Local Record.

Dr. John Oatrum has our thanks for a basket of fine peaches.

There was a slight frost here last Thursday morning, the 23d inst.

All the of our farmers will commence wheat sowing before next week.

The weather was cool of nights last week, and the nights quite comfortable.

Dr. Michael Eberhall has sold his farm of 10 acres, near Cordova, to Mr. Martin Doulin for $225.

The Grange tournament at Cordova takes place to morrow. Don't forget to go and see the sport.

The Fall term of the Circuit Court for Caroline county commences next Monday, the 4 h of October.

Alfred Kemp Esq., of Houston Texas, will please accept our thanks for late Galveston and Boston papers.

Some of our merchants have already put up their stoves, which tells too plainly that winter is approaching.

The peach houses are about closing. Tharp's drying house will commence to dry apples this week, now that peaches are gone.

An excellent remedy. Dr. Bull's Vegetable Pills are superior as a cathartic to any other in all the case to which a purgative is employed.

On Saturday week, Hon. O. Hammond, trustee, will sell Royal Oak, the store house of S. S. Thompson, to Nicholas Valliant for $850.

Bates is now full of new fall goods, our merchants generally having just purchased new stocks. The new goods are cheap and pretty.

Messrs Shanahan & Clark have sold Mrs. Benson Dawson's farm on Glebe Creek to H. Hannah, of New York city, for $10,000. Mr. Hannah has secured a beautiful residence.

Mr. John W. Chirup has declined the nomination for County Commissioner. The Democratic Convention will next Tuesday reassemble to fill the vacancy on the ticket.

Our readers will do well to call and see J. J. Jump & Co's stock of Dry Goods, as it is now complete. The rapid growth and success of this firm is unprecedented in the community.

The Republicans of this county held the ir primary meeting on Saturday, elected delegates to the County convention, which meets in Easton today, to nominate a county ticket. We have not yet heard who the delegates are.

E. G. Bryson, Esq., and family, of Vicksburg, Mississippi, paid a visit to his friends in this county last week. Mr. Bryson is a native of Easton, but emigrated South when he was a young man, some thirty five or forty years ago.

The Annual Address before the Dorchester county Agricultural Society, to be held at Federalsburg, Caroline county, Sept. 29 & 30 and Oct. 1st will be delivered by Joseph B. Seth, Esq., President of the Talbot county Agricultural Society.

We may expect soon to hear a demand loc an enlargement of the Easton Market house. It is no large enough to hold the marketers now on a big market day, and what will it be when our population doubles; and it is certainly increasing very fast.

Keep the street question before our town commissioners. Washington street needs grading and shelling. The people say it must be done, and certainly our side walks need paving where the bricks have worn out. The sidewalk about the Paragon house is in a really dangerous condition. It wants repaving badly.

Dr. Jay Wood on that invalids lose faith in all quacks, when so many worthless medicines are advertised for the cure of various diseases; but think when tried, are "found wanting." We have yet to learn of the first failure of *Dr. Wistar's Balsam of Wild Cherry* to cure coughs, colds and pulmonary disease. 50 cts. and $1 a bottle, large bottles much the cheaper.

Mr. John J. Bradley, formerly of Trappe, and lately of Carroll county, has returned to Talbot and located at Oxford, where he has opened a Wheelwright shop near Mr. N. Leonard's saw mill. Mr. Bradley is a good mechanic, and will doubtless get all the work he can do. We like to see mechanical industries started in Oxford, which is destined at no distant day to be the most flourishing town in the county especially in the summer season.

Samuel H. Townsend, Esq., formerly a law student in Easton, is the Democratic nominee for State's Attorney in Worcester county. Mr. Townsend is a pure and high toned young lawyer, and has our sincere wishes for his triumphant election. He will make a faithful and capable State's Attorney for old Worcester. We notice that the *Shield* does not support him; it could not support a better or more deserving man. We hope it will reconsider its decision, and put yield our young friend a strong support.

J. J. Hanchs, the real estate agent of Easton, is going to establish an agency in Smyrna, in connection with his present one. No man who has ever attempted real estate brokerage on the Peninsula has shown anything like the vim and success in it that he has, and his coming, therefore, is looked upon most favorably by our citizens. During August he sold ten farms in Talbot county, and has even a better prospect for the present month. He has selected Smyrna for the base of operations for Delaware because of its convenience here in the matter of railroad facilities. He has a wider and more convenient range from this point. He will open an office there shortly.—*Smyrna Times.*

A. Chaplain, Esq., has been appointed by the board of County School Commissioners, Principal of the Easton High School, with Mr P. H. Hayes as assistant, to succeed Professor Miller, resigned. We understand that the appointment of Mr. Chaplain to the Principalship of the High School will not necessitate any change to be made in the County Examinership. He will simply have a general oversight of the High School without its interfering with his duties as Secretary and Treasurer to the county School Board.

BOAT LOST.—Capt. James A. Ridgaway's schooner, the Adie, was lost in the Chesapeake bay on the 19th inst. She started from Baltimore for Easton Point on Sunday morning of last week, loaded with a cargo of some 50 tons of fertilizer. At the mouth of the Patapsco river it was discovered that the boat was leaking badly. The pumps were set to work, but when she reached Annapolis roads, it was found impossible to make the harbor or save her. The captain and crew then took to the yawl and abandoned her. The boat sunk immediately in shallow water. She was built at St. Michaels, some seven or eight years ago, and was worth about $3,000. The cargo was valued at about $2,500. It is a heavy loss for our old friend, Capt. Ridgaway, and he has our sincere sympathies in his misfortune. The crew, consisting of Capt. Ridgaway, W. W. Beckwith, Thos. Neighbors, Geo. Callahan and two negroes were all saved. They reached Annapolis and from there went to Baltimore by rail. We understand that a large part of the cargo was bought on Granger's account.

HASH.—Mr. Frank Conly, "the man of many tunes," deli vered his lecture called "Hash" last night at the Town Hall. It was truly "an evening of fun" to all present. It is remarkable with what rapidity he changes his character and appearance. He is a great mimic and a fine vocalist, and his entertainment one of the best ever given in Easton. He will lecture again at the Hall this evening, and we advise all who desire to spend an evening of real fun to go and hear him. He is from Philadelphia, and the press of all the towns he has visited speak in terms of rapture respecting his exhibitions But to appreciate him, he must be seen and heard.

LATEST ARRIVAL OF FALL GOODS.—We invite attention to the advertisement of Messrs. Thompson & Kersey, to be found in the Star this morning. They have a very large and varied stock of goods for the fall trade, suitable for all classes and conditions. Ladies' and Gentlemen's dress goods are to be found at very cheap prices, that cannot fail to suit. Go and take a look through this establishment, it will well repay a visit, and get fixed up for the fall and winter.

COON FIGHT.—On Wednesday forenoon, Ned Jenkins, colored, brought to town a large coon in a bag that he had caught the night before. It was proposed by some one that the boys should buy the coon and have a coon fight on the green. The proposition took, and in a few minutes the coon and crowd were on the way to the green. As the excitement increased the crowd grew larger, until there were over one hundred persons on the green to witness the fight. A ring was formed, the coon untied and turned out of the bag, and the dogs let in. It was arranged not to let more than one dog go to him at a time, but as eager were the dogs to get a snap at him, that two or three at a time would frequently tackle him. The coon finally cleaned up three or four dogs. After he was pretty well exhausted Mr. Frank Wright's spotted coach dog, Frank, seized the coon by the throat and held on; the dog bit and the coon scratched; it was nip and tug for a long time; then the dog was pulled off, and the combatants allowed to blow; then they would go together again—Frank got his face badly scratched and the coon much fatigued; but neither won the battle.—They were finally separated and Jenkins took his coon home with him about as good as when he came to town. Coons are heavy fighters, and dogs must understand how to fight them, or they had better let them alone. It afforded our town folks splendid sport while the fighting lasted. Whenever the coon would get a chance, he would start to run up one of the trees on the green, but those who had paid for the sport would not agree to that, and knocked him down among the dogs whenever he attempted that game. The crowd swayed backward and forward, to the right and to the left, and "you bet" it was a hard matter to maintain the "ring" around the fighters. Ned is to bring the coon to town again soon, when another grand fight may be expected. Next time the betting in the pools will be heavy in favor of the Coach dog, Frank, if he has no teeth. He knows how to fight a coon, and that is better than teeth.

SERIOUS ACCIDENT.—On Wednesday, while Mr. Charles H. Stewart was out bird shooting with his breech loading gun, one of the cartridges missed fire. On his return to his store in the evening, he placed the shell containing the load on his counter, and then commenced to prem on the cap with the capper, to try and drive it up further into the powder. In an instant the brass shell exploded, scattering things right and left. Mrs. Stewart, who was standing some distance off with her back to Mr. Stewart, was hit in the back with a piece of the shell, making a painful wound. Mr. Stewart's thumb and index finger were badly lacerated.—It is well that it was no worse. We are surprised that any one who handles fire arms as much as Mr. Stewart does, should undertake the experiment of driving up a cap in a loaded shell in the way he did. It is an old saying that guns are dangerous, even without lock, stock or barrel, and this accident proves it. Persons who handle fire arms cannot be too careful.

THE MIDDLETOWN FAIR.—Special attention is directed to the advertisement of the Second Annual Exhibition of the Peninsula Agricultural and Pomological Association, to be held at the new fair grounds near Middletown, Delaware on Wednesday, Thursday, and Friday, October the 6th, 7th and 8th, 1875. The Middletown Fair last year was a magnificent exhibition; this year it will be even more attractive. Our people should attend as it is so convenient to go and return the same day. The track has been widened and improved, and the trotting matches promises to furnish fine sport. The floral department will contain a great variety of flowers, and there the ladies may see the finest varieties of named flowers, and make selections in their note books for next season's planting. The display of fine blooded stock should attract our farmers. Indeed all our people would be interested in such a show.

REGISTRATION.—The Registers sit again next Monday and Tuesday, the 4th and 5th of October, to correct the books of registration and register such voters as have not yet registered. Those Democrats who have not yet been transferred should lose no time in getting their certificates of transfer, so as to have their names placed on the book of registration in the district where they now reside. And all Democrats who have not yet registered, and who are entitled to registration, should be careful to register next Monday or Tuesday, or they will not be able to vote in November. The respective candidates should see that every man is registered in their respective districts. Do not trust that there are voters enough; we shall want all we have and as many more as we can get.

MANCHA'S LAND SALES.—Mr. J. F. Mancha, land agent, has sold Mrs. Stoops farm, in Chapel District containing 173 acres, to Chas. F. Parker, of New York, for $5,000.

Also Mr. Phillip Hineman's farm, in Trappe District, of 112 acres, to Mr. Donald Fowler, of Scotland.

Also Mr. William Holstean's farm in Easton District of 122 acres, to Mr. David Speedie of New York, for $5,750.

Also Mr. John F. Kerseys lot's on Dover road near Easton, 21 acres, to R. Kieth, of Alexandria, Virginia, for $1,750.

"THE REVIVAL, THE PARISH AND THE MISSION."—This is the title of Bishop Lay's last Annual Address to the Convention of the Diocese of Easton, a pamphlet copy of which we have received. Bishop Lay's great talents, large experience, and elegant scholarship enable him to treat all subjects in a masterly manner. His last Annual Address abounds in intelligent reflections and suggestions which every clergyman in the country and every layman who takes an interest in religious extension, may study with profit. The catholic spirit of the address will commend it to christians of all denominations.

IMPROVEMENTS ON SOUTH STREET.—R. J. Trippe has lately built a new porch in front of his building, corner of South and Hanson streets, and J. Levin Walker is putting up a nice little cottage on his lot adjoining the property of W. H. Bostick. Robert Burns, carpenter, is doing the work. Sam'l J. Leonard is also putting up a new dwelling adjoining Mr. Walker's house. Roberts & Sons will do the work. Dr. Wm. G. Willson will shortly build a new house on the lot adjoining the residence of Wm. K. Leonard. South street is improving rapidly.

THE loss of property in Texas caused by the storm has been very great. The country west of Brashear is under water for eighteen miles. Brashear City has four feet of water in the streets.

WESTERVELT'S CASE.—As a motion for a new trial in the case of Westervelt, convicted on the charge of conspiracy in the kidnapping of Charlie Ross, has been made, sentence will be deferred for four days, to permit a decision to be reached on that motion. Legal opinions seems to differ as to whether a maximum sentence of twenty-one years or one of only nine years can be inflicted.

MRS. MARY E. DAWSON, consort of Mr. John Dawson, died at her residence at Bolston, on the 16th inst., in the 39 year of her age.

Mrs. Dawson was born in Somerset county, Md., Dec. 24th, 1835. She married June 24th, 1855. At the age of seven she was converted and united with the M. E. Church. In 1870 she and husband united with the M. E. Church, South, of which she continued a worthy member until death. She bore her last illness with Christian fortitude and resignation. In her last moments she was calm and composed, and fell asleep in Jesus, as gently as an infant falls asleep on its mother's breast.

FERTILIZERS!

Fertilizers!

Fertilizers!

THE attention of wheat growers is called to the following well known and standard brands of FERTILIZER, which we offer at lowest manufacturers' prices and on most favorable terms, for Fall seeding. From a large experience in the sale of the goods I handle, I am satisfied that I can please all who are in want of first-class phosphates. We quote in part—

Whitelock's Vegetator,

AND

TURNER'S EXCELSIOR PHOSPHATE,

In our judgment the best brands in the market. The great increase in yield occasioned by the use of the above goods, sufficiently attest their merits. Also, the favorite

ORCHILLA GUANO,

that has been used with such marked results throughout the county, competing, as some have, with higher priced articles. Would also call the attention of those who have suffered from dwarfed yields, to

POPPLEIN'S SILICATED SUPER PHOSPHATE.

claimed by the manufacturers to be the most wonderful discovery in scientific agriculture, effectually preventing BLIGHT AND RUST.

We name other articles sold here for reasons too well known by farmers to need further comment:

Farmers' New Mat ed Super Phosphate,
Texas Bone Meal,
Pacific Guano,
Davis' Excelsior Phosphate,
Wham's Raw Bone Phosphate,
Davis' Bone Flour,
Rhodes' Ammo. Super Phosphate,
Lister's Super Phosphate,
Zell's Ammo. Super Phosphate,
Allen's Marine Guano,
Peruvian Guano,
Woodside & Griffith's Phosphate.

All of the above articles are offered at a small advance to purchasers, with liberal discount on cash sales or notes on crop time.

Fertilizers sold are delivered at nearest landings free of all freight and drayage.

Consumers are requested to call and examine samples of the above goods at our office.

Orders solicited. ROBERT B. DIXON.

WILLIAM N. POWELL at Trappe, and JAMES BENSON at St. Michaels, are my Agents.

COAL! COAL! COAL!

I NOW have a full stock, and am daily landing on my wharf, best quality ANTHRACITE COAL, of the different prepared sizes; also Blacksmithing and Cooking Coal.

Hand in the orders at once and thereby save the advance that takes place September 1st, as the coal is now cheaper than it will be again this season. It can now be delivered clean and dry.

Fertilizers.

For the coming seeding season, I offer to the Farmers of this and adjoining counties the following first class FERTILIZERS:

"ANDREW COE'S"

Ammoniated Super-Phosphate of Lime.

The numbers using this valuable Fertilizer last fall testify to its great value. I recommend it as the inferior of none, and as fine looking in quality most of the Fertilizers of the day.

"Russell Coe's"

SUPER-PHOSPHATE

This article contains its high reputation.

"ORCHILLA" Guano

favorably known by all.

"Soluble Sea Island" Guano,
"Whitman's" Super-Phosphate,
New Jersey Ground Bone,
South Carolina Bone Phosphate.

All the above are offered on the most favorable terms, either Cash or Short or Case time.

I am also prepared to furnish materials for the manufacture of Fertilizers, at lowest prices and on most favorable terms. Orders solicited.
