A NEW WORK, ENTITLED Geographical Compilation.

Being an accurate description of all the Empiers. Kingdoms, Republics and States of the known world, arranged in a catechetical form, compiled from the best American, English and French authors

By D L. C. TEACHER OF GEOGRAPHY. This work is executed on a plan entirely new in America; Topography (or the description of the provinces and towns that compose a nation or country) constitutes one of the

most essential parts of it, contrary to the custom which has prevailed in almost all the books of Geography that have appeared in In this work, is presented to the public an entertaining account of the Chinese Empire, a new description of France according to the recent division into departments compared with that into provinces, as likewise of Belgium, Savoy, Piedmont and the other coun-

tries that have been incorporated into the French empire; a detailed and accurate account of the various states of Switzerland, Italy and Germany according to the latest treaties of peace, viz: of Campo Formio, Rastadt, Luneville, Amiens and Presburg; an account of Poland according to the division of 1793; a satisfactory account of the British Isles; a long and accurate account of the United States in second of the Campa and accurate account of the United States in general, and of each state and territory in part-cular, likewise of their districts, counties, cities, towns and villages, &c. Lastly, a lengthy description of the Spanish possessions in America according to the last regulation of the Cabinet of Madrid; likewise a description of the ancient tribes of Israel, of Judea or Palestine under the Romans, of ancient Greece, and the divisions of ancient Italy, Gaul, Spain, Britain, Illyricum, Thrace, Asia Minor and Syria, with several other new articles which will certainly be highly interesting.

This work is printed in a landsome type, on

elegant paper, nearly bound and lettered in two volumes, 12 mo. Price 2 dollars and 50

The compilation has been approved, and subscribed to by the President of the United States, by the Secretary of State, by Saint Mary's College in Baltimore, in which in-stitution, as likewise in the Ladies' Seminaries, of Mrs. La Combe and of Mrs. Bacco-nais in Baltimore, of Mrs. Rivardi and Mrs. Grelaud, in Philadelphia, and of Miss De St. Memin in Burlington, New Jersey, it has been adopted, by the directors of the College of Union at Skenectady in the state of New-York, and by the Colloge at Georgetown. It has also been subscribed to by the greatest part of the most respectable citizens of Bal-timore, Philadelphia, New York, and the state of New-Jersey. This makes the author entertain the flattering prospect of seeing his labors rewarded by the suffrage of an enlightened and liberal public, who doubtless will encourage a work which has already been sanctioned by so many able personages and for which no trouble has been spared to render it at the same time instructive and agree-
