February 22. tu&f

Doctor Dastuge,

(Lately arrived in this place)

East-street, No. 3, near the public Library,

OFFERS his services to those ladies and gentlemen who may have occasion to employ him: Having passed the best part of his time, since his study, at the principal schools in Montpelier and Paris, particularly in the *Charity and Hotel Dieu Hospitals*, he flatters himself he has acquired sufficient knowledge of physic and surgery to recommend him to the confidence of the inhabitants of this city.

The Doctor has a PREVENTIVE, that any person having suspicion of being infected, by application in the space of three days after connexion, he will engage to cure radically in a few days. Gentlemen, particularly, who by imprudence, may be under some disagreeable apprehension, should not hesitate a moment in making an early application, by which they will secure their health and peace of mind.

Swellings and inflammations from fresh infections, either venereal, gout, rheumatism, or scorbutic, reduced in a short time, without cutting or pain.

The Doctor cures particularly the *rheumatism* and a *certain disorder*, without *mercury*, and in so short a time as will astonish the patient.

Numerous are the unhappy people, as well in the country as in this great city, who unfortunately labor under the above destructive disorders for months and years, suffer their constitutions to be entirely ruined, rather than to apply for proper assistance, and give themselves up for lost.

Let none of either sex despair, in the worst cases, and of ever so long standing; if curable, the doctor will engage to perform a complete cure in the space of six weeks or two months—the patient conforming to the doctor's directions.

Gleets and seminal weaknesses effectually cured.

The doctor likewise makes artificial teeth, and trusses or bandages for all kinds of ruptures, and *pieces* proper to repair defects of the human body, some of which decency will not permit him to explain. The secret on his part was always sacred, as those who have had occasion have experienced.

He has had also great success in performing an operation on the teeth, which takes off the tartar, cleanses and makes them white in an easy manner, no ways painful, and without doing the least injury to the enamel; which operation, together with an opiate dentifrice and elixir he composes, cleanses and fastens the teeth, and is a perfect cure for the scurvy, which so frequently relaxes the gums.

☞ Advice and attendance, *gratis*, to poor and distressed families: The Doctor will only request a certificate of their situations from the ministers of their respective parishes.
