voters out. Every Democrat should exert himself to the utmost to secure a full vote.

LET NO DEMOCRAT STAY AWAY FROM THE POLLS.

Let no Democrat scratch his ticket, remembering that every mark on a ticket leaves an indelible mark on the record of the Democrat that votes it, which time cannot wash out.

EXAMINE YOUR TICKET
before voting, to see that all the names are right, and that there is no cheating. The enemy would resort to any manoeuvre to carry the day, hence it is important to be on the watch for him.

VOTE EARLY.

When your votes are once in, they will count, no matter what accident may befall you. If voting is delayed till late in the day, something may turn up to prevent your voting. After you have voted, you can then

LOOK OUT FOR YOUR FRIENDS,
and see that they vote. Let

THE SICK AND INFIRM
be attended to. Provide means for their getting to the polls. If any are disposed to waver, persuade them

NOT TO CUT THE TICKET,
but to vote it just as it is printed. Democrats vote for *Principle*, and not simply for men. Voting is an important act which the citizen does for his country, and if he sincerely believes his party right, he will not, and cannot, do otherwise than sustain the whole ticket nominated. He cannot cut his ticket without compromising principle.

THE DEMOCRATIC TICKET
is worthy the support of every Democrat, and should receive the support of every Democrat. Let Democrats, then,

GO TO THE POLLS
this morning with their imperishable principles inscribed on their banner, resolved to fight unitedly for those principles to the last, and to maintain the freedom of our good old commonwealth, and to defend the liberties of her citizens or die in the attempt. Democrats, once more to the polls

FOR VICTORY AND LIBERTY.

MR. J. B. ASKEW, one of the leaders of the Radical forlorn hope of Baltimore, at a Republican meeting on Wednesday night, in an attempt to bully the Democratic party of the city, said, if his bullying did not prevail, and he did not get what he termed "justice" for his unjust party, "he thanked God there was a national government, and a man at the head of it who would give them their rights, and they would appeal to the enforcement law, *and stretch it, if necessary*." If the Democratic party refused the Radical demand for Radical judges of election, in a Democratic city, he should "ask for the appointment of United States inspectors and supervisors at the election next Tuesday," (to-day). He then boasted that the Republicans would carry the counties and a majority of the legislature, and "they would slam the doors of that body in the faces" of the Democratic delegates elected from Baltimore. This is the insanity of despair. Mr. Askew is mistaken. The Radical party will not carry the counties nor the next legislature. This intemperate speech of his will show the Democratic counties that the old vindictive, proscriptive, and disfranchising spirit of the Radical party still lives, and that it only wants the power to act over again in Maryland its tyranical reign of 1864 and 1865. This atrocious speech will drive all discord from the Democratic party in the counties, and rally it from Alleghany to St. Mary's, and from Cecil to Worcester. Democrats, in this speech of the terrible Askew you hear your doom, should the Republicans carry the State. Remember, therefore, that the price of liberty is eternal vigilence, and, rally to-day at the polls as one man to drive back the tyrant before he gets his heel upon your necks. Democrats, your rights, your liberties, your peace and prosperity, all you hold dear in life, are in immediate danger. The spirit of this speech, which was applauded to the echo by a large Republican meeting, conclusively proves it. Mr. Askew professed to express the language of Judge Goldsborough in these threats, but we cannot think that Judge Goldsborough ever used such language. It is the language of lawlessness, and Judge Goldsborough does not profess to belong to the lawless school.—Whether he approves the speech or not; whether Mr. Askew used Judge Goldsborough's language or only his name with permission, to give importance to his utterances, Democrats should take care that such men are not lifted to power. It is to be hoped that the election to-day, in every county in the State, and in Baltimore city, will rebuke the Askew spirit with an emphasis that shall show unmistakably, that like the noble Democracy of Ohio, the Democrats of Maryland know their rights, and knowing, dare maintain them.

Political Scheming in Ohio.

WASHINGTON, Oct. 30.—It seems from the expressions of the personal and political friends of Governor Noyes, Secretary Delano, and of some of the other republican aspirants for the position of U. S. Senator from Ohio, that these gentlemen have not by any means given up their hopes on account of the election of a democratic Legislature. A constitutional convention has been in session in Ohio for many months, fixing up a new constitution for that State. It is now said that a clause will be inserted in the new constitution, which will be submitted to the vote of the people next spring, providing for the election of a new Legislature next fall. As the present term of Senator Thurman does not expire until March 4, 1875, it is claimed that such new Legislature, which would meet at least two months before that time, would only have the power to elect his successor. The republicans would have a good chance, it is said, of carrying the State, as the election for members of the House of Representatives takes place in 1874, and a very full vote will thereby be brought out. It is a matter of no doubt that some such scheme as this is a plot to deprive Senator Thurman of the well-earned reward of his late victory. The scheme, however, is not certain of success, for the new constitution itself has yet to be adopted.

CONVICTION OF A FAST CASHIER.—The trial of Frank L. Taintor, late cashier of the Atlantic National Bank of New York, charged with embezzling the sum of $425,000 of the funds of the bank, has speedily resulted in his conviction. The case was tried before Judge Benedict, in the United States Circuit Court of the southern district of New York. An offer was made in behalf of Taintor to prove that he acted by and with the consent of the bank directors in the fraudulent disposition which he made of the funds of the bank. The judge very properly excluded the offer, a decision which should give a salutary warning to directors of national banks to adhere to the sphere of their legitimate business. A motion, some weeks hence will be argued for a new trial, but it is to be hoped that the demands of justice will continue to be fairly met in the end, without regard to the social influences surrounding the prisoner.

A brutal murder was committed in Cumberland, Md., on Tuesday last by a man named John R. Resley, his victim being Lloyd L. Clary, one of the editors of the Cumberland Daily Times. Resley, it seems, took offence at some article in the Times, and arming himself went to the office and met Mr. Clary on the stairway. Here without a moment's warning, and taking advantage of his defenceless condition, the cowardly murderer shot him down in cold blood. Resley is now in prison, and if he is not hung for his crime he will not get his just deserts. Both the murderer and his victim were about 31 years of age, and members of the same party, but of opposing factions.

THE STOKES VERDICT.—The finding of the jury in the case of Edward S. Stokes, accused of the murder of Fisk, will probably have surprised no one. If he had been acquitted entirely and sent forth to breathe the air of liberty once more it would have been only what the public considered possible and even probable. When undoubted man-slayers, after an imprisonment of twenty-two months, and two grapples with the law, in the last of which he was found guilty of murder in the first degree, manages to get another trial, and has money enough to employ the best legal talent, and is necessary to put it elsewhere where it will do the most good, the probabilities are that he has not much to fear from the ultimate result. As it is in this case, Stokes is found guilty of murder in the third degree and goes to the penitentiary for four years. The bad character of Fisk has been at bottom the real ground of any sympathy which has been felt for Stokes, who was at one time a partner of Fisk in business, his match in bad habits, and worse in lawless crime, in as much as he added manslaying to his other evil deeds. Perhaps it may be better for Stokes personally that he is sent to prison than if he had been acquitted, as it is quite possible that some of Fisk's alleged desperadoes would in the event of Stoke's liberation have inflicted capital punishment upon him themselves.

This is no more than was attempted in Philadelphia lately, during the trial of Jas. Kingswell for the murder of Francis Malone, when a son of the latter approached the prisoner's box and made a plunge at him with a dagger. The blow was turned aside by an officer, who wrenched the dagger from this new candidate for gallows honors and took him into custody, despite his desperate resistance and cries for revenge on his father's murderer. Another man who came to the aid of the intending assassin was also taken into custody. If juries continue to enable criminals to escape the just penalties of their deeds it may be that, as in this case, the relatives and friends of the murdered man will be stimulated to take the law into their own hands, and that not even the temple of justice will be a sanctuary of refuge for murderers. Certainly nothing can be more demoralizing than the immunity which is practically extended to crime by the prevailing laxity in some quarters, in the administration of justice, especially as regards persons who can command influence and pertinacious and determined counsel. Several murderers, without special advantages for making a fight in their own behalf, have been sent to the gallows since Stokes was committed to prison, though none have committed more horrible deeds than the killing of his father by young Walworth, who has been only sent to the State prison. It is to be hoped, however, that both these wretched men, as it is to be presumed they are, may find advantage and become changed by their incarceration.—*Balt. Sun.*

"A Wonder of Medical Science," may well be applied to Dr. Wistar's Balsam of Wild Cherry. It is nearly half a century since this remarkable remedy was introduced to the public, and yet the immediate and enviable reputation which it gained by its wonderful cures of coughs, colds, hooping cough, sore throat, influenza, consumption, and all bronchial complaints, is to this day fully sustained.

VINEGAR BITTERS
PURELY VEGETABLE FREE FROM ALCOHOL
DR. WALKER'S CALIFORNIA
VINEGAR BITTERS

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
