A CARD.

To my Old Patrons and Friends on Miles, Choptank and Wye Rivers.

For the past 30 years I have diligently and faithfully, to the best of my ability endeavored to serve my customers to their entire satisfaction, and this is to inform them and the public generally, that notwithstanding the untrue report that I have sold out and quit, I am still in the boating business, and expect to remain in it, as long as the public sustains me. The

SCHOONER DEXTER

Medical.

SENSIBLE MEN and women know this that of the many diseases and derangements of the body each has a separate cause or origin, and that each needs its own method of treatment in order to effect a cure, and a moment's reflection must convince that any of the quack nostrums foisted upon the public claiming to cure all of a number of diametrically different diseases must prove failures, even if we do not call them humbugs.

POOR PEOPLE and people of moderate means, and even people well-to-do or wealthy find that the enormous charges of practising physicians are a serious burden to them, and also find that after paying themselves poor that no benefit has accrued to them, that in fact they have thrown their money away. To overcome these evils we offer *Wheeler's No. 96 Sure Remedies* to the sick and suffering, *one Remedy* for each disease, without for a moment claiming that one remedy will cure any other disease than the one claimed for it, and as these remedies have stood the test of years without a single failure, we agree to *refund the money* paid in every instance where a cure is not positively effected. The remedies are entirely vegetable, can do no harm, and will positively cure every disease for which they are prescribed.

RHEUMATISM, Gout, Lameness of Joints, Sciatica and Neuralgia are relieved at once and positively cured by the use of Wheeler's No. 96 Rheumatic Remedy. We say boldly that in the worst cases of no matter how *long standing,* how *serious* or how *painful,* we can not only give relief but *positively cure* for all time. Failing to do this we will positively refund the money paid for the treatment, and if your sufferings are not positively stopped for all time you have not thrown your money away as you would on any other than these guaranteed remedies. The price of Wheeler's No. 96 Rheumatic Remedy is only 50 cents, obtainable from druggists or sent free by mail on receipt of price. Stamps taken.

SUFFERING WOMEN. Many a lady endowed by nature with a pretty face, beautiful figure, faultless complexion, as well as the sweetest of tempers and faultless mental qualities grows prematurely old, gray and wrinkled, her form loses its perfect contour, the complexion becomes sallow, the brightness leaves the eye, a feeling of languor takes the place of the once buoyant spirits, an irritable nervous fractiousness makes life a burden, things that once were trifles worry her till life becomes unbearable. All this being caused by the physical derangements so common to women, which the innate modesty of feminine nature prevents their making known, and of which the *ignorance* of the medical profession prevents a cure. *Lady Reader, pause* and consider, 'tis a duty you owe yourself, your family and your God, that you should cure yourself of these troubles and once more feel the glow of perfect health and spirits that nature intended for you. *Wheeler's No. 96 Prescriptions* are pleasant and palatable to take, contain nothing of an injurious nature, and may be taken by all ages at all times and in all conditions *without possibility of ill effects,* and will positively cure any of the peculiar diseases to which females are subject. Failing to produce a perfect cure the proprietors will *refund the money* paid for the treatment. *If you have a sallow complexion,* constant or intermittent headaches, backache, restlessness, loss of appetite, suppression of monthly flow, or irregularities thereof accompanied by headaches, nervousness, hysterics and similar symptoms, *Wheeler's No. 96 Prescription* "B" will positively restore you to health. If you have a sensation of heat and throbbing in the back, frequent fainting spells, Leucorrhea or white discharge, painful or scalding sensation in urinating, reddish or white deposit in urine, hot and dry skin, *Wheeler's No. 96 Prescription* "C" will give immediate and lasting relief. The price of Wheeler's No. 96 Prescriptions "B" and "C" are 50 cents each, obtainable from druggists or sent by mail secure from observation postpaid on receipt of price. Postage stamps taken.

CATARRH. It is needless to decribe the symptoms of this nauseous disease that is sapping the life and strength of only too many of the fairest and best of both sexes, old and young, suffering alike from the poisonous dripping in the throat, the poisonous nasal discharges, the fetid breath and general weakness, debility and languor, aside from the acute sufferings of this disease, which if not checked can only end in *loss of palate, hoarseness, weakened sight, loss of memory, deafness and premature death* if not checked before it is too late. Labor, study and research in America, Europe and Eastern lands have resulted in *Wheeler's No. 96 Instant Relief and Sure Cure for Catarrh,* a remedy which contains no harmful ingredients, and that is guaranteed to cure every case of acute or chronic catarrh or money refunded. *Wheeler's No. 96 Instant Relief and Sure Cure for Catarrh* will cure every case of catarrh, hay fever or asthma, price $1.00 per package, from druggists or sent by mail postpaid on receipt of price.

Wheeler's No. 96 Sure Cure for Kidney and Liver Troubles cures all weakness and soreness of kidneys, inflammation of kidneys or liver, price $1.00.

Wheeler's Vegetable Pills are the only remedy that cure constipation, giving natural action of the bowels without physicing, purging, griping or pain. Price 25 cents, of druggists or by mail.

Wheeler's Nervine Tonic for mental depression, loss of manhood, languor, weakness or over taxation of the brain is invaluable, price 25 cents.

WE GUARANTEE Cures in every case or will refund money paid. We place our price for these remedies at less than one-twentieth of the price asked by others for remedies upon which you take all the chances, and we specially invite the patronage of the many persons who have tried other remedies without effect or depleted their purses by paying doctor bills that benefitted them not.

HOW TO OBTAIN these remedies. Go to your druggist and ask for them. If they have not got them, write at once to the proprietors, enclosing the price in money or stamps, and they will be sent you at once by mail, postpaid. Correspondence solicited. Address plainly

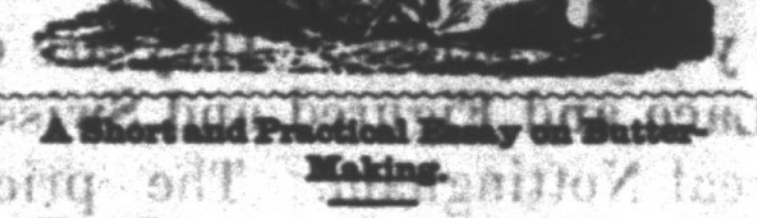
AGRICULTURAL.



A Short and Practical Essay on Butter Making.

The Wisconsin Dairymen's Association last year offered prizes for the best essay on butter making, the essays not to exceed 250 words. Competition was active, and many valuable little treatises was the result. The first prize was won by D. W. Curtis of Fort Atkinson, and reads as follows—it being a model of conciseness:

COWS.

Select cows rich in butter making qualities.

FEED.

Pastures should be dry, free from slough holes, well seeded with different kinds of tame grasses, so that good food is assured. If timothy or clover, cut early and cured properly. Feed corn stalks, pumpkins, ensilage, and plenty of vegetables in winter.

GRAIN.

Corn and oats, corn and bran, oil meal in small quantities.

WATER.

Let cows drink only such water as you would yourself.

CARE OF COWS.

Gentleness and cleanliness.

MILKING.

Brush the udder to free it from impurities. Milk in a clean barn, well ventilated, quickly, cheerfully, with clean hands and pail. Seldom change milkers.

CARE OF MILK.

Strain while warm; submerge in water forty eight degrees Open setting sixty degrees.

SKIMMING.

Skim at twelve hours; at twenty four hours.

CARE OF CREAM.

Care must be exercised to ripen cream by frequent stirring, keeping at sixty degrees until slightly sour.

UTENSILS.

Better have one cow less than to be without a thermometer. Churns without inside fixtures. Lever butter worker. Keep sweet and clean.

CHURNING.

Stir the cream thoroughly; temper to sixty degrees; warm or cool with water. Churn immediately when properly soured, slowly at first, with regular motion, in forty to sixty minutes. When butter is formed in granules the size of wheat kernels draw off the buttermilk; wash with cold water and brine until no trace of buttermilk is left.

WORKING AND SALTING.

Let the water drain out; weigh the butter; salt, one ounce to the pound; sift salt on the butter and work with lever-worker. Set away two to four hours; lightly re-work and pack.

Gas-Lime as a Fertilizer.

With the extension of gas-works to quite small villages, there is an increasing amount of so-called "gas-lime," and, taking the year together, no other single question comes to us so often, as, what is the value of this product as a fertilizer? When fresh from the gas-house it has an offensive odor, and so many associate unpleasant smells with fertilizers, that they frequently overestimate this material. When illuminating gas is produced by heating bituminous coal in the retorts, several impurities are mixed with it, sulphur or compounds of sulphur among them. To remove these one part of the process is to pass the gas on its way to the distributing reservoir, through boxes of fresh burned lime. The sulphur unites with the lime, and forms calcium sulphide, formerly called sulphide of calcium, or sulphuret of lime, etc. When the lime ceases to longer act efficiently, it is thrown out and fresh lime introduced. This refuse lime is constantly offered to farmers as a fertilizer, often at a nominal price. Properly used it may be as valuable as a mixture of common lime with some land plaster; improperly used it is poisonous to plants and when the sulphur and lime, or the calcium sulphide, is exposed to the air for a sufficient time, the sulphur is oxidized to sulphuric or sulphurous acid, the calcium is oxidized at the same time into lime, and the union of the two forms sulphate or sulphite of lime. The sulphate of lime is the same as plaster, gypsum or land plaster, so much used as a fertilizer. It will thus be seen that while the fresh gas-house lime is not a safe application direct to crops, or to soils to be soon seeded, yet if it be left sufficiently spread out, (better under cover from rains, but not absolutely essential), until disagreeable odors have mainly passed away, which may take place in from two to six months, or longer, the material is probably about equal to common air slaked lime: or it may be somewhat more valuable on soils where land plaster produces good results.—*American Agriculturist for June.*

To Country Belles.

VEILS and sunshades cannot prevent the summer sun from embrowning your complexions; but GLENN'S SULPHUR SOAP will speedily restore if duly applied according to directions. The great charm of this article is, that there is not a suspicion that the effect it produces is artificial. *Nothing can be more natural than the soft velvet texture it imparts to the skin.* "C. N. Crittenton, Proprietor," is printed on each packet, without which none is genuine. Sold by druggists and fancy goods dealers.

HILL'S HAIR AND WHISKER DYE, black or brown, fifty cents.

High Authority.

DR. W. E. SCOTT, President of the College of Physicians, Montreal, writes: "I have recommended COLDEN'S LIQUID BEEF TONIC as the best preparation used for *debility, indigestion, dyspepsia, fever, ague and loss of appetite.*" (Take no other.) Of druggists generally.

From Wilmer Brinton, M. D., Baltimore.

"I have used COLDEN'S LIQUID BEEF TONIC in my practice, and have been much gratified with the result. As a tonic in all cases of debility, weakness, anemia, chlorosis, etc., etc.; it cannot be surpassed." (Remember the name, COLDEN'S—take no other.) Of druggists.

Woven Wire for Windows and Doors. Also Frames for Windows and Doors, complete and ready to be put together, any size. T. C. NICOLS.

To the Public, Property Owners and Consumers of House Paints.

During the past ten years every gallon of our paints have been sold under our *Positive Guarantee*—that any building would be repainted at our expense if not satisfactory for a proper term of years thereafter. In view of the *apparently low prices* at which cheaply made *benzine and water paints* are offered, and the difficulty experienced by inexperienced buyers in discriminating between the *best paints* and *paints of inferior character,* we now add to our previous guarantee the additional guarantee of cost, thus placing the *low price of our paints beyond doubt.*

We authorize any dealer to furnish our paints free of cost to any buyer, who having painted his building with our paints, can demonstrate that our paint has not cost 10 per cent. less for paint used, than cost would have been for either pure white lead and linseed oil or any other mixed paint in this country.
