Mills for Sale. TELD 3E highly reputed and valuable Mills, Bastermilk Falls, with thirty acres of land, tuated on the Banks of Hudson river, state of New-York, and about sixty miles from the city. This property comprehends two Grist Mills, with five run of stones on the most modern and approved principle, together with a complete set of machinery, such as elevators for wheat and flour, conveyors, hopper-bags and kreens, agreeably to the latest improvements of Evans's system. The Bolting Cloths are new, and the whole in excellent repair. Also, a Saw-Mill and two Dwelling. Houses, commanding a beautiful and romantic view of the Hudson and West-Point; a Coobers' Shop and Dwelling, together with other out-houses and conveniences necessary to ren-der the establishment complete. Likewise, a fall of about thirty feet high, unoccupied, im mediately above the present mills, extremely well calculated for a Paper-Mill, or any other factory, without in the least interfering with the other mills. The advantages attending this property are numerous, and of a nature which rarely characterize singular establishments. Situated in the vicinity of so important a market as New-York, and on so respectable a navigation as Hudson river, the only route for the produce of the Northern and Western World, a facility of purchasing the wheat at the mill, and of sending the produce to market, is here experienced to an extent which no other situation can boast of. From 40 to 50,000 bushels of wheat has been manufactured annually between March and January and from 60 to 70,000 could with equal ease be ground were the winter season excluded. which of late years has been so mild that the interruption of the navigation has seldom been of long continuance. The security and convenience of a sloop of any burthen lying so contiguous to the mill that the elevators discharge the cargo wherever the Miller wishes to deposite it, and the facility of loading the flour on board immedia; by from the Mill door, so materially diminishes labor and expedites business that one vessel will be found sufficient to serve the fac tory, and perform more than two ordinarily do in such employ.

Also, a Tract of 1000 acres of Land, situated about 60 chains from the above Mills, well covered with timber, on which is an excellent iron mine and through which the Buttermilk-Fall stream passes, affording several situations or erecting of iron works.

The estate will be sold on reasonable terms and property in or near the city of Baltimore will be taken at a fair valuation for one half of the amount if required.

ket-street. Doctor Thomas Hamilton, No. 12, HARRISON-STREET, A few doors from Market street, Begs leave to inform his friends and the citizens of Baltimore, and its vicinity,

that he practices MEDICINE, SURGERY AND MIDWIFERY.
DOCTOR HAMILTON flatters himself
that he is entitled to the confidence of the public, from his having been in the practice of his profession for above twenty years, the greater part of which time his residence was in London, in the vicinity of St. Bartholomew's hospital, where an intimate connexion with the gentlemen of the faculty, to whose care it was entrusted, afforded him very ample opportunities of making himself acquainted with the progressive improvements which have taken place both in MEDICINE and in the perform-

ance of SURGICAL OPERATIONS.

Were he not anxious to avoid what might perhaps by some be considered as the boast oan empiric, he could lay before the public sufficient proofs of his medical character, and o the surgical operations he has been in the habit of performing, during his residence in this and the neighboring state (Virginia) for the

last seven years. Thus much he has been induced to say of himself from a conviction, that a medical man, offering himself to the notice of the public should accompany a claim upon their confidence with the grounds upon which he founds his pretensions.
