The Easton Star.

TUESDAY, JAN 25, 1876.

MARKETS.

Corrected from the Baltimore Daily Sun.

BALTIMORE—*Saturday*, Jan. 22—Wheat—Prime Maryland red $1.32 Pennsylvania red $1.37 White $1.45 per bushel. Corn Market—White $0.52 cents and yellow 53. Oats 42 cents. Seeds—Clover, 18 cts per pound. Timothy, $3.25 per bushel.

Local Record.

Gov. Thomas has our thanks for the Congressional Record.

Alfred Kemp, Esq., of Houston, Texas, will please accept our thanks for late Texas papers.

Round trip tickets on the railroad to Philadelphia, good for three days, now cost but $4.40; to Baltimore $6.05.

A healthy change in the weather took place on Wednesday night. The warm and sultry gave place to the cool and bracing.

Fresh corn meal and oil cake meal, wholesale and retail, always on hand, at Schmitz grain and feed store in Easton, back of market house.

Chas. H. Gibson, Esq, Trustee, advertises in the Star a very valuable little farm, in Miles River Neck, at public sale, on the 15th day of February.

We are glad to hear it. Our druggist informs us that Dr. Bull's Cough Syrup sells better than any other medicine, and always gives satisfaction.

Mr. Thos. V. Redman has sold his farm in Miles River Neck, through J. F. Mancha's real estate agency, 25 acres, to Isaac Taffert, of New York, for $1,450.

There will be Divine Service, in the Catholic Church (Ss. Peter & Paul) Easton, on *Tuesday* the 1st of February, instead of on Wednesday, the 2nd, as announced.

Scribner's Monthly for February contains an article giving a very full account of the plan of working the Philadelphia Building Associations, which have built a hundred thousand homes for the working people of that prosperous city.

We are glad to see that Mr. A. W. P. Robinson Esq. has recovered from his late illness and entered upon the duties of Justice of the Peace. His magistrate's office is on Washington Street, Easton, second door north of Mrs. Charles H. Stewart's fancy store.

The county commissioners are now sitting daily to hear appeals and make transfers and abatements. They will be in session the whole of this week, when the books will be closed. Those wanting abatement on their assessments had better attend to the matter at once, or they will be overheard.

The St. Michaels Building Association has declared a dividend of 5 per cent, for the last six months work. The following are the officers for the present year: President, Hon O Hammond; Vice President, John Thomas Harrison; Secretary, Geo E Haddaway; Treasurer, James L Lecompte. Directors, O Hammond, Geo E Haddaway, J T Harrison, J L Lecompte, Jas Benson, Denny Williams, Wm Harrison, C H Mansfield, B H Blades, W M Pojsal.

Mr. William Hemsley is about opening an office in Easton for the sale by wholesale of tobacco, cigars, willow ware, woodware, brooms, and will take Life Insurance risks in the Continental Life Insurance Company, of Hartford, Connecticut. Mr. Hemsley has effected over $30,000 worth of life insurance in this company in the last four months. His place of business will be announced next week.

Dr. P. O. Cherbonnier left at this office on Saturday a mananose with two snouts, which was caught on his shore last week. Whether it is a new development of the crustacea, or was produced by a freak of nature, we are unable to say. The mananose is about 3 inches long by 1 inch wide, and the snouts are about as thick as darning needles, and project about half an inch outside of the shell.

Mr. Joseph J. S. Nicolson, of Chapel, is canvassing for subscribers to "The Great Historical and Political Chart," published by the Beverly Printing Company, Chicago, showing a complete record of the whole progress of the United States as a Nation, and giving a vast array of prominent facts and events in the history and politics of the country, and all arranged so as to be readily referred to, the only publication of the kind we have seen. Sold for only 75 cents. Take it. It will be found very useful. Indeed, youths of both sexes should memorize it.

Mrs. E. B. Stevens, Secretary of the Woman's Foreign Missionary Society, M. E. Church, addressed large audiences at the M. E. Church, in Easton, on Sunday morning and evening. She is a middle aged, fine looking lady, and speaks with a great deal of freedom and ease. In the afternoon a Branch Society was formed at the church, with the following officers:—President, Mrs. A. W. Fountain; Vice Presidents, Mrs. S. A. Shanahan, Mrs. R. W. Todd, Mrs. W. H. Thompson, Mrs. L. Dodson, Mrs. E. Shephard; Recording Secretary, Miss Nannie Hopkins; Corresponding Secretary, Miss Nettie Avery; Treasurer, Mrs. S. E. Collison.

The work of grading the streets of Easton is completed, and the shelling will now be prosecuted until the streets are all nicely shelled. It is altogether the biggest job that has ever been undertaken by any town on the Eastern Shore. When this shelling is completed we shall have the best streets of any town in the State. Now let the citizens organize a tree association, and plant every street with sugar maples, and in a few years we shall have the best shaded, and the prettiest town, in the State.

A movement is on foot, which we hope may prove successful, to organize a private stock company, to build a bridge over Tuckahoe creek, connecting the counties of Caroline and Talbot by a bridge somewhere about, or above, Todd's landing, which will shorten the distance between Easton and Denton some five or six miles. Petitions are circulating in both counties for signatures, praying the General Assembly to grant a charter to the company. We sincerely hope that the charter may be secured and the bridge built, for it is a much needed public improvement. Should the bridge be built, there would be almost a straight road from Easton to Denton, and people would not have to go "round the horn" to get from one place to the other, as at present, the travel now being by way of Hillsborough, at the headwaters of Tuckahoe creek, away up to Queen Annes county. It is always gratifying for us to notice all such evidences of public spirit on the Eastern Shore. Give us good roads and good bridges, and a plenty of them, so that we may have close and rapid communication, as they have at the North, and we have the finest country here on the face of the globe. But unfortunately we have some "old fogies" in these parts, always ever ready to oppose every new road, and every bridge, and every other species of public improvement which they are not immediately pecuniarily interested in and we should not be surprised if they should oppose this enterprise, although it is proposed to build the bridge with private funds. Such people are of little use in any community with life in it.

PERSONAL.—As some of our readers have construed our language last week, giving a summary of Rev. Mr. Todd's article, which we declined to publish, into an endorsement of his unpublished vindication, it is just to ourselves to say, that nothing of the kind was intended. About the matters in controversy we wish to be understood as expressing no opinion whatever, one way or the other; and where we said, "he (Mr. Todd) vindicates himself very fully," we had reference only to the *number of gentlemen given as authority* for his statements, and not to the statements themselves, about which we have nothing to do. We hope this explanation will be satisfactory to all interested in the controversy.

"CENTENNIAL DROPS."—Quite a number of our subscribers who were in arrears, came up last Tuesday and paid their subscriptions. These little *"centennial drops"* are very welcome at this time, and we hope many more of our friends who are in arrears will make it convenient soon to come along with their centennial drops.

EASTON LYCEUM.—The Easton Lyceum has re-organized and adopted a new constitution, with the following officers for the present term: President, T K. Robson; Vice President, G. Lacey Eaton; Secretary, Franz Adkins; Treasurer, O. Tilghman.

"TIRED NATURE'S SWEET RESTORER, BALMY SLEEP."—But there are times when this "Renewer of Strength" is denied us, times when our minds and bodies have been so overworked and are so worn out that we "woo the drowsy god in vain." The Peruvian Syrup (an Iron Tonic) renews our strength, and makes our rest sweet and refreshing.

EDWARD J. STEVENS
M. Merrick, Auct'r.

Continental Life Insurance Company, OF HARTFORD, CONN.

THE conception of *Life Insurance* must have been akin to inspiration, since it has become the *Protector* of the *Unprotected*—the barrier to *want, misery* and *shame*. The thought that put such unselfish and universal good in motion, was born alone of charity, and in every section of country, where it is accepted, its good results abound.

Protection from the cold blasts of indigence, freedom from the shackles of ignorance.

Intelligence, Refinement, Good Health, Harmony, and *Comfort* follow in its wake and ranks it among the chief *Blessings* of the earth.

The man of small or limited means, frees himself from the great mental destroyer, *Suspense*, through this channel and lets into his House hold the golden rays of *Contentment, Peace* and *Prosperity*.

Thousands of men go down into the depths of the far beyond with a smile of joy upon their faces created by the recollection that their *Lives* are *Insured*, and although they must be separated from their beloved ones for a season, still their labors continue with and protects them.

Is there a man with soul so dead who would refuse to *Protect* an aged *Mother*, an aged Father, a beloved Sister or Brother, or those still more dear, *Wife* and *Children*, from imminent danger? Let us say for the sake of humanity there is not. Then there is not one man under the sun who would decline to have his *Life Insured*, if he could only understand its benefits, for every moment we live, we are in most imminent danger of *Death*, and the welfare of our connections is imperiled, just so long as we remain outside of the pale of Life Insurance.

Almost every man of any standing in society belongs to some organization, or other, and pays in dues that will benefit him and his family, during sickness or inability to work. But in case of Death even if there be a surplus arising from his dues left in the Treasury of the organization, his *Widow, Orphan Children* or dependants receive no benefits.

If you lay up money in a *Savings Bank* weekly, and have a guaranteed lease of Life, and that sufficiently long to enable you to accumulate a competency for the protection of your family, then you may with a degree of good grace decline Insurance, that Blessing which *Death* has not the power to rob us of. But without such a guarantee you are in no wise safe as long as you remain outside of the inclosure of Insurance.

At the present day every thing is to be gained and nothing lost by Insuring.

The man who insures has the benefit of the risk, and if, after having paid two annual premiums, he cannot keep up his payments, the Company will give him a paid up Policy for all he has paid in, and ten per cent at least on the amount, so he actually gets more than he has paid in. With men of large means, *Life Insurance* is the best and most profitable investment they can make. They cannot invest in any thing upon the face of the earth that will pay the same per cent, on the dollar, nor can they invest in any thing else that will yield their families twenty five per cent. more than their principal invested in case of Death.

To persons purchasing property or real estate on time, Life Insurance is a guarantee really indispensable. A Policy of Life Insurance to the amount of the deferred payment or payments secures in case of death the property to the heirs, and avoids those sacrifices often experienced in the absence of its protection.

Manhood: How Lost, how Restored.

Just published, a new edition of *Dr. Culverwell's Celebrated Essay* on the *radical cure* (without medicine) of Spermatorrhoea or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc; also, Consumption, Epilepsy and Fits, induced by self indulgence or sexual extravagance, &c.

Price, in a sealed envelope, only six cents

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents or two post stamps.

HAVE YOU A DOLLAR?

FOR ONE DOLLAR,

WE WILL SEND, POSTAGE PAID,

The Weekly World

ONE YEAR.

1. It contains ALL THE NEWS of the past seven days, collected by the agents and correspondents of the New York Daily *World*, and in fullness, accuracy and enterprise in this respect is unequaled.

2. Its AGRICULTURAL DEPARTMENT contains the latest news of farm experiments at home and abroad, contributions by home and foreign writers, full reports of the *Farmers'* Club of the American Institute, and quotations of valuable and interesting articles appearing in the agricultural weeklies and magazines.

3. Its GRANGE NEWS, to which attention is specially called, is a feature which can be found in no other paper. All the resources at the command of a great metropolitan daily newspaper are employed in its collection, and the result is a page each week where the members may find a complete record of the work of the order in every State in the Union for the past seven days. In addition to this weekly record, *The World* gives the cream of all the local grange papers in every State. This department is and will continue to be under the charge of one of the active members of the order.

4. For the FIRESIDE DEPARTMENT, in addition to its other attractions, such as poetry, miscellany, humorous extracts, &c, during the coming year, there will be not less than one hundred short tales by the best writers of fiction in England and America.

5. The MARKET REPORTS, brought down to the hour of publication, are the best that can be made. Each market is reported by one whose special knowledge and training make him the best authority upon that subject in the United States.
