The above lottery is intended to realize the deſirable object of a *Town Clock* and *Alarm Bell*, which the citizens have for ſome years endeavored to obtain, but as yet their efforts have proved ineffectual. As they will be both uſeful and ornamental to the city, the managers flatter themſelves, that the advantages reſulting from them to the community at large, will at once ſtrike the attention of a diſcerning public, eſpecially in a city whoſe commerce and population is exceeded by few in the United States. The advantages of the ſcheme itſelf, (the number of blanks being leſs than two to a prize) and the expectation of the drawing being completed as ſoon as any now offered to the public, will, they hope, enſure the tickets a ready ſale. All prizes in the above lottery will be paid, *without deduction*, within thirty days after the drawing is completed—thoſe prizes not demanded within twelve months after the drawing, will be conſidered as relinquiſhed for the benefit of the undertaking.
