AN ACT

Supplementary to an act, entitled "An act, for ascertaining and adjusting the titles and claims to land, within the territory of Orleans, and the district of Louisiana."

BE it enacted by the senate and house of representatives of the United States of America, in congress assembled, That every person or persons claiming a tract of land, by virtue of the second section of the act, to which this act is a supplement, and who had commenced an actual settlement on such tract, prior to the first day of October, one thousand eight hundred, and had continued actually to exhibit and cultivate the same, during the term of three years, from the time when such actual settlement had commenced, and prior to the twentieth day of December, eighteen hundred and three, shall be considered as having made such settlement with the permission of the proper Spanish officer, although it may not be in the power of such person or persons to produce sufficient evidence of such permission.

Sect. 2. *And be it further enacted*, That every person or persons rightfully claiming a tract of land, not exceeding six hundred and forty acres, by virtue of the act, to which this act is a supplement, shall be confirmed in his or their claims, if otherwise embraced by the provisions of the said act, altho' the person or persons, under whom the claim or claims originated, were not at the time when the same originated, above the age of twenty-one years: *Provided*, That the tract of land thus claimed, had been for the space of ten consecutive years, prior to the twentieth day of December, eighteen hundred and three, in the quiet possession of, and actually inhabited and cultivated by such person or persons, or for his or their use.

Sect. 3. *And be it further enacted*, That the time fixed by the act to which this is a supplement, for delivering to the register of the proper land office, notices in writing, and the written evidences of claims to land in the territory of Orleans, be, and the same is hereby extended, till the first day of January next; and persons delivering such notices and evidences, shall be entitled to the same benefits as if the same had been delivered, prior to the first day of March last; but the rights of such persons, as shall neglect so doing, within the time limited by this act, shall be barred, and the evidences of their claims never after admitted as evidence, in the same manner as had been provided by the fourth section of the act, to which this act is a supplement, in relation to claims, notices and written evidences of which, should not be delivered, prior to the said first day of March last.

Sect. 4. *And be it further enacted*, That the registers of the land offices in the territory of Orleans, respectively, be, and they are hereby authorised to appoint so many deputies, not exceeding one for each county, in their respective districts, as they may think necessary; whose duty it shall be to receive, enter, and file notices, and to receive and record written evidences of claims to lands lying in the county, or counties, to them respectively assigned, in the same manner as the register might do; and also to transmit to the register, the said notices and evidences, or such transcripts or abstracts of the same, as the said register, or the commissioners, may direct; and generally to do and perform all such acts, in relation to such claims, as the said register may direct. Persons having claims to land, may deliver the notices and evidences of the same, at their option, either to the register of the proper land office, or to his deputy, for the county in which such land lies: and each of the said deputies, shall be entitled to receive the recording fees, allowed to the register, by the act to which this act is a supplement, and in addition thereto, (or a compensation of five hundred dollars in full for all his services,) at the rate of one dollar for every claim filed with him, to be paid out of the monies appropriated for carrying into effect the act to which this act is a supplement.

Sect. 5. *And be it further enacted*, That the commissioners, appointed for the purpose of ascertaining the rights of persons, claiming lands in the territory of Orleans, shall, in their respective districts, have the same powers, and perform the same duties, in relation to the claims thus filed before the first day of January next, as if notice of the same had been given before the first day of March last, and as was provided by the act to which this act is a supplement, in relation to the claims therein described. Transcripts of the decisions of the said commissioners, and reports of the claims filed in conformity with the provisions of this act, shall be made and transmitted, as was provided by the act to which this act is a supplement, in relation to the claims therein described. It shall likewise be the duty of the said commissioners, to enquire into the nature and extent of the claims which may arise from a right, or supposed right, to a double or additional concession on the back of grants or concessions heretofore made, or from grants or concessions heretofore made to minors, and not embraced by the provisions of this act; or from grants or concessions made by the Spanish government, subsequent to the first day of April, one thousand eight hundred, for lands which were actually settled and inhabited on the twentieth day of December, one thousand eight hundred and three; and to make a special report thereon to the secretary of the treasury; which report shall be, by him, laid before congress at their next ensuing session. And the lands which may be embraced by such report, shall not be otherwise disposee of until a decision of congress shall have been had thereupon.

Sect. 6. *And be it further enacted*, That each of the registers aforesaid, shall, in addition to his other emoluments, receive a compensation of five hundred dollars for the services to be performed, under this act, prior to the first day of January next; and each of the commissioners aforesaid, shall receive at the rate of six dollars a day, for every day's actual attendance on the duties of his office, subsequent to the first day of January next: *Provided*, That the whole amount of compensation thus allowed, shall not for any commissioner exceed two thousand dollars: *And provided also*, That the president of the United States may, if he shall think proper, reduce, after the first of January next, the number of commissioners on either or both boards, to one or two persons, and in case of such reduction, the commissioner or commissioners constituting the board, shall have the same powers, which are vested by this act, or by the act to which this is a supplement, in the board established by the act to which this act is a supplement. The clerk of each of the boards shall be entitled to receive at the rate of fifteen hundred dollars a year; the translators at the rate of six hundred dollars a year, and the agents employed by the secretary of the treasury at the rate of fifteen hundred dollars a year, from the first day of January next, to the time when each board shall respectively be dissolved. *Provided*, That no more than one year's compensation be thus allowed to each of the said clerks, translators and agents: *And provided also*, That the secretary of the treasury may discontinue either one or both of said agents, whenever he shall think it proper.

Sect. 7. *And be it further enacted*, That the commissioners appointed for the purpose of ascertaining the rights of persons, claiming lands in the territories of Orleans and Louisiana, be, and they are hereby authorized, if they shall think it necessary, for the purpose of obtaining oral evidence, either in support of, or in opposition to claims, which evidence could not be given at the usual place of their sittings, without oppression to the parties or witnesses, to remove their sittings, or to send for that purpose, one or more members of the board, to such other place or places, within their respective districts, as they may think necessary: And each of the commissioners going for that purpose, to such other place or places, shall, in addition to his compensation, receive at the rate of six dollars for every twenty miles, going to and returning from such place or places: *Provided*, That no commissioner shall receive in the whole on that account, more than for the distance, from the usual place of the sittings of the board to the extreme settlements within his respective district.

Sect. 8. *And be it further enacted*, That each of the boards aforesaid, shall prepare and cause to be prepared, the reports and transcripts, which by law they are directed to make to the secretary of the treasury, in conformity with such forms as he may prescribe; and they shall also in their several proceedings and decisions, conform to such instructions, as the said secretary may, with the approbation of the president of the United States, transmit to them in relation thereto.

Sect. 9. *And be it further enacted*, That the surveyor of the public lands, south of Tennessee, be, and he is hereby directed to appoint a principal deputy for each of the two land districts of the territory of Orleans, whose duty it shall be to reside and keep an office in the said districts respectively, to execute or cause to be executed by the other deputies, such surveys as have been or may be authorized by law, or as the commissioners aforesaid may direct; to file and record all such surveys, to form as far as practicable, connected drafts of the lands granted in the district, so as to exhibit the lands remaining vacant, and generally to perform in such districts respectively, in conformity with the regulations and instructions of the said surveyor of the public lands, south of the state of Tennessee, the duties imposed by law on said surveyor. And each of the said principal deputies, shall receive an annual compensation of five hundred dollars, and in addition thereto, the following fees, that is to say: for examining and recording the surveys executed by any of the deputies, at the rate of twenty-five cents for every mile of the boundary line of such survey; and for a certified copy of any plot of a survey in the office, twenty-five cents.

Sect. 10. *And be it further enacted*, That the president of the United States, be and he is hereby authorised, whenever he shall think it proper, to appoint a receiver of public monies for the western district of the territory of Orleans, who shall receive the same annual compensation, give security in the same manner and in the same sums, and whose duties and authorities shall in every respect be the same in relation to the lands which shall hereafter be disposed of at their offices, as are by law provided with respect to the receivers of public monies, in the several offices established for the disposal of the lands of the United States, north of the river Ohio, and above the mouth of Kentucky river. And the said receiver, and the register of the land office, for the same district, shall, whenever the public lands within the same shall be offered for sale, be entitled to the same commissions and fees, which are by law respectively allowed to the same officers, north of the river Ohio, and above the mouth of Kentucky rivers.

Sect. 11. *And be it further enacted*, That the president of the United States, be, and he is hereby authorised, whenever he shall think it proper, to direct so much of the public lands lying in the western district of the territory of Orleans, as shall have been surveyed in conformity with the provisions of the act to which this is a supplement, to be offered for sale. All such land shall, with the exception of the section "number sixteen," which shall be reserved in each township for the support of schools within the same; with the exception also of an entire township to be located by the secretary of the treasury, for the use of a seminary of learning, and with the exception also of the salt springs and lands contiguous thereto, which by direction of the president of the United States, may be reserved for the future disposal of the said states, shall be offered for sale to the highest bidder, under the direction of the register of of the land office, of the receiver of public monies, and of the principal deputy surveyor; and on such day or days as shall, by a public proclamation of the president of the United States, be designated for that purpose. The sales shall remain open for three weeks and no longer; the lands shall be sold for a price not less than that, which has been, or may be fixed by law, for the public lands in the Missisippi territory, and shall in every other respect be sold in tracts of the same size, on the same terms and conditions as have been, or may be by law provided for the lands sold in the Missisippi territory. The superintendants of the said public sales, shall receive six dollars each, for each day's attendance on the said sales. All lands, other than the reserved sections, and those excepted as abovementioned, remaining unsold at the closing of the public sales, may be disposed of at private sale, by the register of the land office, in the same manner, under the same regulations, for the same price, and on the same terms and conditions as are, or may be provided by law, for the sale of the lands of the United States, in the Missisippi territory. And patents shall be obtained for all lands granted or sold in the territory of Orleans, in the same manner and on the same terms, as is, or may be provided by law, for lands sold in the Missisippi territory.

Sect. 12. *And be it further enacted*, That location or locations of land, which may be made in the territory of Orleans, by major general La Fayette, by virtue of the ninth section of the act, to which this act is a supplement, shall and may be received, though containing less than one thousand acres; *Provided*, that no such location or survey, shall contain less than five hundred acres.

Sec. 13, *And be it further enacted*, That the secretary of the treasury be authorised to cause a survey to be made of the sea coast of the territory of Orleans, from the mouth of the Mississippi to Vermillion bay inclusively, and as much farther westwardly as the president of the United States shall direct, and also of the bays, inlets, and navigable waters connected therewith: *provided*, That the expence of such survey shall not exceed five thousand dollars.

Sect. 14. *And be it further enacted*, That a sum not exceeding twenty thousand dollars, in addition to the sum appropriated by the act to which this act is a supplement, and to be paid out of any unappropriated monies in the treasury be, and the same is hereby appropriated for the purpose of carrying this act into effect.

June 2.

From the Mediterranean.

Capt. Sawyer, arrived at this port, from Leghorn, has furnished the annexed information:—

"The Blockade of Naples by the English is said to have been declared at *Palermo* and *Messina* on the 28th March. There were some apprehensions that the blockade of Leghorn would follow. The squadron off Sicily and Naples consists of 4 ships of the line 10, frigates and 2 brigs. The city of Gaeta opposed the entrance of the French and is not yet taken; but besieged by them, and is supposed would surrender. The emperor Napoleon is soon expected at Rome to be made king of the Romans. The pope is to retire to Versailles on a pension. It is supposed the emperor will also make some changes in the government of Tuscany.—A slight earthquake was experienced at Leghorn on the afternoon of the 16th April.

We have seen letters from London, of a late date, which say, that the differences which have subsisted between the United States and Great-Britain, are rapidly approaching to a happy conclusion; many of the points in dispute have been fully discussed and settled; among others, it was persumed, that the *American flag would be suffered to protect its seamen, let them be of what country soever.* This important point, as well as some others which relate to our commerce with the colonies of G. Britain, it was expected would form the basis of a commercial treaty between the two countries.

Late letters from London, state, that in consequence of the severe measures which France has adopted to prevent the importation in neutral as well as other bottoms, of English goods in the north as well as south of Europe, it was conjectured the new British administration would be necessiated, from self-preservation, to declare every port, from Venice, in the Adriatic, to Hamburg, &c. in a state of blockade; to cover the seas with, cruizers, and to take measures to prevent the supply of a single pound of *coffee, sugar, cotton*, &c. to any of the dominions under the power or influence of France. This meausure it is said will be very rigidly, executed:—and will unquestionably be justified by those who justify the French measure. Mr. Munroe had been officially notified of the blockade of the Ems, Weser, Elbe and Trave. A great number of neutral vessels, bound to and from the ports, under the French rule, among which are twenty-six Americans, have recently been sent into England. Some of which, however, had been released.

The committee appointed to examine the votes for governor and lieut. governor, were engaged the principal part of Saturday in going through with that business. The progress which they have made is not exactly known; but rumor says, they have already passed sentence of condemnation on a sufficient number of the returns, to defeat the re-election, (by the people) of his excellency governor Strong. This committee, it is to be understood, is decidedly democratic. On the part of the house, it consists of Messrs. *Storer, Bacon, Dantforth* and *Codman—three* democrats and *one* federalist. On the part of the senate *two* democrats and *one* federalist—Messrs. *Tilcomb, Hill*, and *Dana.*

Captain Mantor, arrived on Friday last, from Marseilles, in long. 64, lat. 42, was boarded from the Leander, capt. Whitby, and treated with great politeness. Captain Whitby shewed him the president's late proclamation, and expressed his regret at the unfortunate occasion of it, and said the accident was wholly unintentional, &c.

NEW-YORK, June 4.

Captain Salter of the Eliza-Ann, from Bordeaux, for New-York, informs us, that his vessel was captured on the 23d of May by the British ship of war Squirrel, of 36 guns, and ordered for Halifax; and that on the 24th, on soundings, off Nantucket Shoals, he saw 34 sail of the homeward bound West-India fleet, under convoy of the Malabar and Atlas, having been separated from a fleet of 160 sail. At the time the Squirrel brought to the Eliza-Ann, she was examining the ship Monticello, from this port, for Europe, but released her. The Eliza-Ann had 240 pipes of brandy; and the vessel and cargo owned by Joshua Jones & Son, and captain Mallaby.

Captain Bartlett, of the schooner Cornelia, arrived yesterday morning, in 19 days from Curracoa, informs us, that previous to his departure from that island, he saw a letter from Porto-Cavallo, stating that 2 schooners, belonging to the expedition under general Miranda, were captured by two Spanish frigates and several gun-boats, after an engagement of two hours, and were carried into Porto-Cavallo. The letter stated also, that several of the persons from New-York were on board the schooners when captured, among whom was the son of col. Smith. The Leander had put into Bonaire for water and provisions. We have not been able to learn the date of the letter.

Captain Zuill, informs us, that before his departure, a Danish schooner had arrived at Curracoa, which had spoken Miranda's ship, the Leander, at Bonaire, on the 15th of May.

Arrived, the ship Isabella, Zuill, in 14 days from St. Croix. Captain Salter, late of the brig Minerva, of New-York, was on Sunday last put on board the Isabella, from the British sloop of war Squirrel captain Shotland, which vessel on the 23d ult. sent the ship Eliza-Ann, capt. Burger, from Bordeaux, for N. York, into Halifax. The Squirrel, also sent in a copper-bottomed brig from St. Sebastians, for Boston.
