THE PLANTATION on which he resides, containing 380 acres. On it there is a convenient frame dwelling house, with a cellar, a kitchen, corn-house, stables, barn and quarters, in good repair. This property is situated direct at the mouth of Patuxent river, one of the best and most frequented harbors on the Chesapeake---of course is an excellent stand for a tavern. The land is level, has a sufficiency of timber and fire-wood for its support, and offers to an industrious holder a constant supply of fine fish, oysters and wild fowl, in season. There is on said property a comfortable new stone house, two rooms on a floor, with a kitchen and poultry-house, which rents for 80 dolls. per annum. A further description is deemed unnecessary, as it is presumed any person inclined to purchase will view the property. The subscriber would prefer selling for cash, though a good purchaser can obtain an accommodating credit for greater part of the purchase-money.

BY the articles of association it is provided, that "The President and Directors shall have power to make application to the legislature of the state, at the next or any succeeding session thereof, for an act of incorporation for the said company, on the principles, and with the powers and privileges expressed in the first article of this association, and with such other powers and privileges as they may think advisable and to consent, on the part of the company, to such terms and conditions for obtaining the said act, as they shall think proper."

In pursuance of the above recited powers, a petition was presented to the last legislature by the president and directors, accompanied with the draft of an act of incorporation, in conformity with the articles of the association. The law passed by the legislature so materially differs, in many particulars, from the articles subscribed that the president and directors, on mature consideration, do not think it advisable to accept of, or to act under the law, in its present form, or until an alteration thereof can be procured; but in all respects to execute the said articles, as far as they have the means to do so, upon the faith of which individuals have subscribed and paid their money.

A VERY valuable TRACT of LAND, containing 121 acres, bounding on the Frederick turnpike road, three and an half miles from Baltimore. About one-third of this land may be made to produce timothy at a very small expence (without a load of manure) equal to any meadow in the neighborhood of Baltimore; every foot of it may be watered at pleasure from a stream which runs through the heart of the tract; about one-third in timber; a few acres in clover, the remainder arable: The whole of this land is of an excellent soil. A more particular description is deemed unnecessary, as any person inclined to purchase, will without doubt view the premises. Cash for one-third of the purchase money will be required, a considerable credit will be given for the residue.

To Planters & Farmers.

THE Subscriber offers for sale, (on a liberal credit or for Negroes) ten tracts of LAND, of one thousand acres each, situate on the river Oacheta and the Bayou Burthelimi, in the county of Oncheta, and the territory of Orleans.—The above land is part of the grant made to the Baron de Bastrop, by the Spanish government. It is situated about fifty miles from the Natchez; two hundred and fifty miles from New-Orleans, and thirty from the river Mississippi, and from ten to fifteen miles from the port of Oucheta. It is thought unnecessary to give more than a brief description, as any person wishing for more particular information, may obtain it by making application to any one of the undernamed gentlemen.

The above land lies on waters navigable at all seasons for boats of fifty tons burthen; is in the heart of a country fast settling from the Mississippi territory and Kentucky, and being but a few miles from the port, renders it contiguous to mills, cotton gins, stores, &c. It is scarcely necessary to say anything of the quality of the soil, as the whole of that country is known to be the finest land in the world!—It may not be improper, however, to remark of these lands, that above one fifth being covered with timber, the rest is prairee, and nothing else is required to prepare it for a crop of cotton, Indian corn, tobacco, hemp or rice, (on the lower lands) than barely ploughing it up.

The subscriber owns 5,000 acres more, on which he would be glad to obtain industrious settlers—such ought to have some negroes or a plenty of children: To such, he offers every encouragement, either by selling to them at a low price, on a long credit of five or six years, or leases of ten years. He would also furnish them with provisions.

For further information enquire of Thomas W. Griffith, or Thomas Chase, esq. at Baltimore; David P. Dewees, at Alexandria; Dr. James Scott, at Fredericksburg, or of the subscriber, at New-Orleans; but, at present, in Philadelphia. W. DEWEES.

P. S. The subscriber intends going to the Oucheta, about the beginning of November—If any person should incline to settle there, he will accompany them.
