BY HIS EXCELLENCY

JOHN FRANCIS MERCER,

Governor of the State of Maryland.

A PROCLAMATION.

WHEREAS it appeareth unto me by an inquisition taken before Robert Moore, esquire, one of the coroners of Baltimore county, that a most cruel and atrocious murder and robbery were committed on the person of Adam Wable, paper maker, a respectable and aged citizen of Anne-Arundel county, by some unknown hand, on or about the thirtieth day of March last, which inquisition hath been returned to me accompanied by a memorial of sundry respectable inhabitants of the counties of Baltimore and Anne-Arundel, and the city of Baltimore, praying the interposition of government: and whereas the quiet and security of the good people of this commonwealth depend on the vigilance of the constituted authorities in causing the laws against such enormities to be duly executed—I have therefore thought proper to issue this my proclamation, and I do, by and with the advice and consent of council, hereby offer a reward of FOUR HUNDRED DOLLARS, to whoever will discover the author or perpetrators of the aforesaid murder and robbery; provided he, she or they or any of them be convicted thereof; and moreover I do, by virtue of the authority and powers in me vested, hereby promise a full and free pardon, to any person being an accomplice, who shall discover the perpetrator or perpetrators of the said murder and robbery on the aforesaid condition.

Given in council, at the city of Annapolis, under the seal of the state of Maryland, this sixteenth day of May, in the year of our Lord one thousand eight hundred and three.

JOHN FR: MERCER.

By his excellency's command,

The above lottery is intended to realize the desirable object of a *Town Clock* and *Alarm Bell*, which the citizens have for some years endeavored to obtain, but as yet their efforts have proved ineffectual. As they will be both useful and ornamental to the city, the managers flatter themselves, that the advantages resulting from them to the community at large, will at once strike the attention of a discerning public, especially in a city whose commerce and population is exceeded by few in the United States. The advantages of the scheme itself, (the number of blanks being less than two to a prize) and the expectation of the drawing being completed as soon as any now offered to the public, will, they hope, ensure the tickets a ready sale. All prizes in the above lottery will be paid, *without deduction*, within thirty days after the drawing is completed—those prizes not demanded within twelve months after the drawing, will be considered as relinquished for the benefit of the undertaking.
