BY THIS DAY's MAILS.

PHILADELPHIA, April 21.

On Saturday arrived, the sch'r Victory, Waldron, 24 days from Jacquemel. Left there, March 24, *ship Mary, Bunbury, from Baltimore.* By this vessel, information was carried out to Hayti of the passage of the act prohibiting the intercourse with that island. The officers of the Haytian government discredited the intelligence, alledging that it was merely a stratagem of the Americans to lower the price of coffee. The Mary was to sail in 8 days for Aux-Cayes, to join the *ship Eutaw, of & for Baltimore, the 14th April.*

Schooner Bacchus, Morse, of Philadelpha, from La Guira, was detained through the influence and advice of captain Lewis, of the Leander; who charged her with being dispatched by the Americans at La Guira, or by the Spanish government, to ascertain to what point the Leander was bound. Captain Morse, finding himself thus unpleasantly situated, was about to dispose of his vessel to one of Miranda's officers.

The schooner Bee, Huddel, of this port, had been purchased, and taken into the service of Miranda.

Ship Emperor had sailed from Port-au-Prince, to join the Leander, but hearing at sea that the government of the U. S. had prosecuted Ogden, she put back. Captain Lewis, of the Leander, had gone over land to consult with the officers of the ship Emperor, and induce them to persevere in the expedition.

The Leander, Lewis, was to sail in 2 or 3 days for Cumana. Several Americans had been induced to join in her adventure; but the precise nature and object of her scheme was kept a profound secret.

Advices from Hayti state the seizure of the schooner Bacchus, of this port, by order of the emperor Dessalines. The Bacchus carried dispatches from Mr. Yrujo to the Spanish colonies.

Arrived, ship Abigail, Bangs, Bremen, 77 days; brigs Hunter, Childs, New-Orleans, 23; Three-Brothers, ——, do.; Nanina, Garwood, Port-Antonio, 30; Charleston Packet, Abbot, Jacmel, 24; Sally, Johnson, St. Thomas, 19; schrs. Cleared, ship Bainbridge, Josiah, Madras and Calcutta; Ganges, Phillips, Amsterdam; Bingham, Bouden, do.; Betsy, Logan, Liverpool; brig Saunders, Litten, Madeira; schrs. Schr. Henrietta, Oliver, left at Havana, April 4, brig Polly and Nancy, Medlin, of and for this port, in 9 days; brig Susanna, Reilly, do.; brig Smilax, Remington, just arrived from Philadelphia.

The brig Syren, Bingham, sailed for this port 3 days before.

The George, Beverly, of New-Bedford, from this port, arrived at Newry, 25th January. An American ship from Alicant, arrived at do. in February.

Saturday last arrived schooner Sally, captain Johnson, from St. Thomas, from whence he sailed the 26th of March, in company with the Ranger, Knowles, for Turk's-Island; and left there, brig Sally, Pratt, to sail in 5 days for New-York; Sally, Crabtree, of Portland, in 5 days for Philadelphia; schr. Evander, Sturgis, of this port for Havana, 6 days; brig Grace Ann Green, Savin, for Havana, in 5 days; Louisa, Martin, for Curracoa, in 5 days; brig Mary, of Boston, in 5 days for Turk's-Island; brig Tulley, of New-York, discharging; the ship Hercules, ——, and schr. Happy, Return, Tatem, both for this port, uncertain.

Same day arrived, ship Abigail, captain Bangs, from Bremen, and left in the rivers Weser and Jade, the 30th January last, the *barque Amelia, Haye, of Baltimore, under the carpenter's hands, uncertain when to sail; ship Joseph and Phœbe, M'Corkley Baltimore, under the carpenter's hands, when to sail uncertain;* ship Henry and Frances, Folger, Boston, arrived in the Jade, the 23d December, with the loss of her rudder, time of sailing uncertain. WASHINGTON CITY, April 21.

On Saturday, the senate considered the bill sent from the house of representatives, repealing the acts laying duties on salt, and continuing in force, for a farther time, the first section of the act entitled, "an act further to protect the commerce and seamen of the United States against the Barbary powers," and struck out the two first sections which repeal the acts laying duties on salt. —Yeas 16—Nays 9.

Our last paper contains an erroneous statement, into which we were led by an error in the journal of the senate, from which we made an extract relative to the proceedings of that body on the bill to prohibit the importation of certain goods, wares and merchandise.

In this statement the yeas and nays are given, as though they had been taken on the resolution offered by Mr. Tracy, whereas they were in fact taken on the *motion* of Mr. Tracy to postpone the bill, for the purpose of considering that resolution.

HOUSE OF REPRESENTATIVES.

Thursday, April 17.

On motion of Mr. Ely, the following resolution was adopted:

Resolved, That the president of the United States, be requested to take effectual measures to cause the south wing of the capitol to be prepared for the accommodation of the house of representatives by the commencement of the next session of congress.

Mr. Varnum offered a resolution, for making provision by law for allowing the military commandants in the territory of Louisiana, three months pay, from the period of the expiration of their appointments, to enable them to return to their homes, except in cases where such commandants shall have been appointed to some other office in the territory of Louisiana, under the government of the United States.

This resolution was opposed by Mr. R. Nelson and disagreed to—Ayes 15.

Mr. Dana offered the following resolutions which he said it was not his purpose to press on the consideration of the house this session, if they should be found to interfere with other important business:

Resolved, That provision ought to be made for the better protection of the commerce and seamen of the United States against aggressions and outrages in the seas of the West-Indies.

Resolved, That it is expedient to provide for regulating the conduct of such merchant vessels, as, by agreement of the respective owners, may sail in concert for mutual assistance and defence in any lawful commerce, and also for settling, according to the course of proceeding in the courts of admiralty, the respective rates of contribution to be made between them on account of any loss or damage which may be thereby incurred.

Resolved, That for the encouragement and security of seamen of the U. S. it is expedient to make provision that registered ships or vessels, which may be employed in voyages to foreign ports, after the days of next, shall not continue to enjoy the benefits and privileges appertaining to ships or vessels of the U. S. unless some proportion of the mariners on board the same shall be citizens of the United States.

Mr. J. Randolph, from the committee of ways and means, reported a bill making appropriations for carrying into effect the treaty with the Cherokee tribe of Indians, which was referred to a committee of the whole house this day; and which, having passed through such committee, was ordered to be engrossed for a third reading on Saturday.

Messages were received from the senate stating that they had rejected the bill prescribing the effect in each state of the records of judgment, and decrees of the courts of record of every other state—that they had passed the bill making a further appropriation towards completing the south wing of the capitol, and the bill making appropriations for the navy during the year 1806—and that they had passed the bill establishing trading houses with the Indian tribes, with an amendment. In this amendment the house concurred; the bill has consequently passed both houses.

The house resolved itself into a committee of the whole—Mr. Gregg in the chair—on the bill making provision for the compensation of witnesses, who attended the trial of the impeachment of Samuel Chase.

Mr. J. Clay moved to insert after the word "summoned"—"on behalf of the house of representatives"—so as to limit the payment of witnesses to those summoned on behalf of the house of representatives.

This motion prevailed—Ayes 44—Noes 39—when the committee rose and reported the bill.

The house concurred in the amendment made in committee of the whole—when the bill was read a third time and passed.

The committee who were appointed on the 21st of March, 1806, to enquire into the conduct of Gideon Granger, post-master-general of the United States, and report whether, in their opinion, the said Gideon Granger hath so acted, in his capacity as post-master-general, as to require the interposition of the constitutional powers of this house, submit the following

REPORT—

That the committee, without loss of time, engaged in the duties assigned them, and have made some progress therein. It was the sincere desire of the committee that the enquiry should be concluded during the present session, as well as the wish of the post-master-general; but from the distance and dispersed situation of the witnesses, whose testimony was deemed necessary, and the approaching close of the session, it is found impracticable. While the committee regret the situation of a public officer laboring under the suspicious appearance of a constitutional scrutiny into his conduct, yet in a government like ours, where watchfulness of men in office is the surest guarantee of the preservation of the liberty of the people, the public functionaries must yield their feelings to the general benefit, and endure a temporary inconvenience as an honorable sacrifice to the freedom of our institutions.

That a hasty and premature result is less to be desired on the part of an officer supported by a consciousness of the integrity of his conduct, than the suspension of an enquiry that may terminate in a satisfactory refutation of charges, which, on the part of the accused, are affirmed to be without foundation, the committee have no hesitation in believing.

Justice to the public as well as to the individual requires a thorough investigation, which is found to be impossible before the final adjournment.

The committee, therefore, recommend a postponement of the farther enquiry until the next session of congress.

Ordered to lie on the table.
