## Political Notice.

The Democratic Central Committee of Talbot county and the Democratic Candidates are requested to meet in Easton, on

**Tuesday, October 6th,**

at 11 o'clock A. M., at the Court House, to arrange meetings and speakers for the campaign and to organize the party for active work.

JOHN SATTERFIELD,
Chairman.

The canal ice in Montreal is about as prevalent and fatal as the cholera in Palermo. And singular to say, the people of Montreal are possessed of a singular opposition to vaccination as a preventive of small pox. They prefer to die of the disease than to be protected from it by vaccination.

The County Democracy of New York held a rousing meeting in New York city last Wednesday evening to ratify and endorse the nomination of Gov. Hill and the Democratic State ticket. Some of the more sanguine Democrats of New York declare that Gov. Hill will be elected by at least 100,000 plurality.

HAVE you registered, Democrats? If you have not, remember this is the last day of registration. If you do not register to day, you cannot vote in November. Keep this in mind, and go at once and register. Remember, you cannot postpone this duty a single day and do your duty to the Democratic party and the State. Every Democratic unregistered vote ought to be registered before 6 o'clock this evening.

THE *Gazette* is respectfully informed that the article published in the STAR last week from the *Free Press* was sent us by a good Republican of this county, with the request to print it, and we printed all he sent us. The STAR aims to oblige its friends, and it would have printed more if more had been sent. It was probably mailed to us before the appearance of the *Gazette's* later pronunciamento. We shall probably receive that next week, after it has been ground over in the *Free Press* mill.

A meeting of the Baltimore city Republican convention was held at Raine's Hall, on the night of September 28th. Sheriff Airey undertook to boss it and make it do his bidding, but was courageously opposed. The result was a disgraceful row, and a "bust up;" Airey's gang seceding, and the others assuming control. The Republicans of Baltimore are not harmonious by a "long shot." There is quite as much trouble in their camp as there is in the democratic family. The Baltimore Democrats are getting their blood up, and when they do that they are bound to carry the city by a rousing majority.

THE English Statesmen Messrs. Griffin and Goshen, are of the opinion that the present depression in business throughout the world, is largely caused by the policy which is being pursued by some of the commercial nations, in demonetizing silver and adopting a gold standard, and in a diminished production and the consequent appreciation of gold. The New York *Sun* shows that other articles have generally depreciated in about the same ratio as silver, and measured by the gold standard, they have all been falling in price as the price of gold has been rising in the market. There is little doubt that the gold craze is the real source of the trouble, while the advocates of an exclusive gold standard are trying hard to cast the blame on silver.

THE Mugwumps of New York say they must vote for the Republican candidate for Governor in order to support President Cleveland! Certainly they have struck on a queer way of supporting the President. But not queerer than the plan of the Democratic civil service reformers of Baltimore, which is to unite with the Republicans, to defeat the Democratic party of Maryland, in order to help the cause of the President! This is certainly putting themselves in accord with the President with a vengeance. It is hardly possible that the President will appreciate such left-handed support as this. Do these gentry suppose that Grover Cleveland is about to Tylerize the party that elected him? Or are they volunteering as political missionaries, and expect to bring the whole Republican party, Blaine Logan and all, over to the Democracy? Which are they, hypocrits or crazy?

### Result of the Independent Conference—A Third Ticket Put into the Field.

The result of the Independents' meeting held in the court house last Saturday, is the nomination of the following ticket:—State Senator: O. Tilghman; Delegates to the Legislature, T. A. Benson, James Hand, Jeremiah Johnson, colored; Clerk of the Court, L. Dodson; Register of Wills, Augustus Hastings, colored; County Commissioners, Joseph B. Harrington, Joseph H. White, Levi Vashell; Sheriff, Wm. S. Horney; Surveyor, Thomas F. Chance. This is the first time in this county that the colored men has been recognized in the nomination of a ticket. Hereafter, if the colored voters take to this ticket, the colored men in the Republican party will have to be recognized in making nominations for office, and those Republicans who came forward last Saturday in an independent meeting, and the colored men of the county will undoubtedly be the leaders and the strongmen with the colored voters. The Republicans, who have persistently ignored the colored people in making nominations, will hereafter have to take a back seat in nominating conventions.

THE Mugwumps of New York have taken French leave of President Cleveland and the Democratic party, and pronounced their intention of voting for Ira Davenport for Governor. Gov. Hill is too good a Democrat for them to swallow. But to pay for their desertion, the thousands of Democrats in New York who voted for Blaine and Butler in 1884, and returned to the Democratic fold this year, have been compelled to wait from the 4th of March to the 4th of November, and to a certain extent have had their wool pulled over their eyes by President Cleveland. The Mugwumps lead off in this New York campaign, but the Labor Unions have declared their intention of voting as strongly without the Mugwumps as it would have been had they been kept out of the Republican camp.

### Latest News in Brief.

There was a disastrous blaze in Baltimore last Wednesday night. The fire originated in the printing office of Guggenheimer & Weil in the upper story of the large Numsen building, corner of Light and German streets, opposite the Carrollton hotel, over the confectionary store of Clarke & Jones. The whole block, containing six warehouses, was damaged. Those damaged by the fire were Wm. Numsen, owner of the building; Guggenheimer & Weil, job printers; Clarke & Jones, confectioners; John Doos, agent for the Fairbank scales; Nackman, Ash & co, tobacconist; Clement, Weil & Ball, shoe factory, Smith & Elliot, leather dealers; Joseph Medford, dealer in leaf tobacco; Mentzell & Son, paper warehouse; and J. D. Kremelberg, tobacco shippers. The whole damage to buildings and stock amounts to about $75,000, covered by insurance.

### The Roumelian Question.

The meeting of the ambassadors of the powers of Europe, to consider the Roumelian-Bulgarian-Turkish question, opened last Thursday at Constantinople. The object of the great powers will be to limit the trouble, and prevent it bringing on a general war. Turkey is mobilizing her armies, but she is without stores or money. Russia wants Prince Alexander of Bulgaria dethroned. The trouble will be to prevent Servia from annexing Macedonia. Greece wants another slice of the sick man. Austria wants to extend her rule to Salonica. Confusion and anarchy reign at Philippopolis, the bank having failed. Turkey it is thought will consent to the union of Bulgaria and Roumelia, provided Prince Alexander will pay the tax due Turkey and acknowledge the suzerainty of the Porte. Russia is believed to be the only real opponent of the union. Austria is actually aspiring to the possession of Constantinople. Turkey is again turning to England for support in her great troubles. A general war is not unlikely.

BALTIMORE, MD.

and the Senatorship.

Dr. White, the independent candidate for the State Senate in the district composed of Wythe, Grayson and Smyth counties, Va., declines the support of the republicans, on the supposition that he would support Senator Mahone for re-election. But a few days ago, Mr. Jas. R. Deadmore, of Washington county, a republican, wrote to Mr. Mahone asking him if he must support Dr. White, and informing him that the Doctor had been heard to say that he would see Mahone in a very warm climate before he would vote for him for United States Senator if elected to the Legislature. In reply Gen. Mahone, under date of Petersburg Sept. 28, wrote to Mr. Deadmore:

"I am obliged for your favor of the 21st instant. You are right: I should certainly vote for no man who was not known to be with us on such a vital question. Upon the seat we now hold in the Senate of the United States depends the control of that branch of the government. It is the last citadel of power held by the republicans at Washington. If a Bourbon takes my seat there on March 4, 1887, then that minute the control of the Senate passes to the democracy. The Senate will stand in that case 36 to 36, with the casting vote with Vice-President Hendricks.

"I had heard differently as to Dr. White's position, but you know now what it is. No, sir, as a republican, I could never vote for him. We had better put a candidate out on the last day quietly."

**Wanted in Easton, Md.,**
an energetic business woman to solicit and take orders for The MADAME GRISWOLD Patent Skirt-Supporting Corsets. These corsets have been extensively advertised and sold by lady canvassers the past ten years, which, with their superiority, has created a large demand for them throughout the United States, and any lady who will give her time and energy to canvassing for them can soon build up a permanent and profitable business. They are not sold by merchants, and we give exclusive territory, thereby giving the agent entire control of these corsets in the territory assigned her. We have a large number of agents who are making a grand success selling these goods, and we desire such in every town. Address
