Poetry.

LOVE AND FUN.

As I saw her passing there,
With her golden lighted hair,
Like the sun,
Forth I started from my lair,
Started out to join sweet Clare,
Just for fun.

But she looked so fair and neat,
So demure and oh! so sweet!
Fit to stun!
That I thought, "This can't be beat,"
So I walked on down the street
Just for fun.

Well, to make it short, I fell
With dear Clare in love pell-mell—
Wooed and won!
So proud Hymen rang his bell,
And we married were—oh, well—
Just for fun.

Are we happy, do you say?
Just as long as any day
'Neath the sun!
Clare's the truest little wife—
And we intersperse with life
Lots of fun!

AGRICULTURAL.

He Thinks He's Folks.

"Well," said Reuben, the story-teller, "father always wanted a horse, because the folks in Greene lived scattered, and he had so far to go to attend funerals and weddings and visit schools, you know but he never felt as if he could afford to buy one. But one day he was coming afoot from Hildreth, and a stranger asked him to ride.

"Father said: 'That's a handsome horse you're driving. I should like to own such a horse myself.'

"'What will you give me for him?' said the man.

"'Do you want to sell him?' says father.

"'Yes, I do; and I'll sell cheap, too,' says he.

"'Oh, well,' says father, 'it's no use of talking; for I haven't the money to buy with.'

"'Make an offer,' said he.

"'Well, just to put an end to the talk,' father says, 'I'll give you seventy-five dollars for the horse.'

"'You may have him,' says the man, as quick as a flash; 'but you'll repent of your bargain in a week.'

"'Why, what ails the horse?'

"'Ails him? He's got the Old Nick in him, that's what ails him,' says he. 'If he has a will to go, he'll go; but if he takes a notion to stop, all creation can't start him. I've stood and beat that horse till the sweat ran off me in streams; I've fired a gun close to his ears; I've burned shavings under him. I might have beat him to death, or roasted him alive, before he'd have budged an inch.'

"'I'll take the horse,' says father. 'What's his name?'

"'George,' says the man.

"'I shall call him Georgie,' said father.

"Well, father brought him home, and we boys were pleased, and we fixed a place for him in the barn, and curried him down and fed him well; and father said, 'Talk to him boys, and let him know you feel friendly.'

"So we coaxed and petted him, and the next morning father harnessed him and got into the wagon to go. But Georgie wouldn't stir a step. Father got out and patted him, and we brought him clover tops, and once in a while father would say, 'Get up, Georgie,' but he didn't strike the horse a blow. By and by he says: 'This is going to take time. Well, Georgie, we'll see which has the most patience, you or I.' So he sat in his wagon and got out his skeleton—"

"Skeleton?" said Poppet, inquiringly.

"Of sermons, you know. Ministers always carry around a little book to put things into they think of when they are walking or riding or hoeing in the garden."

"Well, father sat full two hours before the horse was ready to start; but when he did, there was no more trouble for that day. The next morning it was the same thing over again, only Georgie gave in a little sooner. All the while it seemed as if father could not do enough for the horse. He was around the stable, feeding him and fussing over him, and talking to him in his pleasant, gentle way; and the third morning, when he had fed and curried and harnessed him with his own hands, somehow there was a different look in the horse's eyes. But when father was ready to go, Georgie put his feet together and laid back his ears and would not stir. Well, Dove was playing about the yard; and she brought her stool and climbed up by the horse's head."

"Dove, tell what you said to Georgie that morning."

"I have gave him a talking to," said the little girl. "I told him it was perfectly 'diclous for him to act so; that he'd come to a real good place to live, where everybody helped everybody; that he was a minister,s horse, and that God would not love him if he not a good horse. That's what I told him, and then I kissed him on the nose."

"And what did Georgie do?"

"Why, he heard every word I said; and when I got through, he felt so shamed of himself that he couldn't hold up his head; so he just dropped it till it almost touched the ground, and he looked so sheepish as if he had been stealing a hundred sheep."

"Yes," said Reuben, "and when father told him to go, he walked off like a shot. He has never made any trouble since. Thats the way father cured a balky horse. And that night when he was unharnessed, he rubbed his head against his shoulder, and told him, as plain as a horse could speak, that he was sorry. He's tried to make it up to father ever since, for the trouble he made. When he's loose in the pasture, father has only to stand at the bars and call his name, and he walks up as quiet as an old sheep. Why I've seen him back himself between the shafts of the old wagon many a time to save father trouble. Father wouldn't take two hundred dollars for the horse today. He eats anything you give him. Sis very often brings some of her dinner to him."

"He likes to eat out of a plate," said Dove; "it makes him think he's folks."

Only Temperance Bitters Known.

VINEGAR BITTERS
PURELY VEGETABLE FREE FROM ALCOHOL
DR. WALKER'S CALIFORNIA VINEGAR BITTERS

No other medicine known so effectually purifies the blood of deep-seated diseases.
Millions bear testimony to its wonderful curative effects.
It is a purely Vegetable Preparation made from the native herbs and roots of California, the medicinal properties of which are extracted therefrom without the use of Alcohol.
It removes the cause of disease, and the patient recovers his health.
It is the great Blood Purifier and Life-giving Principle; a Gentle Purgative and Tonic; a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the power of VINEGAR BITTERS in healing the sick of every disease man is heir to.
The Alterative, Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Sedative, Counter-Irritant, Sudorific, Anti-Bilious, Solvent, Diuretic and Tonic properties of VINEGAR BITTERS exceed those of any other medicine in the world.
No person can take the BITTERS according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
Bilious, Remittent, Intermittent and Malarial Fevers are prevalent throughout the United States, particularly in the valleys of our great rivers and their vast tributaries during the Summer and Autumn, especially during seasons of unusual heat and dryness.
These Fevers are invariably accompanied by extensive derangements of the stomach, liver and bowels. In their treatment, a purgative, exerting a powerful influence upon these organs, is absolutely necessary.
There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as it will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus forearmed.
It invigorates the Stomach and stimulates the torpid Liver and Bowels, cleansing the blood of all impurities, imparting life and vigor to the frame, and carrying off without the aid of Calomel, or other minerals, all poisonous matter from the system. It is easy of administration, prompt in action, and certain in its results.
Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Pneumonia, Dizziness, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, and a hundred other painful symptoms, are at once relieved by VINEGAR BITTERS.
For Inflammatory and Chronic Rheumatism, Gout, Neuralgia, Diseases of the Blood, Liver, Kidneys and Bladder, the Bitters have no equal. In these, as in all constitutional Diseases, WALKER'S VINEGAR BITTERS has shown its great curative powers in the most obstinate and intractable cases.
Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to Paralysis of the Bowels. To guard against this, take occasional doses of VINEGAR BITTERS.
Skin Diseases, Scrofula, Salt Rheum, Ulcers, Swellings, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations, Humors and diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of the Bitters.
Pin, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like VINEGAR BITTERS.
Measles, Scarlet Fever, Mumps, Whooping Cough, and all children's diseases may be made less severe by keeping the bowels open with mild doses of the Bitters.
For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, this Bitters has no equal.
Cleanse the Vitiated Blood when its impurities burst through the skin in Eruptions or Sores; cleanse it when obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when, and the health of the system will follow.
In conclusion: Give the Bitters a trial. It will speak for itself. One bottle is a better guarantee of its merits than a lengthy advertisement.
Around each bottle are full directions printed in different languages.

Rupture instantly Relieved by using the celebrated Fry Truss.
We take pleasure in calling your attention to an entirely new principle in the way of a Truss, (Fry's patent). We have at last succeeded in getting an Upward and Inward pressure at the same time, which has never been accomplished by any other Truss before. *We also do entirely away with any pressure on the small of the back.* The hoop being plastic can be bent to fit the exact shape of the body, and, as we get all the pressure from the spring on the end of the hoop, it is not necessary to have it fit any closer than is needed to steady it on the body. You can regulate the pressure—making it light or heavy as the patient may require to retain the rupture—by turning the screw at the end of the spring For sale by J. C.
