

Just Published, And for sale at the Baltimore Book-store, by SAMUEL BUTLER, A NEW WORK, ENTITLED **Geographical Compilation,** Being an accurate description of all the Empires, Kingdoms, Republics and States of the known world, arranged in a catechetical form, compiled from the best American, English and French authors.

By D. L. C. TEACHER OF GEOGRAPHY. This work is executed on a plan entirely new in America; *Topography* (or the description of the provinces and towns that compose a nation or country) constitutes one of the most essential parts of it, contrary to the custom which has prevailed in almost all the books of Geography that have appeared in the United States.

In this work, is presented to the public an entertaining account of the Chinese Empire, a new description of France according to the recent division into departments compared with that into provinces, as likewise of Belgium, Savoy, Piedmont and the other countries that have been incorporated into the French empire; a detailed and accurate account of the various states of Switzerland, Italy and Germany according to the latest treaties of peace, viz: of Campo Formio, Rastatt, Lunéville, Amiens and Presburg; an account of Poland according to the division of 1793; a satisfactory account of the British Isles; a long and accurate account of the United States in general, and of each state and territory in particular, likewise of their districts, counties, cities, towns and villages, &c. Lastly, a lengthy description of the Spanish possessions in America according to the last regulation of the Cabinet of Madrid; likewise a description of the ancient tribes of Israel, of Judea or Palestine under the Romans, of ancient Greece, and the divisions of ancient Italy, Gaul, Spain, Britain, Illyricum, Thrace, Asia Minor and Syria, with several other new articles which will certainly be highly interesting.

This work is printed in a handsome type, on elegant paper, neatly bound and lettered in two volumes, 12 mo. Price 2 dollars and 50 cents. The compilation has been approved, and subscribed to by the President of the United States, by the Secretary of State, by Saint Mary's College in Baltimore, in which institution, as likewise in the Ladies' Seminars, of Mrs. La Combe and of Mrs. Baccanais in Baltimore, of Mrs. Rivard and Mrs. Grelaud, in Philadelphia, and of Miss De St. Memin in Burlington, New Jersey. It has been adopted, by the directors of the College of Union at Skaneateles in the state of New York, and by the College at Georgetown. It has also been subscribed to by the greatest part of the most respectable citizens of Baltimore, Philadelphia, New York, and the state of New Jersey. This makes the author entertain the flattering prospect of seeing his labors rewarded by the suffrage of an enlightened and liberal public, who doubtless will encourage a work which has already been sanctioned by so many able personages and for which no trouble has been spared to render it at the same time instructive and agreeable.

The subscribers are also empowered by the patentee to dispose of rights within the state of Maryland, except the counties of Washington and Baltimore, and to sell the counties of York and Lancaster in Pennsylvania, one right to each county, and that they will supply the inhabitants of the above mentioned places with a single Machine, or any number, from twelve to thirteen dollars each.

This Machine will wash at least 8 shirts quicker than a woman can one, and will save one-third of the Soap; and no one can imagine that it can wear the clothes half as much as rubbing by hand. It is managed very easily by one person, and will wash any kind of clothes, from the largest coatlet, to the smallest articles. None are requested to buy until they have proved the Machine to be equal to the description. The patent was obtained from government, on the 25th of April 1847. THOMAS CHILDS, GODFREY SUMM ALT. The Grist mill is three stories high, and has an excellent pair of country stones; there is also a whelp for a pair of Burrs. 4. "Cornucopia." This tract contains 1100 acres, and is the residence of Mr. Dan. Grant. The improvements are, a large and comfortable dwelling-house, and an extensive barn with stabling underneath; a young thriving orchard, and about 100 acres of cleared land under good fencing. Bradlock's road passes through said farm, which makes it an eligible stand for a public house, being about twenty-two miles from Fort Cumberland. Few farms in Maryland, the same distance from Baltimore, are more valuable than this. It is of the first quality as to soil, heavily timbered, and nearly the one half of it well adapted to timothy meadow; the residue equally well adapted to the raising of wheat, rye, oats, &c. The one-fifth of the purchase money will be required in hand, the residue in five annual payments. Mr. Grant will show the above land to any person who should be inclined to purchase.
