Mills for Sale.

THESE highly reputed and valuable Mills, Beaverkill Falls, with thirty acres of land, situated on the Banks of Hudson river, state of New-York, and about sixty miles from the city. This property comprehends two Grist Mills, with five run of stones on the most modern and approved principle, together with a complete set of machinery, such as elevators for wheat and flour, conveyors, hopper-bags and krons, agreeably to the latest improvements of Evans's system. The Bolting Cloths are new, and the whole in excellent repair. Also, a Saw-Mill and two Dwelling-Houses, commanding a beautiful and romantic view of the Hudson and West-Point; a Coopers' Shop and Dwelling, together with other out-houses and conveniences necessary to render the establishment complete. Likewise, a fall of about thirty feet high, unoccupied, immediately above the present mills, extremely well calculated for a Paper-Mill, or any other factory, without in the least interfering with the other mills. The advantages attending this property are numerous, and of a nature which rarely characterize singular establishments. Situated in the vicinity of so important a market as New-York, and on so respectable a navigation as Hudson river, the only route for the produce of the Northern and Western World, a facility of purchasing the wheat at the mill, and of sending the produce to market, is here experienced to an extent which no other situation can boast of. From 40 to 50,000 bushels of wheat has been manufactured annually between March and January, and from 60 to 70,000 could with equal ease be ground were the winter season excluded, which of late years has been so mild that the interruption of the navigation has seldom been of long continuance.

The security and convenience of a sloop of any burthen lying so contiguous to the mill that the elevators discharge the cargo wherever the Miller wishes to deposit it, and the facility of loading the flour on board immediately from the Mill dock, so materially diminishes labor and expedites business that one vessel will be found sufficient to serve the factory, and perform more than two ordinarily do in such employ.

Also, a Tract of 1000 acres of Land, situated about 60 chains from the above Mills, well covered with timber, on which is an excellent iron mine and through which the Buttermilk-Fall stream passes, affording several situations or creating of iron works.

The estate will be sold on reasonable terms, and on private or near the city of Baltimore will be taken at a fair valuation for one half of the amount if required.

For terms apply to Charles Garts, in the city of Baltimore; or to David Lydig, merchant, New-York, by whom an indisputable title will be given. November 24. eo3m

Doctor Thomas Hamilton,

No. 12, HARRISON-STREET, A few doors from Market-street, Begs leave to inform his friends and the citizens of Baltimore, and its vicinity, that he practices MEDICINE, SURGERY AND MIDWIFERY. DOCTOR HAMILTON flatters himself that he is entitled to the confidence of the public, inasmuch as he has been in the practice of his profession for above twenty years, the greater part of which time his residence was in London, in the vicinity of St. Bartholomew's hospital, where an intimate connexion with the gentlemen of the faculty, to whose care it was entrusted, afforded him very ample opportunities of making himself acquainted with the progressive improvements which have taken place both in MEDICINE and in the performance of SURGICAL OPERATIONS. Were he not anxious to avoid what might perhaps by some be considered as the heat of an empiric, he could lay before the public sufficient proofs of his medical character, and of the surgical operations he has been in the habit of performing, during his residence in this and the neighboring state (Virginia) for the last seven years.

Thus much he has been induced to say of himself from a conviction, that a medical man, offering himself to the notice of the public, should accompany a claim upon their confidence with the grounds upon which he founds his pretensions. January 7. d4t-2aw4t

The Subscriber offers for Sale

The following TRACTS of LAND, lying in Allegany county, Maryland, viz.

1. "Land flowing with milk and honey," containing in the whole about 27.47 acres. A great proportion of this tract is in natural meadow, which is intersected by a number of small rivulets; the remainder is heavily timbered, and well adapted to the raising of small grain. It lies about forty miles to the south-west of fort Cumberland, is on the waters of the Great Troughghany, and about 4 miles distant from the main road leading through Virginia to the western country. The same is divided into small tracts, comprising from 300 to 400 acres each, to suit purchasers.

2. "Good Hope." This tract lies contiguous to the "land flowing with milk and honey," and contains 35.9 acres, 120 whereof are natural meadow, the residue is heavily timbered, and in the certificate is described "the first quality land."

3. "Clover Bottom" lies on the Little Crossings, about 3 miles south of Braddock's road, contains 132 acres of land, a part of which is well calculated for meadow, the remainder is well timbered, and of the first quality. On this tract there is a Grist and Saw mill, both of which might be put into good order, at a very small expense. The Grist mill is three stories high, and has an excellent pair of country stones; there is also a wheel for a pair of Burrs.

4. "Cornucopia." This tract contains 1100 acres, and is the residence of Mr. Dan Grant. The improvements are, a large and comfortable dwelling-house, and an extensive barn with stabling underneath; a young thriving orchard, and about 100 acres of cleared land under good fencing. Braddock's road passes through said farm, which makes it an eligible stand for a public house, being about twenty-two miles from Fort Cumberland. Few farms in Maryland, the same distance from Baltimore, are more valuable than this. It is of the first quality as to soil, heavily timbered, and nearly the one half of it well adapted to timothy meadow; the residue equally well adapted to the raising of wheat, rye, oats, &c. The one-fifth of the purchase money will be required in hand, the residue in five annual payments. Mr. Grant will show the above land to any person who should be inclined to purchase. JAMES P. BOYD.
