Twenty Dollars Reward

Will be given for apprehending and securing in jail, a young mulatto man slave, named ANDREW. He was hired by me last year, to Mr. Joseph Thomas, who keeps the middle ferry to Alexandria, and absconded from that place about the latter end of August last. He is about 23 years age, five feet, 8 or 9 inches high, lusty and well made, has short curly hair, and is frequently subject to have several large pimples in his face.—He is reckoned to a sensible fellow, of an easy agreeable address for a man in his low situation of life. As he has not been heard of by me since his elopement, I suspect he has had the address to ship himself as a free man, on board some vessel, either at Alexandria or Baltimore. Whoever takes him up and secures him in any jail, shall receive from me the above reward, as soon as due information thereof is given to me, or to my son, Dr. Nathaniel P. THE Subscriber offers for sale, a valuable TRACT OF LAND, situated in Wharton township, Fayette county, Pennsylvania, on the waters of Big Sandy Creek, about nine miles from Union town, and about 1 1-2 miles from the main road, leading from Fort Cumberland to said town, containing three thousand acres, on which there is an appearance of a great quantity of Iron Ore, and about two hundred acres of rich bottom, through which the creek runs, which is a stream that never fails for water sufficient to work a merchant mill and furnace, which advantage is rare to be found in that country, and it is supposed the turnpike will run near, if not through the land. For Sale,

A very valuable TRACT of LAND, in Baltimore county, within 11 1-2 miles of the city of Baltimore, containing 640 acres, seated on a branch of Middle river, which empties into, and is within about 5 miles of the Chesapeake bay. There are about 40 acres of this land cleared, the residue, about 600 acres, abounds with valuable timber, calculated for every useful purpose, such as ship-building, staves, &c. The soil is calculated to raise every species of country produce, but it is more particularly adapted for an extensive grazing farm, as more than one-half may be made choice meadow. The river, on which this land is seated, is navigable for vessels drawing about eight feet water, and abounds with the best fish, with which our markets are supplied, and there is not, perhaps, at this time, a tract of land offered for sale in the state, that enjoys more real advantages than this; its contiguity to the city of Baltimore, which is confessedly the best market on the continent, and the advantage of water carriage for ship timber, staves, tan-bark and fire wood, which is always in demand, and bears a flattering price, are objects worthy the attention of any person wanting to purchase such a place. A part of the purchase money will be required down, and a pleasing credit given for the balance. For further particulars apply in Baltimore, to

HAVING returned from Europe, takes the liberty of informing his former friends, and the inhabitants in general, that he will resume his former occupation, on Monday the 2d of June next, in the same house, no. 15, George-street, Fell's Point. He pledges himself that no labor shall be spared, or attention wanting, to facilitate the improvement and to expand the minds of pupils committed to his care. It may be proper to inform those unacquainted with the former plan of his academy, that he teaches Reading, Writing, Arithmetic, English Grammar, Geometry, Trigonometry, Altimetry, Surveying, Mensuration, Geography, the Use of the Globes, Navigation and Practical Astronomy. Those who may favor him with their attendance, in studying the important methods of ascertaining the Longitude by observation, are informed, that it (the longitude) can and is determined to 2o miles; and if they do not find ample demonstration given of its certainty, by a variety of observations, he will not charge one single cent for his trouble.

H. GARDINER.

He wants to purchase, Ground Rents well secured, for which a generous price will be given, either for ever, or redeemable, as may best suit the seller.

Country merchants will find it to their interest, to send their produce to him for sale, and to direct how the proceeds are to be applied—Merchants here, who have other business to attend to, cannot pay that attention to the sales of country produce that he can; and he flatters himself, few merchants in town but would be satisfied of the safety of the property being under his care, & with his attention to the interest of his employer---in no instance shall a sacrifice of property be made to gratify the demand of any—every reasonable advance of money will be made on property in hand, but no drafts will be accepted, or money advanced, until the property is delivered. Where there is no advance, he charges only one-half per cent commission, with the usual charges of storage, &c.

James, is a dark fellow, about 28 years of age, and 5 feet, 9 or 10 inches high; has a noted scar on the inside of the left wrist, occasioned by the cut of an axe; we deem it needless to mention his cloathing as it is probable he may change them; he is a little acquainted with the carpenter's business, and probably may make it his profession: we apprehend they will endeavor to pass for free men.
