The Subscriber,

TO save the trouble of particular communications, to those gentlemen in the different quarters of the state, who have been so kind as to take charge of subscription papers for the work in which he is engaged, on land affairs, takes this method of notifying them, that the undertaking is in such forwardnes, as to require that his dispositions for publication should be conclusively settled by the end of August next. As the general approbation and encouragement which this design has received, leave but little doubt of his obtaining a moderate compensation for his labor, he does not mean to hazard much for the possibility of greater advantage, but intends to limit the number of copies to be printed, very nearly to that of the subscriptions which shall have been received by the period above-mentioned He therefore respectfully requests those gentlemen, to forward to him, in the course of the said month of August, either the subscription papers in their hands, or transcripts of the signatures thereon, (the latter in preference, where there may still remain an expectation of augmenting the lists) and that in the mean time, they would take all convenient means of announcing and explaining the undertaking to their fellow-citizens, in order that he may be enabled, with some degree of exactness, to ascertain and provide for the real demand for the work.
