The Subscriber offers for Sale

The following TRACTS of LAND, lying in Allegany county, Maryland, viz: 1. "Land flowing with milk and honey," containing in the whole about 2747 acres. A great proportion of this tract is in natural meadow, which is intersected by a number of small rivulets; the remainder is heavily timbered, and well adapted to the raising of small grain. It lies about forty miles to the south-west of Fort Cumberland, and on the waters of the Great Youghoughany, and about 4 miles distant from the main road leading through Virginia to the western country. The same is divided into small tracts, comprising from 300 to 400 acres each, to suit purchasers.

2. "Good Hope." This tract lies contiguous to the "land flowing with milk and honey," and contains 389 acres, 120 whereof are natural meadow, the residue is heavily timbered, and in the certificate is described "as the first quality land."

3. "Clover Bottom" lies on the Little Crossings, about 3 miles south of Braddock's road, contains 132 acres of land, a part of which is well calculated for meadow, the remainder is well timbered, and of the first quality. On this tract there is a Grist and Saw mill, both of which might be put into good order, at a very small expence. The Grist mill is three stories high, and has an excellent pair of country stones; there is also a wheel for a pair of Buhrs.

4. "Carnucopia." This tract contains 1100 acres, and is the residence of Mr. Dan Grant. The improvements are, a large and comfortable dwelling-house, and an extensive barn with stabling underneath; a young thriving orchard, and about 100 acres of cleared land under good fencing. Braddock's road passes through said farm, which makes it an eligible stand for a public house, being about twenty-two miles from Fort Cumberland. Few farms in Maryland, the same distance from Baltimore, are more valuable than this. It is of the first quality as to soil, heavily timbered, and nearly the one half of it well adapted to timothy meadow; the residue equally well adapted to the raising of wheat, rye, oats, &c. The one-fifth of the purchase money will be required in hand, the residue in five annual payments. Mr. Grant will show the above land to any person who should be inclined to purchase.

The improvements are a dwelling house and stables.

Number 4, containing 250 acres or upwards—the improvements are a good comfortable log-house and barn—there is about one hundred acres in cultivation, including 13 or 15 acres of good timothy meadow—the remainder is covered with fine thriving timber—This tract adjoins the first mentioned plantation, and is all good farming land—Also, one undivided half of about 80 acres of timber land, lying on both sides of Conococheague Creek, and adjoining the last mentioned tract; the greater part is Creek bottom, is well timbered and embraces a good site for a mill on Conococheague. There is a good spring of water on each of the above plantations. The whole will be sold together or in separate plantations, as may be most suitable to those wishing to purchase. The terms will be, one-third of the purchase money to be paid on the first day of April next, at which time possession may be had, and the balance to be paid in six equal annual payments.
