For Sale,

A TRACT of LAND, containing upwards of eight hundred acres, situated in Anne-Arundel county, about twenty-four miles distant from the city of Baltimore, and nearly adjoining the road from thence to Frederick town that is proposed to be turnpiked. This land lies in a compact body, has the advantage of a remarkably healthy situation, and contains a large proportion of very rich meadow ground; the soil is well adapted to the cultivation of all kinds of small grain, corn and tobacco, and might be very highly improved by the use of plaister of Paris. It would be sold in a body, or divided to suit purchasers; and if a small part of the purchase money was paid down, a liberal credit would be given for the balance. The title indisputable.

A more particular description of the land is deemed unnecessary. Those inclined to purchase will be pleased to apply to the proprietor, residing in the city of Annapolis.

For Sale,

A TRACT of LAND in Baltimore county, containing about six hundred acres; 4 hundred of which are supposed to be in wood. On this tract there is a handsome piece of meadow, and a young thriving apple orchard. This land is about 28 miles from the city of Baltimore, and not far from Colonel O'Donnell's country residence purchased of Mr. William Buchanan.

Also,

A TRACT of LAND containing about three hundred acres, about 14 miles from the city of Baltimore, west of Randall's town. On this last mentioned tract there is a stone dwelling house, just finished, with convenient cellars, two rooms and a passage on the first floor, three rooms and a passage on the second floor, and a garret; a new stone stable, corn house and coach house; an overseer's house with two rooms, lately repaired at the expence of two hundred dollars; kitchen and other out houses, an excellent apple orchard, with other good fruit trees, and a good garden.

On both places there is water, not exceeded in the county; and good clover lots. No place can exceed them in respect of health. There is a proportionate part of woodland on the last place.

I will permit the purchasers to seed the ensuing fall, or I would seed for them. The dwelling house on the last mentioned farm might be immediately taken possession of by the purchaser. Presuming that no person will purchase without viewing the premises, I do not go into detail.

Both of the above places are convenient to mills: there is a mill not more than a quarter of a mile from the last mentioned place; a good neighborhood, and the Episcopal and Presbyterian churches within five miles. An indisputable title will be given on the payment of the purchase money.

It may be divided in three separate farms, on one of which there is a good log dwelling house, with two rooms and a good brick chimney between them, and convenient out houses. The situation of the place is high and healthy, with an extensive and variegated prospect, a good orchard on it, and the water of a pure and excellent quality. The other two farms have convenient houses for tenants, and their situations equally healthy with the former. The whole of the land well adapted to Plaster of Paris, and there is a sufficient quantity of wood. It is unnecessary to be more particular in a description of this land, as it is presumed no one will purchase without viewing it. It will be sold together or laid of in lots, and may be seen and the terms known by applying to Mr. William Hobbs, of Samuel, residing near it; Mr. Henry R. Warfield, of Frederick-Town, or the subscriber, living in the upper part of Anne-Arundel county.

Baltimore Water Company.

BY the articles of association it is provided, that "The President and Directors shall have power to make application to the legislature of the state, at the next or any succeeding session thereof, for an act of incorporation for the said company, on the principles, and with the powers and privileges expressed in the first article of this association, and with such other powers and privileges as they may think advisable and to consent, on the part of the company, to such terms and conditions for obtaining the said act, as they shall think proper."

In pursuance of the above recited powers, a petition was presented to the last legislature by the president and directors, accompanied with the draft of an act of incorporation, in conformity with the articles of the association. The law passed by the legislature so materially differs, in many particulars, from the articles subscribed that the president and directors, on mature consideration, do not think it advisable to accept of, or to act under the law, in its present form, or until an alteration thereof can be procured; but in all respects to execute the said articles, as far as they have the means to do so, upon the faith of which individuals have subscribed and paid their money.
