ATTENDANCE is given at this office daily, from 9 o'clock in the morning, until 5 in the afternoon, for the purpose of receiving orders for Insurance on Houses, Buildings, Ships in harbor, Goods, Wares and Merchandise, &c. from loss or damage by fire. The danger at this season of the year is so considerable, and the rates of premium demanded by the company so moderate, as to bear no proportion to the uneasiness which those who have large property uninsured must feel. For the convenience of Merchants who may have property in two or more distinct buildings, the same may be insured in one sum, on terms which may be known at the office. And on single risks of the first class the sum of 40,000 dollars can be insured. Orders will be made out agreeably to the company's directions, and property examined free of charge.

DAVID STEWART, Agent.

INSURANCES UPON LIVES,
By the *Pelican Life Insurance Company*,
OF LONDON.

THE *Pelican Life Insurance Company*, of London, was established in the year 1797, by a numerous and respectable proprietary, upon an extensive capital, vested in the public funds, with the additional responsibility of every individual proprietor. The board of directors, in consequence of repeated applications on the subject, having determined to extend their engagements to the continent of America, deem it proper briefly to suggest to the minds of the public, the numerous and important benefits resulting from such an institution to every rank and class of society.

Persons in the receipt of income arising from estates dependent upon life—profits in business—office, civil or military—by the yearly payment of a moderate premium, may secure at their death an adequate provision for their families, relations or friends. Fines payable on leases, renewable at the death of particular persons, may be provided for by insuring the lives of such persons. Insurance affords the means of reimbursement to those who advance money upon life annuities, and in many cases furnishes ample security for the loan of money. Persons entitled to property in expectancy on reversion, or upon attaining a given age, may secure an equivalent, in case their interests should be affected by premature death. In a variety of other instances, and most peculiarly as applicable to persons engaged in commercial pursuits, or in the enjoyment of casual income, this valuable precaution will establish a resource to which families may look with confidence and security, and by which the distresses too often attendant upon human life, may be alleviated or effectually prevented.

The Rates of Premium for such Insurances will be rendered as moderate as possible, and in every instance proportioned to the Age, Health, and other Circumstances of the Life assured.

Persons desirous of proposing Insurances, either upon their own Lives, or the Lives of others in which they are interested, or of obtaining further particulars and information, are requested to apply at the Phoenix Fire Office Second-street, where a list of the proprietors may be seen.
