## FERTILIZERS! Fertilizers! Fertilizers!

THE attention of wheat growers is called to the following well known and standard brands of FERTILIZER, which we offer at lowest manufacturers' prices and on most favorable terms, for Fall seeding. From a large experience in the sale of the goods I handle, I am satisfied that I can please all who are in want of first-class phosphates. We quote in part—

**Whitelock's Vegetator,**

AND

**TURNER'S EXCELSIOR PHOSPHATE,**

in our judgment the best brands in the market.—The great increase in yield occasioned by the use of the above goods, sufficiently attest their merits. Also, the favorite

**ORCHILLA GUANO,**

that has been used with such marked results throughout the county, competing, on same lands, with higher priced articles. Would also call the attention of those who have suffered from dwarfed yields, to

**POPPLEIN'S SILICATED SUPER PHOSPHATE**

claimed by the manufacturers to be the most wonderful discovery in scientific agriculture, effectually preventing BLIGHT AND RUST.

We name other articles sold here for reasons too well known by farmers to need farther comment:

Farmers' New Method Super Phosphate,
Texas Bone Meal,
Pacific Guano,
Davis' Excelsior Phosphate,
Whann's Raw Bone Phosphate,
Davis' Bone Flour,
Rhodes' Ammo. Super Phosphate,
Lister's Super Phosphate,
Zell's Ammo. Super Phosphate,
Allen's Marine Guano,
Pelican Guano,
Woodside & Griffith's Phosphate.

All of the above articles are offered at a small advance to purchasers, with liberal discount on cash sales or notes on crop time.

Fertilizers sold are delivered at nearest landings free of all freight and drayage.

Consumers are requested to call and examine samples of the above goods at our office.

Oders solicited.

## Food for Horses & Cattle.

*The great economical Food for Stock. Costs two cents for each horse per feed.*

Reduces the quantity of grain required both for Cattle and Horses one-fourth. Being a perfectly nutritious, health giving preparation from the seeds of grasses and herbs in combination with tonic and invigorating root barks, we claim it to be the one thing needful to make a perfect food. Horses are improved in FLESH, WIND and ENDURANCE. The principle of the action of the Food, is that PERFECT DIGESTION produces PURE BLOOD, and upon this depends HEALTH and OFTEN LIFE ITSELF. Cattle intended for the knife fatten more rapidly and the flesh is more solid. COWS INCREASE THEIR MILK yield at least ONE-FOURTH in both QUANTITY and QUALITY, the final result being MORE BUTTER Send to GERALD GORDON & CO. for descriptive pamphlet of full particulars.
