Local Record.

Hon. P. P. Thomas, M. C., will please accept our thanks for copies of the Congressional Record.

Ber. Geo. A. Phoebus is said to be the coming "Wedding Rider for one of the districts of the Wilmington Conference.

The Baltimore Annual Conference of the M. E. Church South is now in session at Winchester, Virginia. It commenced last Wednesday.

The crop of wheat grown in the United States in 1875 is estimated at 212 000,000 of bushels, including both winter and spring wheat.

Yesterday I had such a bad cold that I could not speak. I used Dr Bull's Cough Syrup, and to day I am as well as ever. It only cost me 25 cents.

There were 150 accessions made to the Methodist Episcopal Church, South, on Talbot circuit by R Smithson, pastor, during the past conference year.

There were twenty accessions to the M. E. Church, South, as the result of the protracted services at Trinity Church, Easton, which closed on the 27th of February.

The revival of religion at the Methodist Protestant Church continues with unabated interest. It is said to be the most powerful revival that has been here since 1843.

If you want to fatten your stock buy oil cake meal, always on hand at Schmitz feed store. Flour by the barrel or pound, sold as cheap as anywhere at Schmitz store.

March came in like a lion, and on the first day gave us two inches of snow, to let us know that the Bears is not asleep, although the ice-houses have not been filled. Since then the weather has been lovely.

The Republicans hereabouts looked perfectly astounded on Friday, when the news came in, confirming the reported resignation and impeachment of Secretary Belknap. Their mournful fate can sound in say, "what next."

Mr. Frank Street has just had a show window put in his furnishing store adjoining the hotel, and Mr. Moses Herz has had a new awning frame and posts put up in front of his clothing store, in front of the market house.

Gen. Edward Lloyd, of the Maryland State Senate, has our thanks for a copy of the Report of the State Board of Education, showing the condition of the public schools of Maryland for the year ending September 30th, 1875.

Mr. E. S. Dodson, of the Atlantic hotel, Norfolk, Virginia, has purchased the Steamer Olive, to run on Miles and Wye Rivers. She will start in a few days, and will be commanded by Captain Edward S. Dodson, of St. Michaels.

J. F. Sascha land agent, has sold Col. Samuel Middleton's farm, on the Trappe road, 22 acres, to C. B. Master, of Pennsylvania, for $11,500. Also an island of 5 acres, for Col. Wm. H. Hughlett, to William O. Collins, of Maine, for $1,000.

We understand the vestry and building committee of Christ Church are making arrangements to have the proposed repairs and enlargement of the church commenced early this spring. The work was postponed last fall in consequence of the sickness of Mr. Reynolds, the contractor.

We have received of Professor Minnick, a very pretty piece of music, entitled "Joy! Joy! The Lord is Risen," an Easter Carol, written and composed for St Peter's Parish Sunday School. Words by Rev R. Wilmer; Music by G. W. Minnick. Published by G. W. Minnick, Easton, Md.

Herring by the cart load made their appearance in our market on Saturday, from Tuckahoe creek. The Trappe district people, on the lower Choptank, are catching shad in considerable quantities, but they are too fond of them at Trappe to let them pass up this way.

The steamer Kent broke her shaft in the Patapsco river on Friday, and had to return to Baltimore with her passengers for Easton and St. Michaels. The Champion then took the passengers on board, and came down in place of the Kent, but did not arrive till late in the afternoon.

A. M. SUNDAY SCHOOL MISSIONARY ANNIVERSARY.—The third anniversary of the Union M. E. Sabbath School Missionary Society was held on last Sabbath evening, and was certainly an entertaining and instructive affair. Walter H. Thompson, Esq., superintendent of the school, presided. Mr. L. Dodson, Sr., was the Musical Director. The school sang a number of beautiful and appropriate choruses; solos, duets, and quartettes were also sung by select singers. The pieces selected all had a direct bearing upon the missionary cause, and the large audience was completely enraptured at the elegance of their rendering. Their Musical Director certainly deserves great credit for his untiring zeal displayed in the preparation and drilling of the singers and the arrangement of the programme, which was so successfully carried out. Singing was interspersed by short and spirited addresses from Messrs. Thompson, L. Dodson, Jr., Hines, Jump, Barrett, Wm. P. Dodson, and L. Dodson, Sr.

The School is doing quite a noble work in the cause of missions. During the year there was contributed by the School in Sabbath penny collections $65.46

Missionary offering on Sunday night 46.81

Total $92 27

A handsome basket collection was also taken up at the close of the exercises. Mr. L. Dodson, Jr., presided at the organ with his usual ability.

NATURAL CURIOSITIES.—The two dwarfs —The Kinney Marine—exhibited at the Paragon House last week, by Mrs Linder, from Greenwood, are truly extraordinary natural curiosities. These young ladies were born and raised in Sussex county, Delaware. Miss Lizzie, 28 years old, is 33 inches tall and weighs 5 pounds and a handful. Miss Nellie is 35 inches tall, and weighs 30 pounds. They have good heads, are natural wits, are intelligent, and converse freely. It is amusing to hear such illustrations as they make use of and other friends, and how one could imagine that they have no brains in their bodies, all sorts of muscle, or cardboard. Their hands and fingers in a thousand. They do beautiful needle work and embroidering &c. There is nothing at all unnatural in their appearance, except that they are small and look odd. They have not yet reached heir years, but intend next summer to visit the Centennial and exhibit themselves to an astonished world. They are only traveling now because they are too poor to support themselves otherwise. They can make a fortune if they only manage their receptions judiciously, for our family be one will miss seeing such wonderful curiosities. They are certainly a study for the doctor, as well as other investigators of natural phenomena.

NO STEAMBOAT TO-MORROW.—The agent of the Maryland Steamboat Company requests us to state, that in consequence of the breaking of the shaft of the Kent on Tuesday, there will be no boat at Easton Point on Wednesday, and consequently no boat will leave here for Baltimore on Thursday morning. The steamer which comes to Miles river and returns to-day, will touch at Annapolis both going and coming. The company expect to have the Highland Light ready for use by next Friday, when she will come to Miles river on that day, and to Easton Point on Saturday, and make regular trips thereafter. The Kent is being rebuilt this winter, which makes the company at this time short of boats, and, consequently, an accident, like that which befel the Kent, momentarily temporarily deranges its business, for a few days only, however.

SPLENDID FARM FOR SALE.—Attention is directed in the sale of the very fine farm advertised in to-day's Star by J. H. Gibson, Esq., of Dublin.

TRIBUTE OF RESPECT TO MR. THOMAS ARRINGDALE.—Kings Creek Grange, P. of H., at its last meeting held on the 26th of February, unanimously passed the following resolutions in respect to Mr. Thomas Arringdale, whose death we announced last week. Mr. Arringdale was buried by his Grange on Saturday week.

Whereas, It has pleased the Great Master of the Universe to remove from us our worthy brother Thomas Arringdale,

Therefore be it resolved—

That the Hall and Charter be draped in mourning for thirty days.

Resolved, That while we deplore the loss that has fallen upon us for the first time in the history of our Grange, we cherish the memory of our departed Brother, and tender our sincere sympathies to his bereaved widow, child and brothers

Resolved, That the above resolutions be entered on our Minutes, be published in the Easton papers, and a copy be furnished to the widow of the deceased.

By order of the Grange.

J. P. Kazes, Secretary p. t.

March 22nd, 1876.

GEN. RICHARD THOMAS,
Superintendent of the M. P. Sunday School.

Dear Sir:—At a meeting of the Board of Managers of the Home for Friendless Children, held this day I was instructed to express to you, and through you to your School and their Musical Director, Mr. J. B. Bennett, our warmest thanks for the proceeds of the concert given for our benefit on the 22nd of February. We were not only delighted with the performance of the pupils, but charmed with the spirit of charity which dictated the act, and we especially recognize the courtesy of your pastor Rev. Mr. Lessell, in suspending for that evening the services in progress at his church. By order of the Board.

D. C. Dawson,
Cor. Secretary.

THE CENTENNIAL IN EARNEST.—Thompson & Kersey are introducing the Centennial in Easton, in real good earnest. They have the thirty-nine States represented in and about their Dry Goods Store which gives it an unusually attractive appearance. This display of the National Flags, added to the heavy importation of spring goods which are almost constantly arriving, gives to this first class establishment, an air of business that is seldom found in the country.

These gentlemen mean business. They have reduced the price of goods in almost every department, so as to bring almost every article within the reach of all. See their advertisement, notice their prices, and give them a call.

CENTENNIAL RELICS.—Mrs. Edward Lloyd, Mrs. R. C. Holliday and Miss Mary Goldsborough, have been appointed by "The Ladies Centennial Committee" of Baltimore, to collect any fine specimens of needle work, and relics of the past which can be had from Talbot county, to be forwarded to the Committee in Baltimore for exhibition at the Centennial. The said committee will be responsible for all things sent them from the State of Md. Any articles sent to Mrs. Lloyd, Mrs. Holliday or Miss Goldsborough, will be properly cared for and forwarded to Baltimore. Talbot ought to furnish many articles of interest for the Centennial.

THE DWARFS AT THE TOWN HALL.—Mrs. Linder will exhibit the Delaware dwarfs at the town hall in Easton to-day, from 10 o'clock A. M. to 4 o'clock P. M. A notice of these wonderful curiosities will be found in another paragraph in this paper. These of our citizens who have not seen them should not miss the present opportunity to do so. They are very poor children, and it will be a charity to spend a quarter of a dollar with them.

ANOTHER CHURCH IMPROVEMENT.—The congregation of the Methodist Protestant Church in Easton, are about to make another important improvement in their church building. The improvement proposed consists in a new front, with tower bell and spire, and an enlargement of the Sunday School room. Mr. William Lee, of the firm of Roberts & Sons, has just prepared a drawing of the plan, which calls for one of the handsomest church fronts in town.

HORSE SHOW.—The exhibition of horses at the fair grounds at Hambleton on Saturday, the 18th inst, promises to be a fine affair. Most of the stallions in the county will be represented, and the attendance of stock breeders will be large.

Ex Gov. Groome was married in Baltimore on Tuesday evening, to Miss Alice Edmondson, formerly of Easton. The wedding was a grand affair.

THANKS "FROM THE DEPTHS OF THE HEART."

WELLSBURG, Lorain Co., O., Aug. 24, 1874.

Dr. R. V. Pierce, Buffalo, N. Y.:

Dear Sir—Your medicines, Golden Medical Discovery, Dr. Sage's Catarrh Remedy, have proved of the greatest service to me. Six months ago no one thought that I could possibly live long. I had a complication of diseases,—scrofula, manifesting itself in eruptions and great blotches on my head that made such sores that I could not have my hair combed without causing me much suffering; also causing swollen glands, tonsils enlarged, enlarged or "thick neck," and large and numerous boils. I also suffered from a terrible Chronic Catarrh, and in fact I was so diseased that life was a burden to me. I had tried many doctors with no benefit. I finally procured one half dozen bottles of your Golden Medical Discovary and one dozen Sage's Catarrh Remedy and commenced their use. At first I was badly discouraged, but after taking four bottles of the Discovery I began to improve, and when I had taken the remaining I was *well*. In addition to the use of Discovery I applied a solution of Iodine to the Goitre or thick neck, as you advise in pamphlet wrapping, and it entirely disappeared. Your Discovery is certainly the most wonderful blood medicine ever invented. I thank God and you, from the depths of my heart, for the great good it has done me.

Very gratefully,
MRS. L. CHAFFER.

Most medicines which are advertised as blood purifiers and liver medicines contain either mercury, in some form, or potassium and Iodine viciously combined. All of these agents have strong tendency to break down the blood corpuscles, and debilitate and otherwise permanently injure the human system, and should therefore be discarded. Dr. Pierce's Golden Medical Discovery, on the other hand, being composed of the fluid extracts of native plants, barks and roots, will in no case produce injury, its effects being strengthening and curative only. Sarsaparilla, which need to enjoy quite a reputation as a blood purifier, is a remedy of thirty years ago, and may well give place as it is doing, to the more positive and valuable vegetable alteratives which later medical investigation and discovery has brought to light. In Scrofula or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammation, Mercurial affections, Old Sores, Eruptions of the Skin and Sore Eyes no in all other blood diseases Dr. Pierce's Golden Medical Discovery has shown its great remedial powers, curing the most obstinate and intractable cases. Sold by all dealers in medicines.

Order of Publication.

IN THE CIRCUIT COURT FOR TALBOT COUNTY, In Equity.

Tilghman N. Chance
vs.
James Milne and Arianna Milne, his wife, and John A. Arringdale.

The object of this suit is to obtain a Decree for a deed in fee from James Milne and wife to Tilghman N Chance, for certain lands and premises described in a deed of John W. Fountain, attorney in fact, to Richard Arringdale, deed.

The Bill states that sometime about the year Eighteen hundred and fifty six, a certain Arianna Brown being seized and possessed of the one half part of one sixth of three fourths of a tract of land called and known as "Kings Bridge," situate, lying and being in the County of Talbot, and near "Kings Creek Bridge," did sell the same unto one Richard Arringdale, late of said County, deceased, at and for the sum of Three Hundred Dollars, and which said sum of money was fully paid unto the said Arianna Brown.

The Bill further states that prior to the said sale as aforesaid, the said Arianna Brown and Edward Brown, her husband, did, for sundry and divers purposes, execute unto one John W. Fountain a Power of Attorney; that the said Arianna Brown and Edward W. Brown, her husband, and the said Richard Arringdale, were advised that the said Power of Attorney authorized and empowered the said John W Fountain to convey by deed all the right, title and interest of the said Arianna Brown in and to the said tract of land, and that in pursuance thereof the said John W. Fountain, as the attorney in fact of the said Arianna Brown and Edward W Brown, her husband, did, by deed, convey unto the said Richard Arringdale all the estate of the said Arianna Brown and Edward W. Brown, her husband, in and to the said tract of land

The Bill further states that subsequently, to wit, on the twenty-fourth day of September, in the year Eighteen hundred and sixty-four, the said Richard Arringdale being in possession of land of which the above mentioned tract is a part, and the supposed owner thereof, the said complainant agreed with the said Richard Arringdale for the purchase of the same and for the price or sum of Eight thousand Dollars, and that the said Richard Arringdale by his Bond of conveyance of the date aforesaid, by himself and wife did bind himself, his heirs, &c., upon the payment of the said Eight thousand Dollars, in the manner and upon the terms in said Bond mentioned and set forth to convey unto your Orator, or unto his heirs and assigns by a good and sufficient Deed of conveyance, the whole of the said tract of land free and clear of all incumbrances. The Bill further states that the said complainant paid unto the said Richard Arringdale a large portion of the said purchase money, but that before the remainder thereof became due, or a conveyance for said land could have been made under the terms of the aforesaid agreement, the said Richard Arringdale departed this life, leaving a widow, he said John A Arringdale, a son, and sundry other persons, his heirs at law. That since the death of he said Richard Arringdale he hath paid to the administrator a portion of the remainder of the said purchase money for the said tract of land, and is ready and willing to pay the whole of the said purchase money so soon as a good title to the said tract of land can be conveyed to him. That the said Power of Attorney from the said Arianna Brown and Edward Brown, her husband, unto the said John W Fountain did not authorize and empower the said Fountain to convey the said tract of land by Deed, and that the Deed so executed as aforesaid by the said John W. Fountain in virtue of said Power of Attorney is of no effect and not binding in law. That since the execution of the said Power of attorney as aforesaid, the said Edward W. Brown hath departed this life, and that since his death the said Arianna Brown hath intermarried with one James Milne, that the said Arianna Milne and James Milne, her husband, have refused and do still refuse, to ratify and confirm the said deed of the said John W. Fountain, attorney in fact, as aforesaid, and that they are residents of the State of Texas, and that the said John A Arringdale is an infant, and a resident of the State of Indiana.

It is therefore adjudged and ordered, that the complainant by causing a copy of this order to be published in some newspaper printed in Talbot County, Maryland, once in each of four successive weeks before the Fifteenth day of March next, give notice to the said absent defendants of the object and substance of said Bill of complaint, and warn them to appear in this Court in person or by solicitor, on or before the Fifteenth day of June, Eighteen hundred and seventy six, to answer the premises and show cause, if any they have, why a decree should not pass as prayed

SALE OF A PUBLIC ROAD.

Office of County Commissioners,
EASTON, FEB. 8th, 1876.

NOTICE IS HEREBY GIVEN, that on

Tuesday, March 7th, 1876,

at 12 o'clock M., in front of the Court House, in Easton, the Commissioners of Talbot county will offer at public sale, to the lowest responsible bidder, the

Contract for Building a New Public Road in Easton and Chapel Districts,

as laid down by Charles M Jump, John Chilcutt and Jerome B Bennett, Esqrs., Examiners, and surveyed by J Frank Bateman, Esq., beginning at the Western extremity of Railroad Avenue, where Goldsborough Street, of the town of Easton, terminates, including and running out said Railroad Avenue, thence through the lands of the late James H Martin, Henry Shreve John F. Kersey, Joshua Duncan's Heirs, James H. Anderson R M Jackson, H E Bateman, John C Earle, H H Goldsborough, Hinson Kirby, and Hannah Wilson, to the road between "Square Farm" and "Mullet Branch." The length of Road is about 8½ miles—its width 40 feet from the place of beginning to the fence binding on the Peach Orchard of R. M Jackson, and 33 feet thence to the end.

The road must be ditched on both sides, and bridges built wherever necessary to drain it, and causeways constructed wherever needed. It must also be cleared of all stumps, roots and other obstructions, and put in complete traveling order.

All the bridges are to be substantially made of best heart White Oak lumber—the flooring to be 18 feet in length and 2 inches thick—the work to be done in a workmanlike manner.

The Contractor will be required to furnish all the material that may be needed for the job. In addition to the small bridges, a bridge will be required at "Mullet Branch," with the following specifications: 25 feet span with abutments 4 feet high, running back 16 feet, to be built of White Oak logs, not less than 10 inches at the small end—5 stringers, 4 by 8, 26 feet long, supported in the middle by capsill 6 by 8, upon 3 posts, 12 inches across small end, settled in the ground 4 feet, and also at "Galloway Branch" a bridge will be required of 12 feet span, with necessary abutments, &c.

All the work will be subject to the approval of the County Commissioners. A plot of the road with the return of the Examiners, can be seen at this office, and herewith made a part of the contract.

The road must be made before the 1st of August next. When it shall be reported complete, the County Commissioners will appoint Examiners to examine it, and it will not be paid for until it is completed according to contract and accepted by the County Commissioners.

By order of the Board,

W. H. D. HARPER, Clerk.

THE LOST CAUSE,

A MAGNIFICENT Picture, 16x20 inches in size, printed on heavy plate paper, beautiful in design and artistic in execution. It represents a Confederate Soldier after the war returning to his home, which he finds lonely and desolate. In front of the ruined cottage, telling a sad tale of the miseries of war, are two graves with rude headboards, on one of which some friendly hand has hung a garland. To the right the calm river and the rising moon indicate peace and rest. The stars seen through the trees, represent the Southern Cross. It is a picture that will touch every Southern heart, and should find a place in every Southern home. Sent by mail mounted on a roller and post-paid on receipt of 25 cents, or 3 for 60 cents.
