Mills for Sale.
THOSE highly reputed and valuable Mills, at Butternick Falls, with thirty acres of land, situated on the Banks of Hudson river, state of New York, and about sixty miles from the city. This property comprehends two Grist Mills, with five run of stones on the most modern and approved principle, together with a complete set of machinery, such as elevators for wheat and flour, conveyors, hopper-bags and kreens, agreeably to the latest improvements of Evans's system. The Bolting Cloths are new, and the whole in excellent repair. Also, a Saw-Mill and two *Dredging-Houses*, commanding a beautiful and romantic view of the Hudson and West-Point; a *Coopers-Shop* and *Dwelling*, together with other out-houses and conveniences necessary to render the establishment complete. Likewise, a fall of about thirty feet high, unoccupied, immediately above the present mills, extremely well calculated for a Paper-Mill or any other factory, without in the least interfering with the other mills. The advantages attending this property are numerous, and of a nature which rarely characterize singular establishments. Situated in the vicinity of so important a market as New-York, and on so respectable a navigation as Hudson river, the only route for the produce of the Northern and Western World, a facility of purchasing the wheat at the mill, and of sending the produce to market, is here experienced to an extent which no other situation can boast of. From 40 to 50,000 bushels of wheat has been manufactured annually between March and January, and from 60 to 70,000 could with equal ease be ground were the winter season excluded, which of late years has been so mild that the intercourse with navigation has seldom been so long continued.
The security and convenience of a sloop of my burthen lying so contiguous to the mill that the elevators discharge the cargo wherever the Miller wishes to deposit it, and the facility of loading the flour on board immediately from the Mill door, so materially diminishes labor and expedites business that one vessel will be found sufficient to serve the fact, and perform more than two ordinarily do in such employ.
Also, a Tract of 1000 acres of Land, situated about 60 chains from the above Mills, well covered with timber, on which is an excellent iron mine and through which the Butternick Falls stream passes, affording several situations for erecting of iron works.
The estate will be sold on reasonable terms, and property in or near the city of Baltimore will be taken at a fair valuation for one half of the amount if required.
For terms apply to Charles Garts, in the city of Baltimore; or to David Lydig, merchant, New-York, by whom an indisputable title will be given.
