BOSTON, May 4.  
A severe shock of an earthquake was felt at Lincolnville, Maine, on the 10th ultimo. The wind at the time was violent. The consequence of which was the loss of general Ulmer's milldam, part of his mill, about 800,000 of boards and plank, together with the handsome bridge at Duck Trap—all of which by the violence of a north-west wind were carried out to sea. The loss to general Ulmer and the town is considerable.

A Mr. Perry, who lodged at Mr. McKenzie's, was so much injured by the fire, that it is not expected he will recover; and Dr. Dayton was considerably injured by escaping through a second-story window. ### FEDERAL GAZETTE.

MONDAY, MAY 11.

FOR THE FEDERAL GAZETTE.  
TO THE CITIZENS OF BALTIMORE.

*Fellow-Citizens,*  
IT has been announced by advertisement, that Subscribers for a Stock, in order to make a Turnpike Road from Yorktown, in Pennsylvania, to the state line, in a direction towards the city of Baltimore, as also for a Turnpike Road from Baltimore towards Yorktown, to unite with the said road, are this day to be opened at Wm. Evans's tavern, and to be continued open for two days longer unless sooner subscribed. Are you aware of the very important commercial advantages to be derived to our CITY from the making of such a road, to say nothing of the interest allowed upon your money vested in the stock? The road from the city of Baltimore to the Pennsylvania line will not exceed 30 miles, and from thence to the Conaway Falls, in the Susquehanna river, where it is contemplated to carry it, 27 miles more; making together a distance of only 57 miles to a point where produce to a vast amount is brought from the boatable waters of the Susquehanna, in order to be transported over land to Philadelphia. Consult your maps, and you will readily see, that the local situation of our city claims the whole of this trade, and will unquestionably command it, provided we have but public spirit enough to subscribe for the stock. It will also be seen, that such a road will give us a preference in trade to a section of at least one-third of the state of Pennsylvania, and this too of the richest part of that state. Shall we then be so blind to our interests, as to neglect such incalculable advantages? No! On the contrary, let us embrace the opportunity which is now presented to us, with an avidity which shall discover to our jealous neighbors that we are no longer disposed to be quiet spectators of their multiplied artifices to deprive us of that trade which is ours by NATURE. A BALTIMOREAN.

On Sunday 3d May, the Marine Hospital at Norfolk was considerably damaged by fire. No lives lost; medicines and valuables all saved.

We hear from Cincinnati, that at a court there held the 2nd week of April, Charles Vattier was convicted on the charge of having stolen the sum of forty seven thousand dollars from the receiver of public monies at that place. He was sentenced to return to James Findlay, from whom the money was taken, the sum of 92,000 dollars—to suffer three months imprisonment—to pay a fine of 200 dollars—to receive ten lashes on the bare back on the 23d of May, and to stand committed until sentence is complied with. [Wash. Federalist.]

The following paragraph appears in a Nantz Gazette, of the 3d of February, taken from a Paris paper:—

"We are assured, that the government of Spain, and the United States, have actually come to a good understanding on all the points which divided them; that the cession of Florida is agreed to; that the price is fixed; and that nothing remains to be settled but the mode of payment."

Just as we were putting our paper to press, captain Smith arrived from Rotterdam, whence he sailed March 23, but unfortunately bro't no papers. He mentions as the report of the day, that Bonaparte was retreating.

FOR THE PREVENTION AND CURE OF BILIOUS AND MALIGNANT FEVERS, Is recommended

Lee's Anti-Bilious Pills,  
Prepared by RICHARD LEE & SON, Baltimore.

Persons wishing to purchase this valuable Medicine, are requested to be particular in inquiring for Lee's Anti-Bilious Pills, put up in wooden boxes, having on the outside wrapper the signature of RICHARD LEE & SON. This is necessary, as there are other Pills of the same name.

The operation of these Pills is perfectly mild, so as to be used with safety by persons in every situation, and of every age.

They are excellently adapted to carry off superfluous bile, and prevent its morbid secretions; to restore and amend the appetite; to produce a free perspiration, and thereby prevent colds, which are often of fatal consequences—a dose never fails to remove a cold, if taken on its first appearance. They are celebrated for removing habitual costiveness, sickness of the stomach, and severe head-ache; and ought to be taken by all persons, on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured & carefully preserved for use by every seaman.

Messrs. Richard Lee & Son,  
The high opinion I have of your Bilious Pills, and a desire to make known their utility for the benefit of mankind, I wish you to publish the following:

For two months past, I have been afflicted with a violent sickness at the stomach, an inclination to vomit, and loss of appetite—by taking two doses of your pills, I am restored to a perfect state of health—which induced my wife to try them also, which was attended with the same good effects, being now able to attend to her domestic concerns; in my opinion, this medicine is unequalled in stomach and bowel complaints, not being attended with that griping pain, common to other remedies.

JOHN SCOTT,  
Delicacy-street, near Columbia Gardens, Balt. Dec. 10, 1807.
