Skeet Groups Merge To Form County Club

Finest Layout On Shore Visioned On Present Sudlersville Site

The likelihood of the merger of the Centreville and Sudlersville Skeet clubs to form a new organization known as the Queen Anne's County Gun Club was almost assured as fifteen of the first sixteen ballots returned by Centreville members showed a preference for the merger. Twenty votes of the thirty-eight eligible are required for ratification.

By virtue of the present membership of the Sudlersville Club in the National Skeet Shooting Association the new body will also hold that privilege which allows registered and official shoots to be held.

The Gun Club will be located in Sudlersville on the present grounds behind the Sudlersville Supply Company. The layout will be the finest on the Eastern Shore. With the transfer of the Centreville equipment two skeet courses and a regulation trap shooting range will be available with flood lights for night shooting.

Election of officers in which members of both present clubs will be eligible to participate and other details of the new setup are to be arranged as soon as the final word is issued by Dr. James A. Crowl, Dr. C. H. Metcalfe and J. Clifton Green, committee on plans.

The joint assets of the two bodies at present is put at $1,800 less a note for $300 outstanding.

Skeet shooting in Queen Anne's county got its baptism last spring with the organization of the Centreville body and the laying out of grounds and houses near Carville station on the Hope Road. For several months the interest in the sport flamed. This year the Carville course has been idle and interest has waned.

Terps Larrup Goldsboro For Easy Win, 15-5

Regulars Fatten Hit, Run Totals. Phillips Packers At Queenstown Sunday

Coasting along behind a steady drumfire of basehits with Caspar Clough, Seal Hudson, Eddie Turner and Burkman cannonading three apiece and every regular except Rhinehart cracking out at least one, the Queenstown Terp larruped Goldsboro 15 to 5 for their second triumph at Queenstown Sunday afternoon.

The veteran Tug Schellberg got off to a shaky start as a walk to Cole, singles by Holland and Snowberger and a double by Dick Sneed staked the visitors to a two run lead in the first chukker. With that out of his system Tug tightened up and held Goldsboro safe with five hits in the remaining nine innings.

The Terps scored a tieing pair off Dick Sneed, the Goldsboro pitcher, in their half of the first on an error on Rhinehart, a walk to Clough and singles by Turner and Hudson.

Four runs poured across in the second for the Terps. Warner walked, Nichols bingled, and after Schellberg and Rhinehart went out on a fly and a grounder, Burkman singled, Turner singled and Caspar Clough belted out the first of three long doubles.

Two runs in the fourth and three in the sixth finished Sneed. He was replaced by Plummer, ex-Church Hill thrower, who yielded six hits and four runs in the final cantos.

The Terps went into action with Rhinehart, ss; Burkman, 2b; Turner, cf; Clough, rf; Campbell, 1b; Hudson, 3b; Warner, lf; Nichols, c; and Schellberg, p. Biscuit Morris also took an inning in left field and Stoops tried the mask and pad for the same period.

Goldsboro countered with Cole, ss; Walls, c; Holland, c; Snowberger, 2b; Palmer, 3b; Sneed, p; Quillen, rf; Smith, lf; Schaube, cf. Several switches were made in positions but no reinforcement was thrown in except pitcher Plummer.

Next Sunday the Terps will get a real test. The Phillips Packing Company team will visit Queenstown to put the Terrapins under fire. The Packers have been romping around the Shore getting plenty of experience and their share of victories and a he-man squabble is anticipated.

Carmichael To Get 40ft. Road

Promptness by the residents along the road from the Wye Mills-Queenstown highway to Wye Island in donating sixty-foot rights of way for an improved road has enabled that sector to get first use of the new caterpillar tractor and grader assigned by the State Roads Commission to Kent, Queen Anne's, Talbot and Caroline counties.

Work is to start at once in laying out a forty-foot crowned road with ditches on each side from the Queenstown highway to Wye Island by way of Carmichael. Other similar roads have been requested in the county but if the abutors want them they had best line up quickly for "seconds" on the use of the equipment.

The tractor which pulls the grader is new and the second largest made. It has been assigned to the four counties named above with the first county ready, to get first use.

The county road crew under the direction of Engineer W. A. Blackwell did a hammer-and-tong job of surfacing the cut-off in Stevensville from the Matapeake road to the Love Point road which forms the third side to the Stevensville triangle.

Work on the road which is 500 yards long and 15 feet wide started on Saturday a week ago when a boatload of 150 tons of slag came in. Rather than be charged for delay or handle the slag twice a big crew with five trucks worked from 6:30 in the morning until 9:30 Saturday night transferring the material directly to the road bed.

The road was rolled and tarred and put into use by Thursday.
