Local Record.

The warehouse attached to the Goldsborough's Head School house has been destroyed by fire.

Mr. A. F. Lorrimore has rented a house in Dr. Hinkels, and will go into the furniture business.

The Grand Jury has found a bill of indictment against a liquor dealer of this county, for violating the local option law, which will be tried next term.

Charles B. Gibson, Esq. Attorney, will offer a nice dwelling house at public sale on the 8th of December, situated near the depot. See advertisement.

The Easton Dramatic Association is preparing to give a round of dramatic entertainments which is news half about Christmas. They have "Oliver Twist" in rehearsal.

The new school recently established by the Friends has about as many pupils as it can accommodate. It is gratifying to know it is meeting with such encouragement.

The hearts of our people were gladdened on Friday morning by a gentle rain. It will do the wheat a world of good, has cleaned away the dust and set the grass in the pastures to growing again.

Under the Local Option law of Somerset co., five of the election districts of that county, at the late election on the 3d inst. voted against permitting the sale of spirituous or fermented liquors in said districts.

Attention is directed to the card of Wm. N. Lemmon & Co., Commission Merchants, 89 South Calvert & Co., Commission Merchants, 89 South Calvert street, Baltimore. The well known character and responsibility of the firm will commend it to the patronage of our farmers and shippers.

Mr. Spedden Orem Harris son of Mr. Edward S. Harris, of this county, has been appointed assistant Professor of Latin, in Randolph Macon College, Virginia, where he has recently graduated.

Mr. James T. Robinson is improving his property on Washington street, opposite the Bayside road, by building a new store and dwelling. The old storehouse has been moved back to be remodeled for a bank building.

Mr. James Corrie, Dentist, in Baltimore, writes. "I have used Dr. Ball's Cough Syrup personally and in my family for two or three years, and am prepared to say that there is nothing to compare to it as a remedy for Coughs, Colds, etc."

When you come to town on Thanksgiving day —next Thursday—to see the 5th Regiment, dont fail to go to the Hall and get your dinner.—The church ladies will have an abundance of the best to feed all that may come; and don't forget that the money spent with them will go towards building a church.

The "King Iron" is a new patent article just introduced into this county by Mr. John T. Ford of St. Michaels, who has purchased the county right. Attention is directed to his advertisement of the article. If it is all that is claimed for it, and Mr. Ford says that half has not been told it will be a valuable addition to the kitchen, which every housekeeper must possess.

Mr. Philemon Lloyd, of Trappe, died very suddenly of apoplexy on the night of the 16th inst. He was reading a newspaper at the time he was attacked, at his son's. His son noticing something strange in his manner, asked him what was the matter. He answered that he was going to be paralyzed, and in a few minutes he was speechless. He was taken at 7½ in the evening, and was a corpse by 10 o'clock that night. Mr. Lloyd was for a number of years in business in Baltimore.

The Southern Methodists have purchased the property corner of Harrison & Goldsborough street, on the corner between the residences of Mrs. Samuel and James C. Norris, and will at once commence the work of building a new brick church on the lot. The bricks will be made at the brick yard of Cooper & White. The congregation has long felt the want of a church in worship in, and we are gratified to learn that the efforts of their pastor, Rev. R. Matthews to build one, is about to be crowned with success.

Our Easton merchants sold a very large amount of goods last week; and no wonder, they are selling them so cheap. Nowhere on the Eastern shore can as handsome stocks be found as may be seen on the counters of our Easton dealers, and nowhere else out of the city are goods sold at so short profits as they are in this town. Beautiful stocks of the finest goods for both ladies and gentlemen are kept here, and nowhere else in the country can be found such an elegant and complete line of fashionable mill linery goods as are kept by our dealers in these goods. Ladies for thirty miles around come to Easton to purchase their bonnets, trimmings and fine dresses. And our tailors excel in the art of cutting, fitting and making garments of every description. These attractions must necessarily make trade lively, even in the hardest times, for all sense will have pretty wearing apparel, however much they may be compelled to economize in other matters.

From the publishers, the United States Publishing Company," No 13 Univertity Place, New York, comes a most interesting volume, entitled "A History of the New York Tombs: Its Origin and its Mysteries." It is edited by Samuel J. Markeever and James B. Mix, from facts contributed by Mr. Charles Sutton, for many years in supreme control of the prison as its warden. The work is most thoroughly interesting, containing, as it does, histories of all the great criminals that have been locked within the walls of that gloomy building, from its earliest days to the present.

The book having nearly 700 pages and 150 engravings, is gotten up in excellent style, and is for sale only by subscription. The publishers want an agent in every town—a good chance for an energetic man or woman to make money, as the book will sell.

A GREAT BENEFACTOR.—Parton says, in a recent history of the Sewing Machine, written for the *Atlantic Monthly*, and published in May number of 1867: "In the year 1854, after a long trial, Judge Sprague, of Massachusetts, decided that "the plaintiff's patent is valid, and defendant's machine is infringent," The plaintiff was Elias Howe, Jr.,—the real inventor. I. M. Singer" Judge Sprague further observed, that "there is no evidence in this case that leaves a shadow of doubt that, for all the benefit conferred upon the public by the introduction of a Sewing Machine, the public are indebted to Elias Howe, Jr." How great that benefit is we can form some idea when we consider the vast amount of work necessary to be performed by the needle, and remember that of the various branches of labor it is the most exacting upon the human system.

The Howe Machine is now offered to the public on such easy terms that persons of the most limited means can procure one with but slight pecuniary sacrifice, and thus the benefit conferred by the great inventor, at first confined to a few, is now within the reach of the poorest.

Bear in mind the "Howe" is the only Machine offered at five dollars per month and at New York prices.—F. L. Kurtz, Easton.

ATTEMPT TO BREAK JAIL.—On Saturday morning Sheriff Pitzjarrell heard a sawing in the jail, in the room wherein Horace Powell, Wm. Bolton, Frank Fountain, Jim Johnson, Bill Harvey, prisoners were confined. He at once instituted an examination, and found that they had cut a bolt in two with an old shoe knife, and had nothing to do but to walk out as soon as night came on. He had the bolt renewed, and stopped their attempt to escape. Horace Powell was the engineer in the business.—The others, except Johnson, were under indictment to be tried this term of the court.

THANKSGIVING SERVICE.—The M. E. Church of this town will be opened on Thanksgiving Day: Sermon by the Pastor. Service to commence at 10 o'clock. Seats Free. All are invited.

CHURCH REOPENING.—The M. E. Church of Easton, which has been undergoing repairs for the past two months, was reopened for Divine service on Sunday last. The improvements which have been made in the edifice certainly render it very attractive and one of the handsomest churches in the State. The walls have been newly and beautifully frescoed, the exterior and interior painted white, new and modern gas fixtures have taken the place of the old ones, and the lecture or Sunday School room has been enlarged and otherwise improved; a handsome carpet, covering the entire audience room has also been put down, which was donated to the church by the ladies. On each side of the pulpit are placed handsome flower stands 5 feet high, in which were placed white lilies. In front of the pulpit inside the chancel were two beautiful bouquets in silver vases.—The flower stands and the handsome gas brackets above the pulpit were the gift of L. Dodson, Jr., and are as handsome specimens as could be obtained, reflecting much credit upon the taste of the donor. The flowers were neatly and artistically arranged by the skillful fingers of three young ladies. Rev. Mr. Chapman, of Baltimore, at 11 o'clock A. M. delivered a discourse on the "Transfiguration of Christ," which abounded in rich gems of thought and beauty of expression. In the pulpit and altar were seated Rev. B. F Benson, of the M. P. Church, Rev. E. Smith-son, and Rev. Wm. H. D. Harper, of the M. E Church, South, and the Pastor of the Church, Rev. E. B. Newnam, to whose indefatigable zeal and exertions are due in a great measure the successful carrying through of these improvements. At the close of the sermon, a subscription was taken up, and in half an hour, over $1800 were subscribed, more than sufficient to liquidate the entire indebtedness of the church. Over $200 were subscribed by the Ladie's Mite Society, and $100 by the Sunday School.

At 2½ P. M., a Sunday School meeting was held, in which all the Schools of the town were represented. W. H. Thompson, Esq, commanded this army of children, and his good generalship was fully displayed in the arrangement of his forces, and in the order and decorum which was observed. Short speeches were made by Revs. B. F. Benson and Wm. H. Chapman, interspersed with some fine singing by the school under charge of L. Dodson Sr., with organ accompaniment. The children then brought forth their offerings, which were sealed in envelopes and laid them upon the alter rail, which was soon covered. This offering is intended to be used in further improving and beautifying the school room.

At 7 P. M., Rev. Mr. Chapman again preached to a large and attentive audience, his theme being "Faith," which he handled in an able manner. He is an easy, graceful and fluent speaker, and made a fine impression upon his audience.—At the conclusion of the sermon, the church was formally redediestrd by Mr. Chapman, assisted by Revs. Messrs. Benson and Newnam.

Before the congregation was dismissed, Rev. Mr. Newnam, the Pastor, in behalf of the Board of Trustees, in a few graceful remarks, returned thanks to the ladies of the Mite Society, by whose efforts the church has been so handsomely carpeted; and to the donor, (L Dodson Jr.) for the beautiful side lights and flower stands, which grace both sides of the pulpit; also to the Rev. Mr. Chapman for the efficient service which he had rendered during the day, and expressed the hope that he had been favorably impressed with his first visit to Easton, and that it may not be his last.

This brought forth Mr. Chapman in response, who said that he had been favorably impressed with everything and everybody he had seen here—that though he had dedicated so many churches, with but one exception had he seen the spirit of giving, as displayed here, excelled.

The singing of the choir during the exercises of the day was excellent. The organ was presided over by L. Dodson, Jr., whose skillful touches were the admiration of all.

The members and congregation certainly deserve great credit for thus beautifying and adorning their church property, which is a great credit to the town, and too much praise cannot be awarded the building committee, Messrs. Stewart, Thompson, Fountain, Avery and Coburn, for their untiring efforts to make it attractive in every sense. The official Board request us to say that the seats are free, and that strangers coming to Easton will find in it a hearty greeting.

The Grand jury having concluded the business before them, came in to court and made the following report, when they were discharged with the thanks of the court.

REPORT OF THE GRAND JURY.

The Hon. Jos. M. Wickes, The Hon Jos. A. Robinson, The Hon Fred. Stump,

Judges of the Circuit Court for Talbot county.

Your Honors:

The Grand Jury have visited and examined the county jail, which was found to be well and neatly kept. Altogether there were 11 prisoners in confinement—all males, two of whom were white and nine colored persons, no complaint of bad treatment was made by any prisoner. Of the whites, one is serving out a sentence of short confinement against the other no presentment has been made. Of the blacks, indictments have been found against two for committing murder; two for larceny; one for attempting Rape; one for Burglary and one for Blasphemy; for the running two in presentments have been found. The charges against Allen McClellan, James Johnson and Henry Homer not having been sustained, those prisoners are recommended to be discharged from custody. It is also recommended that the Sheriff be directed to take further precaution for the safe keeping of prisoners charged with the higher grades of crime.

Under the charge given us by the Court, that by recent decision upon the Act known as the Local Option Law, it was a violation of Law for any one to sell spirituous liquors in four election districts of this county, subsequent to the Proclamation made by your Honors declaring said Law to have been adopted by the voters of said Election districts, the Grand Jury made twelve presentments for violation of said law, against different venders, duly licensed to sell spirituous liquors. In consideration of the fact that prior to the decision of the Court there was general acquiescence in the community that said Law did not affect licensed venders until after the expiration of their license, and in the exercise of what is deemed a proper discretion, the Jury room considered its action after making these presentments, and upon more mature consideration of the matter ignored all the indictments save one, in order to make a test case to serve as notice from this time forth to venders, whether licensed or no—that the pains and penalties of said Law will be visited upon all who may hereafter be found guilty of violating its provisions. By accepting this course it is believed, the intent and spirit of the Law is amply vindicated while numerous persons—innocent of any purpose to violate the law—will be spared the fines and fees that would otherwise have been imposed upon them, and the county be saved the expense of prosecuting good citizens who respected the Law, which, in this instance, they had no intent to violate. Respectfully submitted.

H. E. P. HARDCASTLE, Foreman.

Nov. 21, 1874.

The Court adjourned till Monday morning at 10 o'clock.

MONDAY Nov. 23.—Jury in case of Bates vs. Powell returned a verdict of $61.40 for Plaintiff.

State vs. Henry Benson, indictment for assault with an attempt to commit a rape. Goldsborough & Roberts for defence. Removed to Dorchester county.

State vs. Frank Fountain, Indictment for breaking into the dwelling house of Jas. C. Tarbutton. Goldsborough & Roberts for traverser. Verdict not guilty.

State vs. William Murray. Indictment for stealing money from Hugh B. Valliant. Goldsborough & Roberts for defendant. Verdict guilty.

State vs. George Wheeler and George Hines, Indicted for the murder of Margaret Whitman. Powell & Harrington for defence. The case was severed, and jury sworn in the case of Hines. At 4 o'colck the court adjourned to 7 P. M.

ATTEMPT TO THROW THE CARS OFF THE TRACK.—Some malicious person placed some ties across the railroad track, in Duke's cut, Chapel district, on Monday week, for the purpose of throwing the cars off the track. Fortunately the plan of the miscreant miscarried, the cowcatcher attached to the locomotive having thrown the ties off without doing damage.—Conductor Baynard says they were thrown off by the uptrain, but were replaced for the down rain, showing that the scamp, whoever he is, meant business. Superintendent Caldwell has offered $25 reward for the arrest and conviction of the offender.

NEWSPAPER IMPROVEMENT.—Our neighbor of the Gazette has just bought a new Campbell country newspaper power press, and is about to enlarge the Gazette to an eight column paper, with new heading, and more space for advertisements and reading matter. We congratulate Mr. Councell upon this evidence of prosperity and enterprise. He recently bought a new job press, and when he gets his Campbell press up, he will have one of the most complete printing offices on the shore.

REV. Dr. GUARD TO LECTURE IN EASTON.—Rev. Dr. Guard, the eloquent Pastor of Mount Vernon M. E. Church, Baltimore, will lecture in the M. E. Church of Easton to-night.—All should go and hear him as, he stands in the front rank of lecturers, and his reputation as an orator is second to none in this country. Tickets 50 cents; children 25 cents. Doors open at 6½ P. M. Lecture to commence at 7½ P. M:

MORE LAND SALES.—J. F. Manoha, Real Estate agent, has sold Col. James Douglass' farm, near Preston, of 300 acres, to Salem A. Plimton, of New York for $3,000. Also Wm. W. Davis' farm, near Preston, of 50 acres, to C. H. Brush, of Ohio, for $1,300. Also a small farm in Chapel district, belonging to D J. Wells, 160 Acres, to Adam Cupler, of Pa. for $1,200.

BIRDS TO BE SLAUGHTERED.—There arrived on the train from Philadelpais, on Friday, five gunners, all in apple pie order for slaying birds, which our gunners have been looking for since the 20th of Oct., and all in vain.

At the last meeting of Hillsborough Lodge, No. 77. I. O. of G. T., the following officers were elected for the ensuing term: W. C. T. M'Kandree Downham. W. V. T.—Miss Annie L. Talbott. W. L.—C. W. Diggins. W. C.—Samuel Collins. W. T.—Thomas Brown. W. T. L.—Miss Mollie Cox. W. M. Wm. Harper. I. G. Miss Lilly Harris. O. L.—Robert A. Mason. Dr. P. S. Reynolds was recommended as Lodge Deputy and O. E. Jarrel was elected representative to the Grand Lodge. The order is said to be in a prosperous condition.

$25 REWARD.

I WILL give the above reward for the arrest and conviction of the party or parties who placed ties on the track of the Md. & Del. R. R, at Dukes' Cut, between Cordova and Hillsborough, on the 15th or 16th inst.

J. L. CALDWELL,
nov17-3t Superintendent.

James M. Lowe, Adm'r of Wm. W. Lowe, deceased, Plaintiff,
vs.
Florence D. Ridgeway, et al., Defendants.

In the CIRCUIT COURT for Talbot County, In Equity.

Bill of Complaint and Amended Bill, Exhibits, &c.

THE object of this suit is to obtain a decree for the sale of the Real Estate whereof Robert O. Ridgeway died seized and possessed.

The bill states that on the thirteenth day of November, in the year Eighteen Hundred and Forty-eight, the said Robert O. Ridgeway being indebted unto one Joseph Cooper by his promissory note, in the sum of Five Hundred Dollars, upon which said note the said William W. Lowe was surety, and the said Robert O. Ridgeway intending to secure the payment of the said sum of money to the said Joseph Cooper, and to indemnify the said William W. Lowe as the surety for the said note, did, by his deed of that date, convey unto the said William W. Lowe and his heirs certain Real Estate lying in Talbot County, and particularly described and included in which said deed there is a condition endorsed, that if he, said Ridgeway, or his heirs, should pay unto the said William W. Lowe, his executors, administrators or assigns, the said sum of Five Hundred dollars, with the interest thereon, on the said note when the same became due, but who by failed and neglected to pay the same, and that the said William W. Lowe, as surety on said note, in his life-time to wit, on the 28th day of October, in the year Eighteen Hundred and Fifty-two, paid the money due on said note, together with the accruing interest thereon, as by exhibits filed with said Bill will appear.

The Bill further states that William W. Lowe departed this life some years since, and that letters of administration in due form of law, have been granted unto the said James M. Lowe on the personal estate of the said Wm. W. Lowe by the Orphans' Court of Talbot County, and that the said Robert O. Ridgway has departed this life some years since, leaving no property other than the land mentioned in said deed, and there has been no administration on the estate of said Ridgaway; that the said Ridgaway left at the time of his death Florence D. Ridgaway and Sarah Jane D. Ridgaway, his children and heirs at law.

The Amended Bill sets forth that the said Sarah J. D. Ridgaway has since the filing of the aforesaid Bill, departed this life, leaving the said Florence D. Ridgeway surviving her.

The Bill further charges that the Real Estate remains charged with the payment of the aforesaid sum of money and the interest due thereon, paid by the said William W. Lowe as aforesaid, and that, as the time limited for the payment thereof by the said Deed of Mortgage has elapsed, and no part of the aforesaid sum of money, principal debt or interest accrued, has been paid and that the above named Complainant is entitled to have the said mortgaged premises sold for the payment of his aforesaid demand.

It is thereupon, this thirtieth day of October, A. D. 1874, Ordered and adjudged that the Complainant, by causing a copy of this order to be inserted in some newspaper published in Talbot County once in each of four successive weeks before the first day of December next, give notice to the said absent defendant of the object and substance of this Bill, and warn her to appear in this Court in person or by solicitor, on or before the first day of March next, to answer the premises, and show cause, if any she has, why a decree ought not to pass as prayed.

RARLY BEATRICE PEACH RIPENS FULLY TWO WEEKS EARLIER THAN ANY OTHER KNOWN VARIETY OF PEACHES.

This variety has been well tested in large orchards in 1873, 1874 and 1875, and on this the severest test it could have, it has proved itself to be fully two weeks earlier than Hale's Early, and five days earlier than Troth's Early Purple. This alone will make it a most desirable Peach, but one of the best shipping Peaches that goes on these markets, and brings more than double the price of any other peach.

I also offer an immense stock of Peaches in variety, in which are two new valuable and well-tested kinds, sold by no other house this season, and which will make the season for supplying good fruit from the middle of August to the middle of September, when all other varieties are gone, and before while depending on the old kinds. Also a full stock of all other varieties of fruit trees and vines, and in 1876 was shipped in an ordinary peach season successfully to Europe. It is a Peach of fine large size, well tested in many large orchards of Maryland and Delaware, and excellent for market value. Also, at reduced rates, a large stock of Apples, Pears, Cherries, Grapes, Raspberries, Blackberries, Strawberries, Gooseberries, Currants, Asparagus, Rhubarb, Evergreens, Roses, and Deciduous Trees and Plants usually found in a first-class Nursery. In fact, a full stock of Trees and Plants usually found in a first-class Nursery can be found at my grounds.

A forty-six page Catalogue with Descriptions and Testimonials, and containing much information of what and how to plant, mailed free on application, showing exact rotation in the ripening of all valuable market fruits from the earliest to the latest.

WHANN'S

Raw Bone Super Phosphate.

IN the culture of wheat, true economy implies the use of such manures as produce the greatest yield and at the same time leave the land in the best condition for grass.

WHANN'S

Raw Bone Super Phosphate

Is extensively used on this important crop for the reason that it fulfills these conditions, the grass often paying for the fertilizer, leaving the increased yield of wheat clear profit. No fertilizer has ever excelled it. Combining, as it does, the best qualities of Raw Bone and Guano with the more lasting properties of dissolved bone, it is unexcelled as a manure for wheat.

Those farmers who have used WHANN'S RAW BONE SUPER PHOSPHATE need no reminder as to its worth. Their combined testimony is the strongest argument which can be brought to prove its merits.

Farmers who have not yet used this valuable fertilizer are earnestly requested to try it.

Mr. H. Sackrider's condition is excellent, being fine and dry, particularly fitting it for use with the drill.—Ed.
