Mills for Sale.

THESE highly reputed and valuable Mills, at Elmfield Falls, with thirty acres of land, situated on the Banks of Hudson river, state of New-York, and about sixty miles from the city. This property comprehends two Grist Mills, with five run of stones on the most modern and approved principle, together with a complete set of machinery, such as elevators for wheat and flour, conveyors, hopper-bags and kreens, agreeably to the latest improvements of Evans's system. The Bolting Cloths are new, and the whole in excellent repair. Also, a Saw-Mill and two Dwelling-Houses, commanding a beautiful and romantic view of the Hudson and West-Point; a Coopers' Shop and Dwelling, together with other out-houses and conveniences necessary to render the establishment complete. Like-wise, a fall of about thirty feet high, unoccupied, immediately above the present mills, extremely well calculated for a Paper-Mill, or any other factory, without in the least interfering with the other mills. The advantages attending this property are numerous, and of a nature which rarely characterize singular establishments. Situated in the vicinity of so important a market as New-York, and on so respectable a navigation as Hudson river, the only route for the produce of the Northern and Western World, a facility of purchasing the wheat at the mill, and of sending the produce to market, is here experienced to an extent which no other situation can boast of. From 40 to 50,000 bushels of wheat has been manufactured annually between March and January, and from 60 to 70,000 could with equal ease be ground were the winter season equal, which of late years has been so mild that the interruption of the navigation has seldom been of long continuance.

The security and convenience of a sloop of any burden being so contiguous to the mill that the elevators discharge the cargo wherever the Miller wishes to deposit it, and the facility of loading the flour on board immediately from the Mill door, so materially diminishes labor and expedites business that one vessel will be found sufficient to serve the factory, and perform more than two ordinarily do in such employ. Also, a Tract of 1000 acres of Land, situated about 60 chains from the above Mills, well covered with timber, on which is an excellent iron mine and through which the Butternut-Fall stream passes, affording several situations or crevices of iron works. The estate will be sold on reasonable terms, and property in or near the city of Baltimore will be taken at a fair valuation for one half of the amount if required. For terms apply to Charles Garts, in the city of Baltimore; or to David Lydig, merchant, New-York; by whom an indisputable title will be given. November 24. eo3m

INSURANCES UPON LIVES,

By the Pelican Life Insurance Company, OF LONDON. THE Pelican Life Insurance Company, of London, was established in the year 1797, by a numerous and respectable proprietary, upon an extensive capital, vested in the public funds, with the additional responsibility of every individual proprietor. The board of directors, in consequence of repeated applications on the subject, having determined to extend their engagements to the continent of America, deem it proper briefly to suggest to the minds of the public, the numerous and important benefits resulting from such an institution to every rank and class of society. Persons in the receipt of income arising from estates dependent upon life—profits in business—offices, civil or military—by the yearly payment of a moderate premium, may secure at their death an adequate provision for their families, relations or friends. Fines payable on leases, renewable at the death of particular persons, may be provided for by insuring the lives of such persons. Insurance affords the means of reimbursement to those who advance money upon life-annuities, and in many cases furnishes ample security for the loan of money. Persons entitled to property in expectancy, or reversion, or upon attaining a given age, may secure an equivalent, in case their interests should be affected by premature death. In a variety of other instances, and most peculiarly as applicable to persons engaged in commercial pursuits, or in the enjoyment of casual income, this valuable precaution will establish a resource to which families may look with confidence and security, and by which the distresses too often attendant upon human life, may be alleviated or effectually prevented. The Rates of Premium for such Insurances will be rendered as moderate as possible, and in every instance proportioned to the Age, Health, and other Circumstances of the Life assured. Persons desirous of proposing Insurances, either upon their own Lives, or the Lives of others in which they are interested, or of obtaining further particulars and information, are requested to apply at the Phoenix Fire Office Second-street, where a list of the Proprietors will be seen.
