A WORK THAT OUGHT TO BE IN POSSESSION OF EVERY MAN.

THE LIFE OF
GEN. WASHINGTON,
By JOHN MARSHALL, Chief Justice of the United States,
Complete in 5 vols. 8vo, with an elegant Portrait, and a variety of Maps; is now ready for subscribers, and for sale, by
GEORGE HILL.
The following remarks from a late London publication, attest the high opinion entertained of this authentic and interesting work:

"The public will learn with interest that the literary monument which has long been projected to the memory of the most illustrious character of modern times, is at length completed. No apology can be requisite for erecting such a monument to him, who was the first in war, the first in peace, and the first in the hearts of his fellow citizens: to him who was the founder of a great and prosperous empire, and whose moderation and pure patriotism challenge the imitation of all statesmen. This performance of Judge Marshall has already been distinguished by the most honorable and unequivocal testimonies; it has been hailed as an acquisition to standard literature; and it has been considered as deserving, in point of execution, a place by the side of Robertson's Charles the Fifth, and as unrivalled in the authenticity of its materials, by any work in the entire compass of history and biography."
