OTHER GRAIN.

Oats, 60 cents.
Rye, 70 "

—Mosquitoes have come.

—For stove repairs go to E. J. Hulse.

—Dentistry, Dr. J. N. Baird, Easton, Md.

—10,000 peach boxes for sale by Shannahan & Wrightson.

—We never saw so many water melons in town on one day as there were on Saturday.

—Genuine Havana filled cigars at P. G. Hoffman's, cor. Railroad avenue & Hanson st.

—If you think you can walk half a mile with a big water melon under each arm, try it.

—At cost for cash—water-coolers, ice boxes and refrigerators, at Shannahan & Wrightson's.

—The New Emerald cook stoves are full size, heavy, and guaranteed to give satisfaction. For sale at Hulse's.

—Make your homes cool by using the "Automatic Blind Awning Fixture." For sale by Shannahan & Wrightson.

—Mr. Theodore S. Pattison has been appointed principal of the Grammar School in Easton, vice Mr. R. T. Savage, resigned.

—Col. F. C. Goldsborough, of this county, bought the trotting mare Gamble Maid, sold at Col. James T. Earle's sale last week, for $800.

—We have been requested to state that the Cape May excursions have been abandoned for the present. There will be no more this season.

—Leading blows in this market are the South Bend Chilled, Remington and Peacock New Ground Plows, for sale by Shannahan & Wrightson.

—A grandchildren of Mr. Fierce's family from Greensborough has been to Poplar Island, and pronounced the body washed ashore there not Mr. Fierce's.

—A new water tank three times the size of the old one, has been put up at the Easton depot, and a new steam pump has been put up in place of the hand pump.

—Shannahan & Wrightson are agents for G. Ober & Son's Lorenz & Hilker and J. R. Tygert & Co.'s different grades of fertilizers. Call and see them before buying elsewhere.

—Messrs. Holstead & Williams, real estate agents, have sold John B. Carpenter's farm in Charles county, Md., 600 acres, to John W. Pake, of Richfield Springs, N. Y., for $6,000.

—The steamer Thomas Clyde having been disabled, the excursionists who left here for Cape May last Wednesday morning only went as far as Clayton, and returned disappointed.

—Peterson's Magazine for September is very bright and pleasing, and will doubtless be very acceptable to the ladies. It abounds with charming stories and other matters to interest them.

—Tin roofing and spouting promptly done in the best manner. Prices guaranteed to be as cheap as the cheapest, material and workmanship considered. A full stock of Tinware always on hand. E. J. HULSE.

—Antonio De Pasquale, the Fashionable Tailor, next door to the Bank, Easton, Md. All garments cut and made by him are guaranteed to fit, and made in the very best manner, and in the most fashionable style. feb28-1y

—Mr. James T. Earle's well-known stallion Tankerville, Jr., died on Wednesday, the first day of the auction. A gentleman from Baltimore went to the sale with the intention of bidding $1,000 for him, but he was taken sick and died before the stock was offered.

—At the registration of voters in Easton district last week, there were registered 941 whites and 93 colored, of which 25 were whites in Tuna's Hills precinct and 9 colored, and 916 whites in Easton and 84 colored. Easton district is still about 300 short on the old registration.

—Mr. J. A. Pascault is building a pier for the Maryland Steamboat Company at Dover Bridge, says the jar of the hammer in driving piles killed young fish. A catfish about 6 inches, and six or eight young shad 2½ inches long, were killed by the concussion and floated up on the water.

—Lippincott's Magazine for September has been received. The contents are "An Antwerp Printing House," illustrated; "Fairy Gold," a story; "At War," a poem; "Through Great Britain on a Drag;" "Animal Electricity;" "The Milky Way;" "Invading the Temple of the Heaven," and other articles.

—We don't see why the mention of Mr. Thomas Quimby's name in connection with the next Sheriffalty should throw the Ledger into indignant convulsions. He is a most worthy young Democrat, always ready to work for the party. There may be better men than T.Q. in Chapel, but we don't know them.

—Some 500 colored excursionists from Annapolis arrived here Friday afternoon in the steamer Matilda. They paraded through our streets with a band of music, playing "Nearer My God to Thee," "Hold the Fort," and "The Sweet By and By." Some of the ladies in the crowd danced along the street to the sacred music.

—There is to be a rousing Temperance meeting at Fair Haven, Anne Arundel county, on the 25th inst., to advocate the acceptance of the Local Option Law by the voters of that county. We notice that Mr. George Colton, of Baltimore, is to be one of the speakers, and Major Wm. E. Stewart, of Easton, is among those invited to address the meeting.

—Of the two novels that are now running as serials in the Century, it is announced that Mr. Howell's "Modern Instance," which has been generally pronounced his best work of fiction, will conclude with an unusually large and dramatic part, in the October number. It will be succeeded by a delightful story of mining life, by a writer who has already printed promising short stories in this magazine. This in turn is to be followed by another novel by Mr. Howells, to begin early in 1883.

—On Saturday night a water melon man from Caroline being anxious to clear out his pile and get over Dover Bridge before the draw was opened for the night, refused them at 25 cents a grab, or 75 cents for a wheelbarrow load. William J. Marshall paid 75 cents for a wheelbarrow load, and then went to his stable for his double-decker. He loaded between 25 and 30 big melons on it, and rolled it off triumphantly. The water melon man said it was the biggest wheelbarrow he ever saw.

—Hon. Robert M. McLane, of the Fourth district, announced his intention not to consent to be the Democratic nomination for the Forty-Eighth Congress, to the surprise and regret of the mass of his constituents. Were the nomination tendered him without a canvass, there is no doubt that Mr. McLane would be gratified, and would accept. As Baltimore has no superior man to represent the city in congress, the Democrats of the Fourth District ought to confer the nomination to Mr. McLane and elect him.

—We have on our table Blackwood's Magazine for July, reprint by the Leonard Scott Publishing company, Barclay street, N. Y. "The Great Mystery," the article with which the number opens, is an ingenious and interesting burlesque on the characters who have figured in the Egyptian embroglio. "Carlyle's Life and Reminiscences" is a very clever paper. "The Civil Service Bill of Cause" is an attractive discussion of the political and financial question in England. "Financial Legislation" is a very fair arrangement of the Gladstone administration. The lighter articles are written in "Maga's" usual charming style.

—[illegible] 40 cts. better clothing, more style, more substantial work, more satisfaction in your money, or anything else in the shape of bargains or anything else you can in the shape of clothing and gents furnishing goods, than you can get through to 60 Hanover St., Baltimore, Md.

Items.

O. Tilghman, Esq., has returned from Virginia on a visit.

[illegible] has returned from Ocean City.

State's Attorney Peterson has returned from Ocean City.

Mrs. George S. Lightfoot has gone to Virginia on a visit.

Mr. George S. Lightfoot has returned from Virginia.

Dr. [illegible] Dover, Del.

Mr. George S. Lightfoot has gone to Virginia on a visit.

State's Attorney Peterson has returned from Ocean City.

Miss Hardcastle, of Cecil, is visiting at Mrs. Frank R. Pascault's.

Miss Carter, of Baltimore, is visiting her uncle, Mr. Elias O. Dawson.

Judge Robinson is spending his vacation on his farm in Queen Anne's county.

Mr. L. Dodson, teller of the Easton Bank, has been summoning at St. Michaels.

The health of Mr. D. C. Avery is reported as much improved since he went north.

Miss Hardcastle, of Cecil, is visiting her uncle, Mr. Elias O. Dawson.

Mrs. John S. Griffith, nee Slaughter, Mrs. John S. Griffith, are at Atlantic City.

Mr. H. C. Sounds, of Wisconsin, has been elected principal of the Oxford Grammar School.

Miss Mollier, who for two years past has had a private school in Easton, has taken the Island Creek Neck public school for next year.

Capt. Samuel G. Copper has withdrawn the charges made to the Board of Public Works against Capt. Mitchell, commander of the Oyster Navy.

Miss Martha Goldsborough, Miss Minnie Goldsborough, Miss Mary H. Goldsborough, Miss Minnie Earle and Miss Clara Earle have gone to Ocean City.

Gov. Thomas was in town on Saturday, to attend the funeral of a grandchild, and left yesterday for Blakeford. He expects to return to remain in about ten days.

Improvements in the County.

Bailey's Neck, one of the prettyest neighborhoods in the county, has been brushed up and very much improved lately. The STAR reporter was down there the other day, and observed the roofs of the dwellings and outbuildings generally had been beautified by a coat of Knowlton's & Co's "Fireproof Slate Paint." All the farm buildings at "Ellenborough" and "Canterbury," the property of Col. F. C. Goldsborough; the farm buildings of Mr. T. H. Goldsborough; the dwelling and farm buildings of Dr. Thomas W. Martin have all been painted with the fireproof paint and the color, a chocolate brown, gives them a rich and very handsome appearance. Besides running the roofs imperious to water, and making them fireproof, the slate paint certainly adds very much to the appearance of the buildings. From both the road and river, these buildings now look very handsome. It is singular that so few people in this section paint the roofs of their houses, the part of them most exposed to both the weather and fire. And certainly nothing adds so much to the appearance and durability of a handsomely painted roof, and no paint is so durable, or more handsome than the rich brown of the fireproof slate paint.

Public Business.

COUNTY COMMISSIONERS.

EASTON, Aug. 15.—The commissioners met. Commissioner Bartlett was authorized to have Railroad Avenue road drained, opposite Col. Bateman's lots, Mr. John F. George having given his consent for a ditch to be cut through his lots, so as to take the water off through Caldwell's Addition. A number of accounts were audited and paid.

EASTON, Aug. 15.—The orphans' court met. Edward Harrison, executor of Eliza Gardner, passed a distribution on his final account of administration.

John W. Boulden, administrator of Elizabeth Townsend, passed an additional list of debts, and his second and final account of administration.

A warrant was issued to Wm. S. Grace and Samuel Harrison to appraise the real estate of Joseph F. Bridges, deceased.

In the case of Cheezum vs. Cheezum, administrator of Cheezum, the counsel for the petitioner made an argument in support of his motion previously filed.

A Trade.

With the slanting rays of August suns we are made aware of the approaching autumn and the necessity for preparation is made apparent, and as a preliminary step in this direction room is being made at Chaffinch & Coney's Bargain House for an immense Fall Stock.

A large Spring and Summer Stock is to be disposed of, and all who are fond of real bargains can now have their dearest wishes realized in the purchase of the remaining styles of Spring and Summer goods which they are selling. We would advise all our readers to call at Messrs. Chaffinch & Coney's store for an inspection of stock, for many are calling and being benefitted, showing that their advertisements are not empty assertions nor void promises—they do all they agree.

Oratide Guano.

In an article of such general use among our people as Fertilizers, the question of cost is a most important factor, and when unusual cheapness and good quality combine, a point of special interest to our farmers has been obtained. In this instance Messrs. Coldridge, Travers & Co. squarely meet the case. The Orathilla Guano which they advertise in our paper to-day, and other Phosphatic fertilizers of a number of our best farmers, given to-day show that it is equal to any of them. Read the advertisement and certificates elsewhere published and call on the advertised agent for this section and give your order.

Growing in Favor.

With the progress that is marking this age in every other department it is necessity that the whims of the appetite be catered to, and as this is only to be done through the medium of the kitchen, we would call special attention to the modus operandi as set forth in Domestic Economy, a work chock of high rank among the treatises on the good things for the inner man. Mrs. Hollyday, the authoress, has spent a number of years in the collection of the best and most popular recipes for her book and it is unrivaled as a guide to housekeepers. For sale by Mack, Goldsborough.

St. Nicholas.

With September comes the new [illegible] and [illegible] of school, and St. Nicholas comes too, evidently determined to make these by no means the least pleasant of the summer days.

It is a bright, stocky number, filled with short stories, clever verses, and beautiful pictures. Girls will be interested in "The Doll that Couldn't Spell her Name," and boys will read with pleasure the story of "The Marlborough Sands;" and both boys and girls will enjoy everything else in the magazine.

What Easton has Needed and Now Has.

A large and handsome jewelry store has been opened by E. P. Sangston, on Washington street, next to Mrs. John Mason's. The largest and best stock of watches, clocks, jewelry, silverware, bronzes, etc., ever known in Easton. Special attention given to the repair of fine watches, clocks and jewelry. Spectacles and eyeglasses in gold, steel and rubber frames. Rodger's knives, forks and spoons. Ladies' and gent.'s handsome gold watches. Everything kept in a first-class jewelry store.

The September Century.

The unusual favor with which the midsummer of The Century was received is not likely to be withdrawn from its successor, the current issue, which numbers among its special features a fine portrait of Mark Twain, engraved by Cole, still-printed as a frontispiece, to accompany a charming paper by Mr. W. D. Howells, on the humorist and his American rivals; a vigorous critical review of the war in Egypt, by General George B McClellan, with [illegible] of the [illegible] results.

Special Notice.

If you want a cheap and fashionable suit of clothes made, go to John Satterfield's; get him to choose the cloth for you from his samples, have him order the goods at wholesale price of Messrs. Rosa in Newport, if you prefer. He is a first-rate judge of goods, and if you buy through him, you won't be cheated. He has the latest fashions, and warrants everything he makes to fit and give satisfaction. He also does all kinds of cutting promptly to order. Feb21-tf.

Notice.

Mr. Haid, the piano tuner of Baltimore, will be in Easton this week, and all parties desiring their pianos tuned, will please leave their orders at Mack, Goldsborough's book store.

Easton.

The ladies of the Episcopal Methodist Church will hold a festival on the grounds around the church August 25 and 26. Oysters a specialty. All are invited.

Notice To Tax-Payers.

The Tax Book for 1882 will be opened for the payment of taxes on Tuesday, August 15. A discount of five per cent. will be allowed on tax bills paid in August; four per cent. on those paid in September; and three per cent. on those paid in October.

All Tax-Payers are hereby notified to arrange for paying their taxes for 1882 by the first day of January, 1883. The laws of the State, and the method of doing business of the county now practiced, absolutely require this. Immediately after January 1, 1883, delinquents will be proceeded against by advertisement and sale of their property, that all the bills for 1882 may be closed in thirty days from January 1, 1883.

1872. ESTABLISHED. 1882.

HUBBARD'S

STANDARD PHOSPHATE

Acknowledged the Wheat Fertilizer of the Country.

The great results that have been obtained from the use of our Standard for the last 11 years, as well as the great crops, both in bulk and weight, that have been raised with its assistance, all goes to prove to us beyond a doubt that we have not failed in the great object we had in view, and that to make our goods a success, the true value of a Super-Phosphate is obtained in the way we manufacture the combination of materials are applied together, which by our scientific process we are enabled to guarantee quality, uniformity and condition, as will be seen by analysis below.

BALTIMORE, September 18th, 1880.

Messrs. HUBBARD & BRO., Easton, Md.

GENTLEMEN:—Sample of your Standard Fertilizer received me contains

Ammonia	2.00 per cent.	85.00 lbs at 20 cents,		$10.40
Available Phosphoric Acid	8.77 "	182.40 "	12½ "	22.87
Insoluble "	2.40 "	49.92 "	5 "	4.99
Potash	3.16 "	65.80 "	8 "	5.04
Approximate Cash value				$43.41

as This sample is to be classed with the highest grade of the best fertilizers in the market.

Respectfully, P. B. WILSON.

STATE LABORATORY DELAWARE COLLEGE.

NEWARK, DEL., September 14th, 1882.

Result of Analysis of a sample of Fertilizer received from HUBBARD & BRO., Easton, Md., marked Standard Bone Super-Phosphate.

Ammonia	2.34 per cent.	46.80 lbs at 22	cents,	$10.12
Available Phosphoric Acid	9.66 "	193.20 "	12½ "	24.07
Insoluble "	2.50 "	50.00 "	5 "	2.25
Potash	3.67 "	73.40 "	8 "	4.34
Approximate Cash value				$40.69

DR. T. H. WOLF.

Messrs. HUBBARD & BRO., Easton, Md.

HARRISBURG, PA., April 25th, 1882.

Sample of your Standard Phosphate found at New Cumberland, Pa., contains as follows.

Ammonia	2.49 per cent.	49.8 lbs at 20	cents,	$ 9.96
Available Phosphoric Acid	10.78 "	215.16 "	12½ "	26.89
Insoluble "	2.96 "	59.22 "	5 "	2.96
Potash	3.24 "	65.00 "	8 "	5.28
Approximate Cash value				$43.69

DR. F. A. GENTH, State Chemist of Pa.

BALTIMORE, July 15th, 1882.

Messrs. HUBBARD & BRO., Easton, Md.

Sample of your Standard Phosphate sent me contains

Ammonia	3.64 per cent.	72.80 lbs at 20	cents,	$14.56
Available Phosphoric Acid	8.76 "	175.00 "	12½ "	21.87
Insoluble "	13.75 "	55.00 "	5 "	2.75
Potash	2.56 "	36.80 "	8 "	2.91
Approximate Cash value				$42.09

P. B. WILSON.

The question has been asked us, how can we afford to sell our goods showing by analysis a Cash value of $40 and over for $35 per ton. To which we answer, By producing the largest amount of Soluble matter from the materials that is possible of being produced. If from the same material we only produced half the amount of soluble matter, we wouldn't get half the value. This being the only correct guide for the farmer in selecting his fertiliser, we would suggest that other manufacturers who are selling in our county to publish their analysis, and show to the buyer the value of their goods. We hold all the original copies of our analysis which can be seen at our office. Our stock is heavy, several hundred ton, and in the best of order for drilling. We hope our patrons will send in their orders early, as we have but one time of settlement and that at the close of the season, and besides give them goods in better order and avoid disappointments.

ISAAC A. HEISTAND & CO., Baltimore, Md.

And for sale by GEO. W. SECK, Easton, Md.

5 cts. **MUSIC** 5 cts.

When retrograding o'er the past,
We must confess the age is fast,
The great desideratum's attained at last
By Goldsborough's 5 cent Music.

The air seems filled with music sweet,
Where'er you wander on the street,
And in almost every house a sheet
Of Goldsborough's 5 cent Music.

The stranger, as he passes by,
With careful scrutinizing eye,
Is amazed when invited in to buy
Goldsborough's 5 cent Music.

He pays, and to his home repairs,
Easton with all the latest airs
Is Goldsborough's 5 cent Music.

Acknowledged this family when he declares
That Goldsborough's is best Music.

Does this world their patron grace,
Must this great offer need explain?
Note the only place
To buy Goldsborough's 5 cent Music.

mar7-tf

TO WHEAT GROWERS.

The [illegible] PIONEER in the manufacture of FERTILIZERS in this city, and ORIGINATOR in 1868 of the formulas and processes of manufacture of

"EXCELSIOR" AMMONIATED PHOSPHATE,

So well and favorably known by the agricultural public, relying upon its experience and personal reputation hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the High STANDARD of each will be maintained as heretofore.

And

The above are the most concentrated FERTILIZERS ever offered to the farmer, containing all the stimulating qualities of Peruvian Guano and the [illegible] lasting properties of Bones in fine, dry powder prepared expressly for drilling.

For growing wheat, [illegible] the most prominent crop of the farmers of Maryland and Virginia, after proper experiment, the use of these Fertilizers [illegible] that an application of 100 pounds is equal in its effects to 200 pounds of an other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I can defy competition with any Fertilizer sold in the United States, in quality, uniformity, solubility, and price.

By strictly adhering to my original formulas, using only the purest unadulterated materials and [illegible] in the manufacture, as for the past twenty-four years.

UNIFORM QUALITY IS GUARANTEED.

[illegible] IS UNIFORMLY GENUINE EXCELSIOR and PHOSPHATE, prepared according to my original formulas, established in 1868, and [illegible] that THIS IS [illegible] as above, with the ANALYSIS and my name in RED LETTERS.
