and well made, of a darkish complexion; high

generally wears his wool platted or queued, and

The Subscriber offers for Sale
The following TRACTS of LAND, lying in Al-
legany county, Maryland, viz.
1. "Land flowing with milk and honey," con-
taining in the whole about 2747 acres. A great
proportion of this tract is in natural meadow,
which is intersected by a number of small riv-
ulets; the remainder is heavily timbered,
and well adapted to the raising of small grain.
It lies about forty miles to the south-west of
Cumberland, is on the waters of the Great
Cuyahoga, and about 4 miles distant from
the main road leading through Virginia to the
western country. The same is divided into
small tracts, comprising from 200 to 400 acres
each, to suit purchasers.
2. "Good Hope." This tract lies contigu-
ous to the "Land flowing with milk and hon-
ey," and contains 389 acres, 120 whereof are
natural meadow, the residue is heavily timbered,
and in the certificate is described "as the
first quality land."
3. "Clover bottom" lies on the Little Cross-
ings, about 3 miles south of Braddock's road,
contains 132 acres of land, a part of which is
well calculated for meadow, the remainder is
well timbered, and of the first quality. On
this tract there is a Grist and Saw mill,
both of which might be put into good order,
at a very small expense. The Grist mill is
three stories high, and has an excellent pair of
country stones; there is also a wheel for a mill
of burrs.
4. "Carnegie." This tract contains 1100
acres, and is the residence of Mr. Dan. Grant.
The improvements are, a large and comfort-
able dwelling-house, and an extensive barn
with stabling underneath; a young thriving
orchard, and about 100 acres of cleared land
under good fencing. Braddock's road passes
through said farm, which makes it an eligi-
ble stand for a public house, being about
twenty-two miles from Cumberland. Few
acres in Maryland, the same distance from
Baltimore, are more valuable than this. It is
of the first quality as to soil, heavily timbered,
and nearly the one half of it well adapted to
timothy meadow; the residue equally well
adapted to the raising of wheat, rye, oats, &c.
The one-fifth of the purchase money will be
required in hand, the residue in five annual
payments. Mr. Grant will show the above land
to any person who should be inclined to pur-
chase.
